Edmonston, 2011-04-25 A guide to buying a used car or minivan features information on the strengths and weaknesses of each model a safety summary recalls warranties and service tips Lemon-Aid Used Cars and Trucks 2012-2013 Phil

Edmonston, 2012-05-19 Lemon Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market U S automakers are suddenly awash in profits and South Koreans and Europeans have gained market shares while Honda Nissan and Toyota have curtailed production following the 2011 tsunami in Japan Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012 so what should a savvy buyer do The all new Lemon Aid Used Cars and Trucks 2012 2013 has the answers including More vehicles rated with some redesigned models that don't perform as well as previous iterations downrated More roof crash worthiness ratings along with an expanded cross border shopping guide A revised summary of safety and performance related defects that are likely to affect rated models More helpful websites listed in the appendix as well as an updated list of the best and worst beaters on the market More secret warranties taken from automaker internal service bulletins and memos than ever *Lemon-Aid Used Cars and Trucks 2009-2010* Phil Edmonston, 2009-02-16 For the first time in one volume Phil Edmonston Canada's automotive Dr Phil covers all used vehicles packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years

The New Domestic

Automakers in the United States and Canada A.J. Jacobs, 2015-12-16 Over the past forty years state provincial and local governments in the United States and Canada have provided foreign automakers with approximately 4 80 billion in incentives in order to lure light vehicles assembly plants to their areas This has included tax abatements infrastructure construction land giveaways job training programs and other subsidies As of early 2015 ten foreign vehicle makers operated 20 light vehicles in developed North America Despite the fact that all ten of these automakers have pursued a similar pattern first exporting vehicles into the United States and Canada before launching vehicle plants in developed North America each has followed its own specific historical development path and has created its own unique growth trajectory This book provides a

unique historical and qualitative review of these ten vehicle makers from their early beginnings to their export entry into the United States and or Canada through early 2015 In addition it chronicles the histories of more than a dozen former automakers and potential future foreign light motor vehicle assembly plants in the United States and Canada This includes the first foreign automaker to build its cars in the United States De Dion Bouton of France in July 1900 the early 20th Century endeavors of Fiat Mercedes and Rolls Royce and the present day hopes of Chinese and Indian automakers In the process the text also provides an assessment of the top competing states and sites for any future plants the possible incentives packages governments may offer to attract such facilities and an estimated incentive value for each automaker Overall the goal of this book is to expand the knowledge of policymakers at all tiers of government in the United States and Canada and to help them take a more holistic look at the pros and cons of attracting Automobile Manufacturing FDI It is hoped that this will enable them to make more informed decisions when pursuing a new foreign motor vehicle assembly plant Its findings should also prove informative to urban and regional planning political science sociology economics labor and international development scholars and students in North America and worldwide
