1. Student Learning Goal: a statement of intended learning that describes what students will know, understand or be able to do (inclusive of Standards & Curriculum) by the end of the instructional interval;

## ESTABLISHING A MEASURABLE LEARNING GOAL:

Student Population:	<p>Total Number of Students: 28</p> <p>Program Participation IEP: 4 ELL: 14 GT: 1 Other: N/A</p> <p>Additional Information:</p>
Learning Goal:	<p><u>Student Learning Goal (Write out goal here.)</u></p> <p>Students will write informative/explanatory paragraphs that introduce a topic, group related information, and develop and conclude their topic.</p>
	<p><u>Why is this goal important for students to know and be able to do?</u></p> <p>This is an important goal for students in 3<sup>rd</sup> grade because it is expected that at the 4<sup>th</sup> grade level students will have these skills so that they can work on the next learning progressions for writing. Students without these foundational skills in 4<sup>th</sup> grade will be behind and will continue to struggle. This goal is set based on the expected Common Core Standards for 3<sup>rd</sup> grade Writing as well as some Literacy and Language standards.</p>
	<p><u>Does the Learning Goal demonstrate: <input checked="" type="checkbox"/> Endurance? <input checked="" type="checkbox"/> Leverage? <input checked="" type="checkbox"/> Readiness?<sup>2</sup> How?</u></p> <p>This SLO goal demonstrates a DOK level 3 for students in 3<sup>rd</sup> grade. This is rigorous and creates a foundation for writing development in subsequent grade levels. Success in this SLO means students are ready for 4<sup>th</sup> grade and can build on the skills learned.</p>

*ESOL Lesson Planner* Galina St George,2019-12-03 Every teacher knows that a good lesson needs planning and preparation It applies to everything we teach and ESOL is certainly no exception I have been asked occasionally to teach classes at very short notice which means no preparation and I have managed to do it However it has always left me with a sense of frustration which is why I rarely agree to do it these days because I like to be prepared in order to make my lessons count Having recently returned to teaching I have discovered that I had two major issues 1 I couldn t find a lesson plan template I liked 2 My lesson plans kept getting lost among the paperwork So I decided to create a book which I was going to use for my lesson planning I worked out a plan template which I liked I didn t want to make it too long Like everyone else I have a life and detailed plans are time consuming So it needed to be short I aimed to fit it into 1 page with the second page expanding on the activities takeaways and other aspects should there be a need for a more detailed description Once the book gets published I will be ordering a couple of copies of the ESOL Lesson Planner for myself I hope that you find the templates as useful as I have found it so far it s just that from now on I will have all of my plans in one place which can t be a bad thing Enriching Content Classes for Secondary ESOL Students Judith Hagens Jameson,2003 This set of in service training materials is designed for secondary content teachers of math science social studies and language arts whose classrooms include ESOL students This 60 hour course is designed to provide these teachers with information and skills to better understand language minority students in order to develop a positive learning environment and appropriate instruction for ESOL students
