Burger e Michael Starbird Shortcut Edition, Leggendo questo riassunto imparerete a pensare e ad agire in modo più efficace per realizzare i cambiamenti che desiderate nella vostra vita. Imparerete anche a tornare alle origini, uscire da situazioni che a prima vista sembrano senza speranza, essere più perspicaci, migliorare la vostra creatività, pensare come un genio, cambiare. Albert Einstein, Marie Curie, i padri fondatori degli Stati Uniti, William Shakespeare e persino J. K. Rowling sono esempi di quelli che comunemente vengono definiti geni. Our conversations may be full of requests and demands but all too often we are not asking for honest and informative answers and we don't know how to listen effectively to responses. When leaders start encouraging questions from their teams, however, they begin to see amazing results. Knowing the right questions to ask and the right way to listen will give any leader the skills to perform well in any situation, effectively communicate a vision to the team, and achieve lasting success across the organization. Thoroughly revised and updated, *Leading with Questions* will help you encourage participation and teamwork, foster outside-the-box thinking, empower others, build relationships with customers, solve problems, and more. Michael Marquardt reveals how to determine which questions will lead to solutions to even the most challenging issues. He outlines specific techniques of active listening and follow-up and helps you understand how questions can improve the way you work with individuals, teams, and organizations. This new edition of *Leading with Questions* draws on interviews with thirty leaders, including eight whose stories are new to this edition. These interviews tell stories from a range of countries including Singapore, Guyana, Korea, and Switzerland, and feature case studies from prominent firms such as DuPont, Alcoa, Novartis, and Cargill. A new chapter on problem solving will help you apply questions to your toughest situations as a leader, and a new Questions for Reflection section at the end of each chapter will help you bring Marquardt's message into all of your work as a leader. Now more than ever, *Leading with Questions* is the definitive guide for becoming a stronger leader by identifying and asking the right questions.
