Trump And The Puritans James Roberts, Martyn Whittock, 2020-01-14 The year 2020 is a hugely significant one for the United States of America marking as it does the 400th anniversary of the arrival of the Mayflower Pilgrims to the New World and their establishment of a godly colony in what was for them the American wilderness But it is also the year of the next Presidential election one where the current occupant is expected to stand for re election Many millions of Americans will not see this as a random juxtaposition of events since for them the unlikely person of Donald Trump is the one chosen by God to implement a twenty first century programme of godly rule and the restoration of American spiritual exceptionalism that is directly rooted in those far off times when Puritan settlers who followed in 1630 first established a semi theocratic New Jerusalem in the New World The USA is the home of more Christians than any other nation on earth In 2014 research revealed that 70.6 per cent of Americans identified as Christians of some form with 25.4% identifying as Evangelicals Eighty one per cent of them around 33.7 million people voted Trump in 2016 How can it be that self described Christians of the Evangelical Religious Right see of all people Donald Trump as their political representative and thus defender of their cause Trump and the Puritans argues that while Donald Trump is no Puritan the long term influence of these 17th century radicals makes the USA different from any other Western democracy and that this influence motivates and energizes a key element of his base to an astonishing degree and has played a major part in delivering political power to Trump **Still Standing**
