Trainor ,Teija Kujala,2024-08-23 Infants have astonishingly sophisticated abilities to process speech and music It is as if many of the higher order capabilities such as regularity detection auditory stream segregation statistical learning and rhythm processing are already present at birth or

develop quite early during infancy while some simple abilities such as feature discrimination show a much longer developmental trajectory. These higher order abilities also provide the basis of further cognitive, emotional and social development as they form the basis for communicating and thus learning from caretakers and peers. Therefore understanding the underlying processes is a prime goal of developmental psychology and neuroscience and it is also essential for creating early interventions for atypically developing infants such as designing training protocols for infants at risk of auditory developmental deficits.

Z epistemologického hlediska jsou všechny studie zahrnuté do této publikace pevně spjaté s funkční strukturalistickou tradicí. Praskoly, které je přirozeně obohacena o moderní postupy ze světové lingvistiky. This monograph deals with English academic discourse and focuses on some of its constitutive features. Although a variety of particular topics are addressed, the volume is largely centred on three standards of textuality: namely, intertextuality, coherence and informativity. In this book, all these standards meet in the Global Theme, which is grasped here uniquely as a cluster of relevant features embodied by the titles, lists of keywords and their in-text use and further developed through diverse academic subgenres through paragraph themes and enhanced by integrating relevant citations. This monograph explores written academic discourse exclusively. It is firmly established on the systematic investigation of authentic data drawn from the discourse of the humanities. The book profiles stylistic, text, linguistic and discourse analyses employing a range of relevant theories, including the Functional Sentence Perspective, and thus indirectly verifying their viability. All the chapters provide quantitative as well as qualitative analyses of data, striving to achieve an appropriate balance and to interpret the findings functionally. From the epistemological viewpoint, all of the studies involved in the monograph are rooted in the Prague functionalist tradition, naturally enriched by modern approaches from world linguistics.
