Text, Cases and Materials on Public Law and Human Rights Helen Fenwick, Gavin Phillipson, 2013-03-04 Building on the strengths of the Sourcebook on Public Law this book has been comprehensively revised to take account of the radical programme of constitutional reform introduced by the Labour Government since 1997 Evolution and the Common Law Allan C. Hutchinson, 2005-04-04 This book offers a radical challenge to accounts of the common law s development Contrary to received jurisprudential wisdom it maintains there is no grand theory which will explain satisfactorily the dynamic interactions of change and stability in the common law s history Offering original readings of Charles Darwin s and Hans Georg Gadamer's works the book shows that law is a rhetorical activity that can only be properly appreciated in its historical and political context tradition and transformation are locked in a mutually reinforcing but thoroughly contingent embrace In contrast to the dewy eyed offerings of much contemporary work it demonstrates that like life law is an organic process i e events are the products of functional and localized causes rather than a miraculous one i e events are the result of some grand plan or intervention In short common law is a perpetual work in progress evanescent dynamic messy productive tantalising and bottom up The Law of Duress and Necessity Nathan Tamblyn, 2017-09-07 The language of duress and necessity is found in crime tort and contract This book explores those pleas in both case law and theory across the subject boundaries and across jurisdictions In doing so it seeks to identify the lessons which each area of law can learn from the others and to tease out common themes while demarcating important differences. The overall outcome is a law more coherent and understood in sharper detail This book considers the law of England and Wales Australia New Zealand Hong Kong and Canada as well as the American tortious defence of necessity Commonwealth Caribbean Criminal Practice and Procedure Roger Ramgoolam, 2019-01-16 The fifth edition of this best selling book has been thoroughly revised to take into account recent developments in the law in criminal practice and procedure across the region As the only textbook to explore criminal practice and procedure as it relates to the Commonwealth Caribbean the book clarifies the state law in each of 11

jurisdictions while at the same time making it clear when laws are the same or similar and highlighting where differences among jurisdictions occur Both statute law and common law are examined in the relevant jurisdictions which include Trinidad and Tobago Guyana Barbados Jamaica and Grenada amongst others The impact of statutory changes in the laws are analysed as well as recent developments in the common law Throughout the text the statutory law in the Commonwealth Caribbean is compared with similar English legislation in light of the analysis of such legislation in English case law This book is the recommended textbook for all professional law schools in the Commonwealth Caribbean and is used at regional universities as a reference book for criminal justice students In addition as the only book that deals specifically with criminal practice and procedure in the regions it has proved a valuable reference tool for legal practitioners judicial officers and police officers Commonwealth Caribbean Criminal Practice and Procedure Dana S. Caribbean Criminal Practice Dana Seetahal, 2001-09-03 This is the first book of its kind in the Commonwealth Caribbean on Criminal Procedure Furthermore it is written by someone who has over twenty

years experience in the field as a prosecutor for over a dozen years as a magistrate as a criminologist a criminal justice consultant and finally as a law school lecturer This book fills a lacuna in Commonwealth Caribbean jurisprudence in that there is currently no local or regional text on criminal practice and procedure For too long students and practitioners have had to waste time to wade through English and other text in areas that are not even relevant in order to determine their application to these jurisdictions The book provides a useful reference to clarify what the state of the statutory law is in the Caribbean when compared to similar areas in English law and to discuss the relevant statute and common law in specific areas It is a text useful not only for law school students but criminal justice professionals such as lawyers and police officers as well The content of the book includes both the statute law and common law on criminal practice and procedure in most of the relevant jurisdictions which include Trinidad Tobago Guyana Barbados Jamaica and Grenada among others Where the law is the same or similar in some jurisdictions this is emphasised in the text so as to avoid unnecessary repetition in discussion Attempts will be made to identify specific differences in the laws of different jurisdictions despite their being many commonalities Recent developments in these areas are also discussed and the impact of the statutory changes in some countries is assessed The Execution of Illegal Orders and International Criminal Responsibility Hiromi Sato, 2011-02-16 The legal consequence of the superior orders defense has long been debated as one of the major problems in international criminal law Several controversial issues such as the immunity of the state the absolute character of military discipline and immunity on the grounds of mistake of law and or coercion have been complexly interwoven in the debates The Execution of Illegal Orders and International Criminal Responsibility provides a comprehensive portrait of the relevant debates at the international level up to the present analyzes the conflicting views and shows the significance of the development of international rules for the superior orders defense as well as the implication of the fact that issues concerning some detailed or related rules have been left unresolved. This study presents to present a new standpoint not only on dealing with the problem of the superior orders defense but also on reconsidering the international stipulation of rulemaking with regard to criminal matters **Securing Compliance** Karen Yeung, 2004-02 This book explores techniques used by regulators in securing compliance with the law bargaining negotiation and civil penalty sanctions Landmark Cases in Criminal Law Philip Handler, Henry Mares, Ian Williams, 2017-05-04 Criminal cases raise difficult normative and legal questions and are often a consequence of compelling human drama In this collection expert authors place leading cases in criminal law in their historical and legal contexts highlighting their significance both in the past and for the present The cases in this volume range from the fifteenth to the twenty first century Many of them are well known to modern criminal lawyers and students others are overlooked landmarks that deserve reconsideration The essays often based on extensive and original archival research range over a wide spectrum of criminal law covering procedure and doctrine statute and common law individual offences and general principles Together the essays explore common themes including the scope of criminal
