The Age Of Reason:

The age of reason Thomas Paine,1818 **The Age of Reason** Thomas Paine,1957 **The Age of Reason** Thomas Paine,2023-12-05 A major actor in the American Revolution the English intellectual Thomas Paine 1737 1809 is best remembered for his pamphlet Common Sense 1776 which advocated American independence from Britain Although accorded honorary French citizenship in 1792 for his republican Rights of Man Paine was later imprisoned and narrowly escaped the guillotine It was around this time that he started to write The Age of Reason originally published in two parts between 1794 and 1795 In Part 1 Paine outlines his personal religious views and attacks institutional faith as a human invention while Part 2 analyses the Bible and highlights its contradictions The work was met with great hostility in Britain and denounced as espousing atheism while in America it led to a short lived revival of deism but was also much reviled This reissue includes both parts and affords valuable insight into radical freethinking during the age of revolutions

MISSIONS AND REVELATION Every national church or religion has established itself by pretending some special mission from God communicated to certain individuals The Jews have their Moses the Christians their Jesus Christ their apostles and saints and the Turks their Mahomet as if the way to God was not open to every man alike Each of those churches shows certain books which they call revelation or the Word of God The Jews say that their Word of God was given by God to Moses face to face the Christians say that their Word of God came by divine inspiration and the Turks say that their Word of God the Koran was brought by an angel from heaven Each of those churches accuses the other of unbelief and for my own part I disbelieve them all As it is necessary to affix right ideas to words I will before I proceed further into the subject offer some observations on the word revelation Revelation when applied to religion means something communicated immediately from God to man

The Age of Reason Original Edition(Annotated) Thomas Paine,2021-03-30 The Age of Reason by Thomas Paine is subtitled Being an Investigation of the True and Fabulous Theology which though often excluded when discussing the work provides a snapshot of Paine s focus Thomas Paine was a political activist in both England and America active in the eighteenth and nineteenth centuries He is known for following and promoting Deism Deists believed that the Christian Church was corrupt bent on seizing political power Originally published in three parts The Age of Reason became a bestseller in the United States It wasn t as popular in England however because of fears following the French Revolution The main title of the work stems from Paine s desire that his readers should replace revelation with reason He didn t believe in miracles and thought of the Bible as nothing more than a literary work Previously Paine had written many works in praise of Deism but they were only available to an elite group who had a certain level of education and wealth Paine s style in The Age of Reason was more accessible to the public Not only was the style more accessible but also the book itself was less expensive than many of his previous works on the topic Historically when part I of The Age of Reason was published the French Revolution had caused a wave of disillusionment among the masses The Reign of Terror was well under way and Louis XVI and Marie Antoinette had already been executed Britain and France were at war and anyone in Britain still supporting the French Revolution was untrustworthy Thomas Paine because of works such as The Age of Reason fell into that category Paine s works led to his fleeing England to set sail for France specifically part II of Rights of Man led to this move after it was declared seditious There he wrote the first part of The Age of Reason in response to the secularism and atheism that had gripped the French Revolution Despite the fact that the French inspired this work Paine dedicated it to his Fellow Citizens of the United States of America France didn t prove a safe haven for him either he was imprisoned there for ten months because the Jacobins thought him too moderate He was nearly executed by guillotine but managed to escape that fate After his release and despite poor health Paine began work on part II of The Age of Reason Following the success of part II Paine left France for the United States where he wrote part III titled The Age of Reason An Examination of the Passages in the New Testament Quotes from the Old and Called Prophecies Concerning Jesus Christ Thomas Jefferson convinced him not to publish this third part in 1802 but Paine did so anyway five years later Part I of The Age of Reason outlines Paine s own beliefs He writes that he believes in one God and the equality of man He believes that one s religious duties require justice mercy and making others happy He goes on to say that he doesn t believe in the creeds professed by any church and that his mind is his church all other churches that he knows of are devices

created by man to enslave others while monopolizing power to turn a profit He then attacks revelation According to Paine the fact that a revelation can only be confirmed by the one who experienced it is insufficient evidence for its truth and God's existence Because he believes in a creator God Paine urges his readers to rely instead on reason and look to the natural world for evidence of God's existence The Age of Reason continues to use the Bible's words against itself Paine examines the book as a work of literature and nothing more testing its consistency and finding it wanting He also tests its historical accuracy and determines the book was not inspired by the divine Paine turns his discussion toward religion and the state highlighting the lust for power that grips institutions and its priests pointing out the Church's oppression of scientific
