Hope and Fear Ronald H. Fritze, 2022-04-18 *A myth busting journey through the twilight world of fringe ideas and alternative facts Is a secret and corrupt Illuminati conspiring to control world affairs and bring about a New World Order Was Donald Trump a victim of massive voter fraud Is Elizabeth II a shapeshifting reptilian alien Who is doing all this plotting* In *Hope and Fear* Ronald H Fritze explores the fringe ideas and conspiracy theories people

have turned to in order to make sense of the world around them from myths about the Knights Templar and the Ten Lost Tribes of Israel to Nazis and the occult the Protocols of Zion and UFOs As Fritze reveals when conspiracy theories myths and pseudo history dominate a society's thinking facts reality and truth fall by the wayside God: An Anatomy Francesca Stavrakopoulou, 2022-01-25 An astonishing and revelatory history that re presents God as he was originally envisioned by ancient worshippers with a distinctly male body and with superhuman powers earthly passions and a penchant for the fantastic and monstrous A rollicking journey through every aspect of Yahweh's body from top to bottom yes that too and from inside out Ms Stavrakopoulou has almost too much fun The Economist The scholarship of theology and religion teaches us that the God of the Bible was without a body only revealing himself in the Old Testament in words mysteriously uttered through his prophets and in the New Testament in the body of Christ The portrayal of God as corporeal and masculine is seen as merely metaphorical figurative or poetic But in this revelatory study Francesca Stavrakopoulou presents a vividly corporeal image of God a human shaped deity who walks and talks and weeps and laughs who eats sleeps feels and breathes and who is undeniably male Here is a portrait arrived at through the author's close examination of and research into the Bible of a god in ancient myths and rituals who was a product of a particular society at a particular time made in the image of the people who lived then shaped by their own circumstances and experience of the world From head to toe and every part of the body in between this is a god of stunning surprise and complexity one we have never encountered before **Anunnaki Gods in Exile** ISHMAEL NINGISHZIDA, During the Sumerian era intelligent and talented individuals lived in the southern Iraq region Scholars think that the earliest known human civilization emerged suddenly unexpectedly and with remarkable abruptness in the fertile plain watered by the Euphrates and Tigris rivers roughly 6 000 years ago It was a civilization to which we owe nearly all the Firsts that we believe are necessary for a developed society such as the wheel and methods of transportation on wheels brick which is used to build and continues to be used to build large structures and furnaces and kilns which are essential to industries ranging from baking to metallurgy Sumer is credited with creating writing and record keeping astronomy mathematics towns and urban civilizations kingships and laws temples and priests calendars festivals recipes art and artifacts They were the first to record and explain historical events and tell stories about their gods by displaying exquisite sculptures and statuettes at holy sites Over the last 150 years several individuals have gained and evaluated scattered Mesopotamian archaeological objects to compile a comprehensive inventory The names of the academics who made the voyage possible may be seen on many markers along the route that elevated ancient Sumer from obscurity to reverence We will cover a few individuals who worked in diverse locations In the last 150 years archaeology and studying ancient languages have made this workable **The Old Testament and God (Old Testament Origins and the Question of God Book #1)** Craig G. Bartholomew, 2022-12-13 Southwestern Journal of Theology 2022 Book of the Year Award Biblical Studies Craig Bartholomew's The Old Testament and God is the first volume in his ambitious four volume project which seeks

to explore the question of God and what happens to Old Testament studies if we take God and his action in the world seriously Toward this end he proposes a post critical paradigm shift that recenters study around God The intent is to do for Old Testament studies what N T Wright s Christian Origins and the Question of God series has done for New Testament studies Bartholomew proposes a much needed holistic narrative approach showing how the Old Testament functions as Christian Scripture In so doing he integrates historical literary and theological methods as well as a critical realist framework Following a rigorous analysis of how we should read the Old Testament he goes on to examine and explain the various tools available to the interpreter He then applies worldview analysis to both Israel and the surrounding nations of the ancient Near East The volume concludes with a fresh exegetical exploration of YHWH the living and active God of the Old Testament Subsequent volumes will include Moses and the Victory of Yahweh The Old Testament and the People of God and The Death and Return of the Son
