Coconut Planter's Manual, Or All about "the Coconut Palm" (Cocos Nucifera) John Ferguson, 1907 Technical Manual United States. War Department, 1944 Wisconsin Pesticide Applicator Training Manual Steve Tomasko, 2008

Guide to the Study and Reading of American History Edward Channing, Albert Bushnell Hart, Frederick Jackson Turner, 1896 *African American Lives* Henry Louis Gates, Evelyn Brooks Higginbotham, 2004-04-29 The first book of its kind since 1982's *Dictionary of American Negro Biography* *African American Lives* leads us into a new era of African American biographical scholarship In collaboration with Oxford University Press and the American Council of Learned Societies and with contributions from over four hundred scholars and experts in many fields the editors and their staff at the W E B Du Bois Institute for African and African American Research at Harvard University have collected in this single volume the lives of many of the most important and most interesting names in African American history **BOOK JACKET** *Coffee* Randal G. Stewart, 2021-11-18 Using the latest available data Dr Stewart provides a critical historical study of the exploitation of a major agricultural resource by a developing country It traces the political economy of Papua New Guinea's coffee industry from its pre independence origins *Zombie History* Peter Charles Hoffer, 2020-01-02 Fake history is not a harmless mistake of fact or interpretation It is a mistake that conceals prejudice a mistake that discriminates against certain kinds of people a mistake held despite a preponderance of evidence a mistake that harms us Fake history is like the Zombies we see in mass media for the fake fact like the fictional Zombie lives by turning real events and people into monstrous perversions of fact and interpretation Its pervasiveness reveals that prejudice remains its chief appeal to those who believe it Its effect is insidious because we cannot or will not destroy those mischievous lies Zombie history is almost impossible to kill Some Zombie history was and is political a genre of what Hannah Arendt called organizational lying about the past Its makers designed the Zombie to create a basis in the false past for particular discriminatory policies Other history Zombies are cultural They encapsulate and empower prejudice and stereotyping Still other popular history Zombies do not look disfigured but like Zombies walk among us without our realizing how devastating their impact can be *Zombie History* argues that whatever their purpose whatever the venue in which they appear history Zombies undermine the very foundations of disinterested study of the past **Forward Without Fear** Derek Taira, 2024-06 During Hawai'i's territorial period 1900-1959 Native Hawaiians resisted assimilation by refusing to replace Native culture identity and history with those of the United States By actively participating in U S public schools Hawaiians resisted the suppression of their language and culture subjection to a foreign curriculum and denial of their cultural heritage and history which was critical for Hawai'i's political evolution within the manifest destiny of the United States In *Forward without Fear* Derek Taira reveals that many Native Hawaiians in the first forty years of the territorial period neither subscribed nor succumbed to public schools' aggressive efforts to assimilate and Americanize them but instead engaged with American education to envision and support

an alternate future one in which they could exclude themselves from settler society to maintain their cultural distinctiveness and protect their Indigenous identity Taira thus places great emphasis on how they would have understood their actions as flexible and productive steps for securing their cultural sovereignty and safeguarding their future as Native Hawaiians and reshapes historical understanding of this era as one solely focused on settler colonial domination oppression and elimination to a more balanced and optimistic narrative that identifies and highlights Indigenous endurance resistance and hopefulness

Contagion and Enclaves Nandini Bhattacharya, 2012-11-20 Contagion and Enclaves studies the social history of medicine within two intersecting enclaves in colonial India the hill station of Darjeeling which incorporated the sanitarian and racial norms of the British Raj and in the adjacent tea plantations of North Bengal which produced tea for the global market **The Publishers' Circular and General Record of British and Foreign Literature**, 1889 *Wallaces*

Farmer, 1994 *Circular* United States. War Department, **The American Dreams of John B. Prentis, Slave Trader** Kari J. Winter, 2011 As a young man John B Prentis 1788 1848 expressed outrage over slavery but by the end of his life he

had transported thousands of enslaved persons from the upper to the lower South Kari J Winter's life and times portrayal of a slave trader illuminates the clash between two American dreams one of wealth the other of equality Prentis was born into a prominent Virginia family His grandfather William Prentis emigrated from London to Williamsburg in 1715 as an indentured servant and rose to become the major shareholder in colonial Virginia's most successful store William's son Joseph became a Revolutionary judge and legislator who served alongside Thomas Jefferson Patrick Henry and James Madison Joseph Jr followed his father's legal career whereas John was drawn to commerce To finance his early business ventures he began trading in slaves In time he grew besotted with the high stakes trade appeasing his conscience with the populist platitudes of Jacksonian democracy which aggressively promoted white male democracy in conjunction with white male supremacy Prentis's life illuminates the intertwined politics of labor race class and gender in the young American nation Participating in a revolution in the ethics of labor that upheld Benjamin Franklin as its icon he rejected the gentility of his upbringing to embrace solidarity with mechanics white working class men His capacity for admirable thoughts and actions complicates images drawn by elite slaveholders who projected the worst aspects of slavery onto traders while imagining themselves as benign patriarchs This is an absorbing story of a man who betrayed his innate sense of justice to pursue wealth through the most vicious forms of human exploitation
