Together We Equip Jody Dean, Hal Stewart, 2018-02-23 In *Together We Equip* you will discover the biblical foundation for equipping others. Equipping others in ministry is a process you bring with you as the leader. It's both personal and public. It's you as an individual and your church. This book will challenge you to take responsibility to grow spiritually, engage the culture, and share the gospel. Further, you will discover the impact of discipleship in the local church by examining mentoring small groups and preaching as relevant means to equip others. In the later chapters of the book, seasoned church ministry leaders with years of experience in making disciples through equipping ministry of the local church share many practical ways to equip others and lead church ministries: children's ministry, youth ministry, collegiate ministry, men's and women's ministry, adult and senior adult ministries. Many ministry leaders do not know how to make disciples. They know, accept, and believe the Great Commission, Matt 28:19-20. Yet they struggle with practical approaches and methods to carry out a viable equipping ministry. The book will help you elevate the importance of personal growth, making disciples, and assist you to align your age, graded, and gender-based ministry leadership development.

Vodou and Christianity in Interreligious Dialogue Celucien L. Joseph, Charlene Desir, Lewis A. Clormeus, 2023-10-30. *Vodou and Christianity in Interreligious Dialogue* addresses both historical factors and ideological issues that created antagonism and conflict between Christians and Vodouists in Haiti. The book offers practical solutions and strategies to help create a harmonious and peaceful environment between religious practitioners associated with Vodou and Christianity. Toward this goal, this volume considers various perspectives and theories such as autobiography, anthropology, ethnographic fieldwork, religious experience, and gender to examine the subject matter. This volume offers practical examples and resources on how to engage in interreligious dialogue and promote interreligious education in Haiti. There are three philosophical and practical ideas underlying this book project: 1) it is grounded on the belief that religion has value and it could bring social goods to different communities and enhance human

dignity and justice 2 it is premised on the idea that dialogue and cooperation are necessary for nation building and human development as democratic ideals and that one of the leading functions of the world s religious traditions is to promote both cooperation and dialogue through mutual understanding and for the common good and 3 that the power and public role of religion in society can be used as a major force of unification and peace building among divergent factions and schools of thought and to promote reconciliation mutual respect and friendship in the world *2005 College Handbook: More Than 3,600 4-year and 2-year Colleges* CollegeBoard,2004 Presents information on enrollment fields of study admission requirements expenses and student activities at two and four year colleges *Trinity University* Donald E.
