and mnemonic cartoons clarify essential nursing concepts and offer a visual way for you to remember key facts for the NCLEX exam. Answers and rationales are provided for every practice question. Unique An integrated systems approach incorporates pediatric adult and older adult lifespan considerations in each body system chapter. Unique Mnemonic cartoons provide a fun easy way to review and remember key nursing concepts. A full color user friendly design enhances content and helps you quickly locate special features. Appendixes for each chapter summarize medications and nursing procedures for quick reference. Practice questions at the end of each chapter and on the companion CD 2 020 in all provide a wealth of NCLEX examination preparation in both print and electronic formats. The companion CD features practice questions available in both study and quiz exam modes that are divided by content area and allow you to create a customized review experience based on your personal study needs. Electronic alternate item format questions on the CD such as priority drag and drop and hot spot illustrated point and click questions prepare you for the interactive question types you ll encounter on the computerized NCLEX examination. Answers and rationales for all review questions help you understand why correct answers are right and incorrect options are wrong. An Alert feature highlights key nursing concepts frequently found on the NCLEX examination. Separate chapters on pharmacology and nursing management help you focus on these areas of emphasis on the NCLEX examination. Additional practice questions raise the total to 2 020 in the book and on the companion CD. More figures charts and cartoons further illustrate important anatomy procedures and disease processes. Application and analysis questions challenge you to use your critical thinking skills and closely mirror the types of questions on the NCLEX RN examination. UNIQUE A pediatric disorders icon makes it easy to distinguish pediatric disorders from adult disorders in chapters with system integrated content. The detailed table of contents includes disorder headings to help you quickly find information on specific disorders within system integrated content.

Focus on Adult Health Linda Honan, 2018-01-25

Focus on Adult Health Medical Surgical Nursing 2E separates the wheat from the chaff by drilling down to the essential content that students need to know. This book provides the foundation of medical surgical nursing with core content values and skills. Focus on Adult Health Medical Surgical Nursing 2E is not designed to answer every question related to internal medical and surgical care. Instead the intentional design of the book is to give depth and breadth to the essentials. Written by nurses active in clinical practice these expert clinicians know what qualifies as need to know content. This book includes rigorously researched current references and innovative technologies.
