Smith and Hogan Criminal Law: Text and Materials David Ormerod, John Cyril Smith, Karl Laird, 2014 Criminal Law is written with the needs of the student foremost in mind to provide more than ever as modern and as comprehensive an exposition of the criminal law as he or she could possibly require *Smith & Hogan's Essentials of Criminal Law* John

Child, David Ormerod, 2015 *Smith and Hogan's Essentials of Criminal Law* combines the authority you would expect from a *Smith and Hogan* title with succinct coverage and a wealth of student friendly learning features to aid study **An Introduction to International Criminal Law and Procedure** Robert Cryer, 2010-05-27 This market leading textbook gives an authoritative account of international criminal law and the investigation and prosecution of crime and guides the reader through controversies with an accessible and sophisticated approach Now covers developments in the ICC victims rights alternatives to international criminal justice and has extended coverage of terrorism **Criminal Law** Josie Kemeys, 2019

Corporate Criminality and Liability for Fraud Alison Cronin, 2018-03-14 Through a rational reconstruction of orthodox legal principles and reference to cutting edge neuro science this book reveals some startling truths about the criminal law its history and the fundamental doctrines that underpin the attribution of criminal fault While this has important implications for the criminal law generally the focus of this work is the development of a theory of corporate criminality that accords with modern theory of group agency itself informed by advancements in contemporary philosophy and social science The innovation it proposes is the theoretical and practical means by which criminal fault can be attributed directly to the corporate actor where liability cannot or should not be reduced to its individual members **Legal Skills** Emily Finch, Stefan Fafinski, 2015 *Legal Skills* encompasses all the academic and practical legal skills vital to a law degree in one manageable volume It is an ideal text for the first year law student and a valuable resource for those studying law at any level **Smith, Hogan, and Ormerod's Criminal Law** David Ormerod, Karl Laird, 2018 *Smith Hogan Ormerod's Criminal Law* is rightly regarded as the leading doctrinal textbook on criminal law in England and Wales Published in its first edition over fifty years ago it continues to be a key text for undergraduates and an essential reference source for practitioners **Digital Evidence and Computer Crime** Eoghan Casey, 2011-04-20 Though an increasing number of criminals are using computers and computer networks few investigators are well versed in the issues related to digital evidence This work explains how computer networks function and how they can be used in a crime **Race Rights Reparations** Fernne Brennan, 2017-07-14 This book considers institutional racism as a problem that exists within modern societies Its roots lie with the transatlantic slave trade and slavery and the solution involves ridding society of the problem It is argued here that first there needs to be an acceptance of its existence then developing the tools needed to deal with it and finally to implement those tools so that institutional racism can be permanently removed from society The book has four themes the first considers the nature of institutional racism the second theme looks at instances of institutional racism through matters such as deaths in custody and skin lightening the third considers the concept of reparations and the final area looks at the development of social movements as a way of pushing institutional racism up the political agenda The development of a social movement is part of a social discourse which would for example push mentoring as a form of reparations There is a need for more research on the manifestations of institutional racism and this book is part of that discourse It is argued that

the legacy of the slave trade and slavery is continuing and contemporary through the presence of institutional racism in society This problem has not been addressed through legislation and policies devised to combat racial discrimination Institutional racism needs to be understood as being located in the processes and procedures of societal institutions The Fundamental Concept of Crime in International Criminal Law Iryna Marchuk, 2013-07-29 This book examines the rapid development of the fundamental concept of a crime in international criminal law from a comparative law perspective In this context particular thought has been given to the catalyzing impact of the criminal law theory that has developed in major world legal systems upon the crystallization of the substantive part of international criminal law This study offers a critical overview of international and domestic jurisprudence with regard to the construal of the concept of a crime actus reus mens rea defences modes of liability and exposes roots of confusion in international criminal law through a comprehensive comparative analysis of substantive criminal laws in selected legal jurisdictions

The Law and Practice on Disaster Issues Bamgbose, Oluyemisi A., 2018-02-20 The Law and Practice on Disaster Issues is the first and major publication in Nigeria to present legal materials from diverse fields of Law in a single volume on disaster issues The contributors are from universities in Nigeria the UK and South Africa The book contains fourteen chapters covering areas such as Disaster and International Law and law in Nigeria Rights of Children in Disaster Management Protecting Reproductive and Sexual Health Rights Dealing with Corporate Failures in Times of Economic Crisis Disability and Disaster Management The Tort of Cattle Trespass in Nigeria Averting a Looming Disaster and Resettlement in Disaster Affected Areas

Essays in Criminal Law in Honour of Sir Gerald Gordon James Chalmers, 2010-10-31 This collection of essays honours the work of Sir Gerald Gordon CBE QC LLD 1929 In modern times few if any individuals can have been as important to a single country's criminal law as Sir Gerald has been to the criminal law of Scotland His monumental work The Criminal Law of Scotland 1967 is the foundation of modern Scottish criminal law and is recognised internationally as a major contribution to academic work on the subject Elsewhere he has made significant contributions as an academic judge and as a member of the Scottish Criminal Cases Review Commission Reflecting the academic rigour and practical application of Sir Gerald's work this volume includes essays on criminal law theory substantive law and evidence and procedure by practitioners and academics within and outside of Scotland including contributions from England Ireland and the USA

Homicide in Criminal Law Alan Reed, Michael Bohlander, 2018-10-03 This volume presents a leading contribution to the substantive arena relating to homicide in the criminal law In broad terms the ambit of homicide standardisations in extant law is contestable and opaque This book provides a logical template to focus the debate The overall concept addresses three specific elements within this arena embracing an overarching synergy between them This edifice engages in an examination of UK provisions and in contrasting these provisions against alternative domestic jurisdictions as well as comparative contributions addressing a particularised research grid for content The comparative chapters provide a wider background of how other legal systems treat a variety of

specialised issues relating to homicide in the context of the criminal law The debate in relation to homicide continues apace for academics practitioners and within the criminal justice system Having expert descriptions of the wider issues surrounding the particular discussion and of other legal systems approaches serves to stimulate and inform that debate This collection will be a major source of reference for future discussion

The Right Not to be Criminalized Dennis J. Baker, 2016-02-24 This book presents arguments and proposals for constraining criminalization with a focus on the legal limits of the criminal law The book approaches the issue by showing how the moral criteria for constraining unjust criminalization can and has been incorporated into constitutional human rights and thus provides a legal right not to be unfairly criminalized The book sets out the constitutional limits of the substantive criminal law As far as specific constitutional rights operate to protect specific freedoms for example free speech freedom of religion privacy etc the right not to be criminalized has proved to be a rather powerful justice constraint in the U S Yet the general right not to be criminalized has not been fully embraced in either the U S or Europe although it does exist This volume lays out the legal foundations of that right and the criteria for determining when the state might override it The book will be of interest to researchers in the areas of legal philosophy criminal law constitutional law and criminology

The Ashgate Research Companion to International Criminal Law Yvonne McDermott, 2016-03-23 International criminal law is at a crucial point in its history and development and the time is right for practitioners academics and students to take stock of the lessons learnt from the past fifteen years as the international community moves towards an increasingly uni polar international criminal legal order with the International Criminal Court ICC at the helm This unique Research Companion takes a critical approach to a wide variety of theoretical practical legal and policy issues surrounding and underpinning the operation of international criminal law as applied by international criminal tribunals The book is divided into four main parts The first part analyses international crimes and modes of liability with a view to identifying areas which have been inconsistently or misguidedly interpreted overlooked to date or are likely to be increasingly significant in future The second part examines international criminal processes and procedures and here the authors discuss issues such as victim participation and the rights of the accused The third part is a discussion of complementarity and sentencing while the final part of the book looks at international criminal justice in context The authors raise issues which are likely to provide the most significant challenges and most promising opportunities for the continuing development of this body of law As international criminal law becomes more established as a distinct discipline it becomes imperative for international criminal scholarship to provide a degree of critical analysis both of individual legal issues and of the international criminal project as a whole This book represents an important collective effort to introduce an element of legal realism or critical legal studies into the academic discourse

Expert Psychiatric Evidence Keith Rix, Keith J. B. Rix, 2011-11 A guide to what a psychiatrist needs to know in order to prepare medico legal reports and become an expert witness This book covers the roles and responsibilities of the psychiatric expert witness in the context of

case and statute law administration training and other practical matters the medico legal consultation and the structure and form of the expert report Specific chapters deal with psychiatric reports in criminal civil and family cases as well as inquests tribunals and other parts of the legal system Preparation of reports for jurisdictions in the British Isles outside England and Wales is covered It will be of value to trainee psychiatrists and recently appointed consultants who need a handbook to assist them as they acquire the training skills and knowledge necessary to prepare expert psychiatric evidence for courts and other legal forums This book is aimed at psychiatrists who wish to write medico legal reports and become expert witnesses but it will also be a useful resource for established expert psychiatric witnesses and the solicitors and barristers who instruct them
