The Aztecs A Very Short Introduction:

The Aztecs David Carrasco,2012-01-26 Illuminates the complexities of Aztec life Readers meet a people highly skilled in sculpture astronomy city planning poetry and philosophy who were also profoundly committed to cosmic regeneration through the thrust of the ceremonial knife and through warfare The Aztecs: A Very Short Introduction David Carrasco,2011-07-15 This book presents a very short introduction to the Aztecs using interpretive tools from religious studies and anthropology to uncover the paradox of Aztec life on the one hand a people highly skilled in sculpture astronomy city planning poetry and philosophic rhetoric while on the other hand a people profoundly committed to cosmic regeneration through the thrust of the ceremonial knife and warfare **The Aztecs** Henry Freeman,2019-05-20 The Aztec Empire did not recoil from the face of an impending doom they struggled faithfully Destined to emerge from their humble beginnings it grew into a highly complex devoted civilization refusing to live at the mercy of more neighboring powerful rulers Their powerful pochteca combed the valley for luxury items while markets dotted their lands Inside you will find Introduction How the Aztecs Are Portrayed and How Their History Survives Defining Moments and their Search to Expand and Save the World Their Philosophy its Impact on Social Life and How it Served the Kings Conclusion Isolated from the Old World until the devastating Spanish conquest the Aztec m c hualtin commoners and nobles enhanced their positions while kings and relentless warriors dealt with the political realities of powerful dynasties and rivaling kingdoms They developed a philosophy an order and a society built on loyalty stoic honor and sacrifice as they embraced the temporary nature of things Investigate the era of the Fifth Sun and what defined the Aztecs and their relationship with the divine *The Trojan War: A Very Short Introduction* Eric H. Cline,2013-04-12 The Iliad Homer s epic tale of the abduction of Helen and the decade long Trojan War has fascinated mankind for millennia Even today the war inspires countless articles and books extensive archaeological excavations movies television documentaries even souvenirs and collectibles But while the ancients themselves believed that the Trojan War took place scholars of the modern era have sometimes derided it as a piece of fiction Combining archaeological data and textual analysis of ancient documents this Very Short Introduction considers whether or not the war actually took place and whether archaeologists have really discovered the site of ancient Troy To answer these questions archaeologist and ancient historian Eric H Cline examines various written sources including the works of Homer the Epic Cycle fragments from other now lost Greek epics classical plays and Virgil s Aeneid Throughout the author tests the literary claims against the best modern archaeological evidence showing for instance that Homer who lived in the Iron Age for the most part depicted Bronze Age warfare with accuracy Cline also tells the engaging story of the archaeologists Heinrich Schliemann and his successors Wilhelm D rpfeld Carl Blegen and Manfred Korfmann who found the long vanished site of Troy through excavations at Hisarlik Turkey Drawing on evidence found at Hisarlik and elsewhere Cline concludes that a war or wars in the vicinity of Troy probably did take place during the Late Bronze Age forming the nucleus of a story that was

handed down orally for centuries until put into final form by Homer But Cline suggests that even allowing that a Trojan War took place it probably was not fought because of Helen's abduction though such an incident may have provided the justification for a war actually fought for more compelling economic and political motives About the Series Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable

The American West: A Very Short Introduction Stephen Aron, 2014-12-09 Part geographical location part time period and part state of mind the American West is a concept often invoked but rarely defined Though popular culture has carved out a short and specific time and place for the region author and longtime Californian Stephen Aron tracks the West from the building of the Cahokia Mounds around 900 AD to the post World War II migration to California His Very Short Introduction stretches the chronology enlarges the geography and varies the casting providing a history of the American West that is longer larger and more complicated than popular culture has previously suggested It is a history of how portions of North America became Wests how parts of these became American and how ultimately American Wests became the American West Aron begins by describing the expansion of Indian North America in the centuries before and during its early encounters with Europeans He then explores the origins of American westward expansion from the Seven Years War to the 1830s focusing on the western frontier at the time the territory between the Appalachian Mountains and the Mississippi River He traces the narrative temporally and geographically through the discovery of gold in California in the mid nineteenth century and the subsequent rush to the Pacific Slope He shows how the passage of the Newlands Reclamation Act in 1902 brought an unprecedented level of federal control to the region linking the West more closely to the rest of the United States and how World War II brought a new rush of population particularly to California further raising the federal government's profile in the region and heightening the connections between the West and the wider world Authoritative lucid and ranging widely over issues of environment people and identity this is the American West stripped of its myths The complex convergence of peoples politics and cultures that has decisively shaped the history of the American West serves as the key interpretive thread through this Very Short Introduction

ABOUT THE SERIES

The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts

analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *The European Union: A Very Short Introduction* John Pinder, Simon Usherwood, 2013-07-25 John Pinder and Simon Usherwood explain the EU in plain readable English They show how and why it has developed how the institutions work and what it does from the single market to the euro and from agriculture to the environment *The Palestinian-Israeli Conflict: A Very Short Introduction* Martin P. Bunton, 2013-08-29 The conflict between Palestine and Israel is one of the most highly publicized and bitter struggles of modern times a dangerous tinderbox always poised to set the Middle East aflame and to draw the United States into the fire In this accessible and stimulating Very Short Introduction Martin Bunton provides a clear and fair exploration of the political conflict between the two nations looking at the historical basis of the struggle how and why partition has been so difficult and how efforts to restore peace continue today ***The History of Mathematics: A Very Short Introduction*** Jacqueline Stedall, 2012-02-23 In this Very Short Introduction Jacqueline Stedall explores the rich historical and cultural diversity of mathematical endeavour from the distant past to the present day using illustrative case studies drawn from a range of times and places including early imperial China the medieval Islamic world and nineteenth century Britain ***The History of Chemistry: A Very Short Introduction*** William H. Brock, 2016-01-28 From man's first exploration of natural materials and their transformations to today's materials science chemistry has always been the central discipline that underpins both the physical and biological sciences as well as technology In this Very Short Introduction William H Brock traces the unique appeal of this fundamental science throughout history Covering alchemy early modern chemistry pneumatic chemistry and Lavoisier's re-interpretation of chemical change the rise of organic and physical chemistry and the transforming power of synthesis Brock explores the extraordinary and often puzzling transformations of natural and artificial materials as well as the men and women who experimented speculated and explained matter and change ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *The Ancient Near East: A Very Short Introduction* Amanda H. Podany, 2014 This book explores the lands of the ancient Near East from around 3200 BCE to 539 BCE The earth shaking changes that marked this era include such fundamental inventions as the wheel and the plow and intellectual feats such as the inventions of astronomy law and diplomacy *The Cultural Revolution: A Very Short Introduction* Richard Curt Kraus, 2012-01-06 China's decade long Great Proletarian Cultural Revolution shook the politics of China and the world Even as we approach its fiftieth anniversary the movement remains so contentious that the Chinese Communist Party still forbids fully open investigation of its origins development and conclusion Drawing upon a vital trove of scholarship memoirs and popular culture this Very Short Introduction illuminates this complex often obscure and still controversial movement Moving beyond the figure of Mao

Zedong Richard Curt Kraus links Beijing's elite politics to broader aspects of society and culture highlighting many changes in daily life employment and the economy Kraus also situates this very nationalist outburst of Chinese radicalism within a global context showing that the Cultural Revolution was mirrored in the radical youth movement that swept much of the world and that had imagined or emotional links to China's red guards Yet it was also during the Cultural Revolution that China and the United States tempered their long hostility one of the innovations in this period that sowed the seeds for China's subsequent decades of spectacular economic growth

Mao: A Very Short Introduction Delia Davin, 2013-04-25 As a giant of 20th century history Mao Zedong played many roles peasant revolutionary patriotic leader against the Japanese occupation Marxist theoretician modernizer and visionary despot This Very Short Introduction chronicles Mao's journey from peasant child to ruler of the most populous nation on Earth He was a founder of both the Chinese Communist Party and the Red Army and for many years he fought on two fronts for control of the Party and in an armed struggle for the Party's control of the country His revolution unified China and began its rise to world power status He was the architect of the Great Leap Forward that he hoped would make China both prosperous and egalitarian but instead ended in economic disaster resulting in millions of deaths It was Mao's growing suspicion of his fellow leaders that led him to launch the Cultural Revolution and his last years were dogged by ill health and his despairing attempts to find a successor whom he trusted Delia Davin provides an invaluable introduction to Mao showing him in all his complexity ruthless brutal and ambitious a man of enormous talent and perception yet a leader who is still detested by some and venerated by others

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Reality: A Very Short Introduction Jan Westerhoff, 2011-11-24 What is real has been one of the key questions of philosophy since its beginning in antiquity But it is not just a question that philosophers ask This Very Short Introduction discusses what reality is by looking at a variety of arguments theories and thought experiments from philosophy physics and cognitive science

Judaism: A Very Short Introduction Norman Solomon, 2014-08-28 Norman Solomon's succinct book is an ideal introduction to Judaism as a religion and way of life Demonstrating the diverse nature and ethnic origin of those with the Jewish faith Solomon explores how the Jewish religion has developed in the 2 000 years since the days of the Bible This Very Short Introduction starts by outlining the basics of practical Judaism its festivals prayers customs and various sects and goes on to consider how Judaism has responded to and dealt with a number of key issues and debates including the impact of the Holocaust and the establishment of the State of Israel In this new edition Solomon considers issues of contemporary Judaism in the twenty first century

God: A Very Short Introduction John Bowker, 2014-09-25 Who or what is God How do different religions interpret God s existence How can we know God Many people believe in God not just throughout history but also in the present day But who or what is it they believe in Many different and sometimes conflicting answers have been suggested to this question This Very Short Introduction explores some of the answers provided by philosophers poets and theologians and considers why some people believe in God and others do not John Bowker explores how the major religions established their own distinctive beliefs about God and how they interpret God s existence and concludes by looking at how our understanding of God continues to evolve ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Romanticism: A Very Short Introduction Michael Ferber, 2010-09-23 The only short introduction to Romanticism that incorporates not only the English but the Continental movements and not only literature but music art religion and philosophy publisher description

Astrobiology: A Very Short Introduction David C. Catling, 2013-10-24 Astrobiologists study the origin and evolution of life on Earth and the possibility of life beyond Earth a question that has fascinated scientists for hundreds of years In this Very Short Introduction David C Catling introduces the latest scientific understanding of astrobiology incorporating aspects of microbiology geology and astronomy

Philosophy in the Islamic World: A Very Short Introduction Peter Adamson, 2015-09-24 In the history of philosophy few topics are so relevant to today s cultural and political landscape as philosophy in the Islamic world Yet this remains one of the lesser known philosophical traditions In this Very Short Introduction Peter Adamson explores the history of philosophy among Muslims Jews and Christians living in Islamic lands from its historical background to thinkers in the twentieth century Introducing the main philosophical themes of the Islamic world Adamson integrates ideas from the Islamic and Abrahamic faiths to consider the broad philosophical questions that continue to invite debate What is the relationship between reason and religious belief What is the possibility of proving God s existence What is the nature of knowledge Drawing on the most recent research in the field this book challenges the assumption of the cultural decline of philosophy and science in the Islamic world by demonstrating its rich heritage and overlap with other faiths and philosophies

Latin America in Colonial Times Matthew Restall, Kris Lane, 2018-06-14 Few milestones in human history are as momentous as the meeting of three great civilizations on American soil in the sixteenth century The fully revised textbook *Latin America in Colonial Times* presents that story in an engaging but informative new package revealing how a new civilization and region Latin America emerged from that encounter The authors give equal attention to the Spanish and Portuguese conquerors and settlers to the African slaves they brought across the Atlantic and to the indigenous peoples whose lands were invaded From the dawn of empires in

the fifteenth century through the conquest age of the sixteenth and to the end of empire in the nineteenth the book combines broad brushstrokes with anecdotal details that bring the era to life This new edition incorporates the newest scholarship on Spain Portugal and Atlantic Africa in addition to Latin America itself with indigenous and African views and women s experiences and contributions to colonial society highlighted throughout *In the Shadow of Quetzalcoatl* Merilee Grindle, 2023-11-07 The first biography of Zelia Nuttall 1857 1933 a pioneering Mexican American anthropologist whose work on Aztec cosmology and mastery of ancient codices helped shape our understanding of pre Columbian Mexico Grindle captures the appeal and contradictions of this trailblazing woman who brought a new rigor to the study of ancient civilizations

The book delves into The Aztecs A Very Short Introduction. The Aztecs A Very Short Introduction is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into The Aztecs A Very Short Introduction, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to The Aztecs A Very Short Introduction
 - Chapter 2: Essential Elements of The Aztecs A Very Short Introduction
 - Chapter 3: The Aztecs A Very Short Introduction in Everyday Life
 - Chapter 4: The Aztecs A Very Short Introduction in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of The Aztecs A Very Short Introduction. The first chapter will explore what The Aztecs A Very Short Introduction is, why The Aztecs A Very Short Introduction is vital, and how to effectively learn about The Aztecs A Very Short Introduction.
3. In chapter 2, the author will delve into the foundational concepts of The Aztecs A Very Short Introduction. This chapter will elucidate the essential principles that need to be understood to grasp The Aztecs A Very Short Introduction in its entirety.
4. In chapter 3, the author will examine the practical applications of The Aztecs A Very Short Introduction in daily life. This chapter will showcase real-world examples of how The Aztecs A Very Short Introduction can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of The Aztecs A Very Short Introduction in specific contexts. This chapter will explore how The Aztecs A Very Short Introduction is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about The Aztecs A Very Short Introduction. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of The Aztecs A Very Short Introduction.
