

TO END ALL WARS

A STORY OF LOYALTY AND REBELLION,
1914–1918

ADAM HOCHSCHILD

Author of Bury the Chains and King Leopold's Ghost

READ BY ARTHUR MOREY

To End All Wars A Story Of Loyalty And Rebellion

Charles Caramello

To End All Wars A Story Of Loyalty And Rebellion:

To End All Wars Adam Hochschild, 2011-04-11 In this riveting and suspenseful New York Times best selling book Adam Hochschild brings WWI to life as never before World War I was supposed to be the war to end all wars Over four long years nations around the globe were sucked into the tempest and millions of men died on the battlefields To this day the war stands as one of history's most senseless spasms of carnage defying rational explanation To End All Wars focuses on the long ignored moral drama of the war's critics alongside its generals and heroes Many of these dissenters were thrown in jail for their opposition to the war from a future Nobel Prize winner to an editor behind bars who distributed a clandestine newspaper on toilet paper These critics were sometimes intimately connected to their enemy hawks one of Britain's most prominent women pacifist campaigners had a brother who was commander in chief on the Western Front Two well known sisters split so bitterly over the war that they ended up publishing newspapers that attacked each other Hochschild forces us to confront the big questions Why did so many nations get so swept up in the violence Why couldn't cooler heads prevail And can we ever avoid repeating history

The Great War and Americans in Europe, 1914-1917 Kenneth Rose, 2017-03-27 This book examines the experiences of Americans in Europe during the First World War prior to the U S declaration of war Key groups include volunteer soldiers doctors nurses ambulance drivers reporters diplomats peace activists charitable workers and long term American expatriate civilians What these Americans wrote about the Great War as published in contemporary books and periodicals provides the core source material for this volume Author Kenneth D Rose argues that these writings served the critical function of preparing the American public for the declaration of war one of the most important decisions of the twentieth century and defined the threat and consequences of the European conflict for Americans and American interests at home and abroad

Reporting the Cuban Revolution Leonard Ray Teel, 2015-12-16 Reporting the Cuban Revolution reveals the untold story of thirteen American journalists in Cuba whose stories about Fidel Castro's revolution changed the way Americans viewed the conflict and altered U S foreign policy in Castro's favor Between 1956 and 1959 the thirteen correspondents worked underground in Cuba evading the repressive censorship of Fulgencio Batista's dictatorship in order to report on the rebellion led by Fidel Castro The journalists' stories appeared in major newspapers magazines and national television and radio influencing Congress to abruptly cut off shipments of arms to Batista in 1958 Castro was so appreciative of the journalists' efforts to publicize his rebellion that on his first visit to the United States as premier of Cuba he invited the reporters to a private reception at the Cuban Embassy in Washington where he presented them with engraved gold medals While the medals revealed Castro's perception of the correspondents as like minded partisans the journalists themselves had no such intentions Some had journeyed to Cuba in pursuit of scoops that could rejuvenate or jump start their careers others sought to promote press freedom in Latin America still others were simply carrying out assignments from their editors Bringing to light the disparate motives and experiences of the thirteen journalists who reported on this crucial

period in Cuba's history Reporting the Cuban Revolution is both a masterwork of narrative nonfiction and a deft analysis of the tension between propaganda and objectivity in the work of American foreign correspondents **My Seditious Heart** Arundhati Roy, 2019-06-11 Two decades of commentary by the New York Times bestselling author An electrifying political essayist uplifting galvanizing Booklist From the Booker Prize winning author of such works as *The God of Small Things* and *The Ministry of Utmost Happiness* *My Seditious Heart* collects nonfiction spanning over twenty years and chronicles a battle for justice rights and freedoms in an increasingly hostile world Taken together these essays are told in a voice of unique spirit marked by compassion clarity and courage Radical and superbly readable they speak always in defense of the collective of the individual and of the land in the face of the destructive logic of financial social religious military and governmental elites Her lucid and probing essays offer sharp insights on a range of matters from crony capitalism and environmental depredation to the perils of nationalism and in her most recent work the insidiousness of the Hindu caste system In an age of intellectual logrolling and mass manufactured infotainment she continues to offer bracing ways of seeing thinking and feeling Pankaj Mishra Time Magazine Praise for Arundhati Roy Arundhati Roy combines her brilliant style as a novelist with her powerful commitment to social justice in producing these eloquent penetrating essays Howard Zinn One of the most confident and original thinkers of our time Naomi Klein The scale of what Roy surveys is staggering Her pointed indictment is devastating The New York Times Book Review [The SAGE Encyclopedia of War: Social Science Perspectives](#) Paul Joseph, 2016-10-11 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader's Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology *Remembrance of the Great War in the Irish Free State, 1914-1937* Mandy Link, 2019-06-12 This book focuses on how Irish remembrance of the First World War impacted the emerging Irish identity in the postcolonial Irish Free State While all combatants of the war to end all wars commemorated the war Irish memorial efforts were fraught with debate over Irish identity and politics that frequently resulted in violence against commemorators and World War I veterans The book examines the Flanders poppy the Victory and Armistice Day parades the National War Memorial church memorials and private remembrances Highlighting the links between war memory empire and decolonization it ultimately argues that the Great War its commemorations and

veterans retained political potency between 1914 and 1937 and were a powerful part of early Free State life

The Modernization of the Western World John McGrath, Kathleen Callanan Martin, 2017-11-06 The Modernization of the Western World presents an overview of the history of Western civilization and provides readers with the intellectual tools they need to comprehend how societies function and change Covering Western history from ancient history to the current era of globalization it draws on the tradition of historical sociology to describe the forces of social change and what they have meant to the lives of the people caught in the midst of them This second edition is revised throughout to bring the content up to date with recent developments and discusses key themes such as terrorism refugees the European Union and multinational corporations It also includes a new chapter on the Ancient World covering this era from the advent of urbanization and agriculture in the Middle East to the fall of Rome and emergence of Christianity providing valuable historical context Clear and concise this book succinctly illustrates the essential turning points in the history of Western society and identifies the economic social political and cultural forces that are transforming the wider world to this day Illustrated with maps and images and containing a glossary and new boxed features explaining key concepts this is the perfect introductory book for students of the development of Western civilization

Killing for Power and Profit H. G. Willms, 2018-11-14 King Leopold II of Belgium built palaces public buildings castles and monuments to remember his greatness as a king People still praise him even though he killed millions of people The question of accountability is raised not only in the case of Leopold but all in power who have caused the death of millions of human beings The terrible wars of the recent past have all been followed with excuses by those who planned the wars In this military and political history and commentary the author a U S Army veteran covers more than one hundred years leading up to the present day In addition to Leopold II he highlights figures such as Otto von Bismarck the chancellor of Prussia who united Germany Japanese Emperor Hirohito Adolf Hitler President Franklin D Roosevelt President Lyndon B Johnson and many others From the rise of colonial empires to World War I and World War II to fighting in Korea Vietnam and beyond we must study the past to determine what we might do better moving forward Learn the fascinating history of the Western world's major conflicts and gain an appreciation for those who've fought and died in

Pandemic Influenza in Fiction Charles De Paolo, 2014-08-11 The influenza pandemic of 1918 1919 the worst widespread outbreak in recorded history claimed an estimated 100 million lives globally Yet only in recent decades has it captured the attention of historians scientists and fiction writers This study surveys influenza research over the last century in original scientific and historical documents and establishes a critical paradigm for the appreciation of influenza fiction Through close readings of 15 imaginative works the author elucidates the contents of and the interaction between the medical and the fictional Coverage extends from Pfeiffer's 1892 bacillus theory to the multidisciplinary effort to isolate the virus 1919 1933 to the reconstruction of the H1N1 viral genome from archival and exhumed RNA 1995 2005 to the emergence of H5N1 and H7N9 avian viruses 1997 2014 This book

demonstrates that pandemic fiction has been more than a therapeutic medium for survivors A prodigious resource for the history of medicine it is also a forum for ethical social legal national defense and public health issues *Business, Ethics and Peace* Manas Chatterji, Luk Bouckaert, 2015-09-23 This volume gathers a selection of papers presented at the International SPES Conference Business for Peace Strategies for Hope held in Ypres in April 2014 The papers illustrate the impact of religion in peace management and present solutions and practices for corporate peace building **Sooner Doughboys Write Home** David W. Levy, 2025-02-25 Days before the armistice was signed ending World War I Stratton D Brooks third president of the University of Oklahoma sent a letter to every student former student and faculty member serving in the armed forces He had a request would each man write a letter in reply describing his experiences and impressions during his wartime service Dozens of them responded in late 1918 and early 1919 Now more than a century later historian David W Levy has selected and annotated fifty three of these letters *Sooner Doughboys Write Home* is a richly detailed and often poignant record of what these young men thought about the war and what they witnessed firsthand As Levy explains in his thorough introduction most of these young men or doughboys as they were called came from small Oklahoma towns and farms Suddenly thrust into strange and often dangerous circumstances after the United States entered the war in 1917 they betray in their letters an appealing innocence of this wider world For some of them it is a world of dreary inactivity and boredom punctuated by moments of breathtaking violence and danger Others marvel at sights in Paris and in Germany All the while they keep a sharp eye out for their Sooner classmates from Norman eager to share a quick drink or hurried chat Although these Sooner doughboys as Levy acknowledges were not ordinary given their privileged status as college students they observed the war from the field and not from some more remote vantage point Drawing on his expertise as an American historian and his extensive knowledge of the university's history Levy identifies and explains in ample footnotes the numerous people and places mentioned by the letter writers In so doing he ties the experience of everyday Oklahomans to a global conflict that changed the course of history *Belle La Follette* Nancy C. Unger, 2015-07-30 In 1931 the New York Times hailed Belle Case La Follette as probably the least known yet most influential of all the American women who have had to do with public affairs A dedicated advocate for women's suffrage peace and other causes she served as a key advisor to her husband leading Progressive politician Robert La Follette She also wielded considerable influence through her own speeches and journalism as when she opposed racism by speaking out against the segregation of the federal government under President Woodrow Wilson In a concise lively and engaging narrative Nancy C Unger shows how Belle La Follette uniquely contributed to progressive reform as well as the ways her work was typical of women and progressives of her time Supported by primary documents and a robust companion website this book introduces students of American history to an extraordinary woman and the era of Progressive reform *Haters, Baiters and Would-Be Dictators* Nick Toczec, 2015-12-03 For fifty five years from 1919 until 1975 The Britons published Jew hating literature For the forty years

until his death in 1948 the founder and president of The Britons Henry Hamilton Beamish devoted his life to touring the world as an obsessive preacher of this hatred Using material he has collected over the past thirty years Nick Toczek tells their story This is the first complete history of The Britons which was the most prolific and influential advocate of extreme prejudice against all things Jewish not least as the publishers of that notorious forgery The Protocols of the Elders of Zion Likewise his is the first biography of Beamish Putting both The Britons and Beamish into context this book also examines and explains their precursors their contemporaries and their legacy Here then are detailed accounts of hundreds of anti Jewish organisations and individuals These include the late Victorian anti Semitism of Arnold White and the British Brothers League the curious life of Rotha Lintorn Orman who was the unlikely founder of British Fascisti Britain s first fascist party Anglo American supporters of Hitler the lives and roles of extreme haters such as Arnold Leese and Colin Jordan and the whole history of The Protocols including the key role played by American motor magnate Henry Ford This shocking history of hatred takes us from South Africa to Nazi Germany America to Rhodesia *Employer and Worker Collective Action* Andrew G. Lawrence,2014-08-11 This book compares sources of worker and employer power in Germany South Africa and the United States in order to identify the sources of comparative U S decline in union power and to more precisely analyze the nature of labor movement power It finds that this power is not confined to allied parties union confederations or strikes but rather consists of the capacity to autonomously translate power from one context to the next By combining their product labor market and labor law advantages through their dominant employers associations leading firms are able to impose constraints on labor s free collective bargaining regionally and nationally defeating employer interests that are more amenable to labor in the process Through an examination of these patterns of interest organization the book shows however that initial employer advantages prove to be contingent and unstable and that employers are forced to cede to more far reaching demands of increasingly organized workers *Israel* Richard M. Cohen,2014-09-16 The Washington Post s widely syndicated columnist writes a passionate account of his fears and hopes for the survival of Israel *The Rise of Gay Rights and the Fall of the British Empire* David A. J. Richards,2013-04-22 This book argues that there is an important connection between ethical resistance to British imperialism and the ethical discovery of gay rights It examines the roots of liberal resistance in Britain and resistance to patriarchy in the USA showing the importance of fighting the demands of patriarchal manhood and womanhood to countering imperialism Advocates of feminism and gay rights are key because they resist the gender binary s role in rationalizing sexism and homophobia The connection between the rise of gay rights and the fall of empire illuminates questions of the meaning of democracy and universal human rights as shared human values that have appeared since World War II The book casts doubt on the thesis that arguments for gay rights must be extrinsic to democracy and reflect Western values To the contrary gay rights arise from within liberal democracy and its critics polemically use such opposition to cover and rationalize their own failures of democracy *Understanding Viruses* Teri

Shors,2017 Understanding Viruses continues to set the standard for the fundamentals of virology This classic textbook combines molecular clinical and historical aspects of human viral diseases in a new stunning interior design featuring high quality art that will engage readers Preparing students for their careers the Third Edition greatly expands on molecular virology and virus families This practical text also includes the latest information on influenza global epidemiology statistics and the recent outbreaks of Zika and Ebola viruses to keep students on the forefront of cutting edge virology information Numerous case studies and feature boxes illuminate fascinating research and historical cases stimulate student interest making the best selling Understanding Viruses the clear choice in virology Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook student practice activities and assessments a full suite of instructor resources available to adopting instructors with course ID and learning analytics reporting tools available to adopting instructors with course ID

Why Humans Fight Siniša Malešević,2022-10-06 Male evi offers a novel sociological answer to the age old question Why do humans fight Instead of focusing on the motivations of solitary individuals he emphasises the centrality of the social and historical contexts that make fighting possible He argues that fighting is not an individual attribute but a social phenomenon shaped by one s relationships with other people Drawing on recent scholarship across a variety of academic disciplines as well as his own interviews with the former combatants Male evi shows that one s willingness to fight is a contextual phenomenon shaped by specific ideological and organisational logic This book explores the role biology psychology economics ideology and coercion play in one s experience of fighting emphasising the cultural and historical variability of combativeness By drawing from numerous historical and contemporary examples from all over the world Male evi demonstrates how social pugnacity is a relational and contextual phenomenon that possesses autonomous features

Riding to Arms Charles Caramello,2022-01-18 Horses and horsemen played central roles in modern European warfare from the Renaissance to the Great War of 1914 1918 not only determining victory in battle but also affecting the rise and fall of kingdoms and nations When Shakespeare s Richard III cried A horse a horse my kingdom for a horse he attested to the importance of the warhorse in history and embedded the image of the warhorse in the cultural memory of the West In Riding to Arms A History of Horsemanship and Mounted Warfare Charles Caramello examines the evolution of horsemanship the training of horses and riders and its relationship to the evolution of mounted warfare over four centuries He explains how theories of horsemanship navigating between art and utility eventually settled on formal man ge equitation merged with outdoor hunting equitation as the ideal combination for modern cavalry He also addresses how the evolution of firepower and the advent of mechanized warfare eventually led to the end of horse cavalry Riding to Arms tracks the history of horsemanship and cavalry through scores of primary texts ranging from Federico Grisone s Rules of Riding 1550 to Lt Colonel E G French s Good Bye to Boot and Saddle 1951 It offers not only a history of horsemen horse soldiers and horses but also a survey of the seminal texts that shaped that history

Second Front Marc Milner,2025-05-13 A revelatory new

account of the Second World War and how bitter competition between the Allies would shape the postwar world In June 1944 an Allied army of British American and Canadian troops sought to open up a Second Front in Normandy But they were not only fighting to bring the Second World War to an end After decades of Anglo American struggle for dominance they were also contending with one another to determine who would ascend to global hegemony once Hitler s armies fell Marc Milner traces this bitter rivalry as it emerged after the First World War and evolved during the fragile peace which led to the Second American media and domestic politics dominated the Allied powers military strategy overshadowing the contributions of Britain and the remarkably critical role played by Canada in establishing this Second Front Culminating in the decisive Normandy campaign Milner shows how the struggle for supremacy between Churchill and Roosevelt changed the course of the Second World War and how their rivalry shaped our understanding of the Normandy campaign and the war itself
