interdisciplinary volume that provides an array of queer theoretic descriptions of and prescriptions for the legal regulation of sex gender and sexuality Sexual Myths of Modernity Alison M. Moore,2015-11-19 The notion of sexual sadism emerged from nineteenth century alienist attempts to imagine the pleasure of the torturer or mass killer This was a time in which sexuality was mapped to social progress so that perversions were always related either to degeneration or decadence These ideas were internalized in later Freudian views of the drives within the self and of their repression under the demands of modern European civilization Sadism was always presented as the barbarous past that lurked within each of us ready to burst forth into murderous violence crime anti-Semitism and finally genocide This idea maintained its currency in European thought after the Second World War as Freudian influenced accounts of the history of philosophy configured the Marquis de Sade as a kind of Kantian superego in a framework that viewed the Western Enlightenment as unraveled by its own inner demons In this way a straight line was imagined from the late eighteenth century to the Holocaust These ideas have had an ongoing legacy in debates about sexual perversion feminism genocide representation and historical memory of Nazism However recent genocide research has massively debunked assumptions that perpetrators of mass violence are especially sexually motivated in their cruelty This book considers how the late twentieth century imagination eroticized Nazism for its own ends but also how it has been informed by nineteenth century formulations of the idea of mass violence as a sexual problem Principles and Practice of Sex Therapy, Fourth Edition Sandra R. Sorcerer's Apprentices in every aspect of life, past and present.

Luigi Balestriere, 2020-02-10 In the news on various media it often happens to hear of characters assimilated to sorcerer s apprentices as they are responsible for consequences that are almost always detrimental and of which they unintentionally lose control Characters like these have always existed the essay tries to identify some in the most varied areas to tell the circumstances in which these apprentices handle their magic formula whether it really is a chemical formula or a theory of a book a weapon a drug a material the crowd or even sexuality sometimes making unexpected discoveries In the end the author tries to outline the recurrent features of sorcerer s apprentices perhaps to be able to recognize them if they wander among us learn to stay away from them or try to prevent them from harming themselves and especially others Beauty, Violence, Representation Lisa A. Dickson, Maryna Romanets, 2014-05-09 This volume explores the relationship among beauty violence and representation in a broad range of artistic and cultural texts including literature visual art theatre film and music Charting diversifying interests in the subject of violence and beauty dealing with the multiple inflections of these questions and representing a spectrum of voices the volume takes its place in a growing body of recent critical work that takes violence and representation as its object This collection offers a unique opportunity however to address a significant gap in the critical field for it seeks to interrogate specifically the nexus or interface between beauty and violence While other texts on violence make use of regimes of representation as their subject matter and consider the effects of aestheticization beauty as a critical category is conspicuously absent Furthermore the book aims to rehabilitate beauty implicitly conceptualized as politically or ethically regressive by postmodern anti aesthetics cultural positions and further facilitate its come back into critical discourse **A Clinician's Guide to Gender-Affirming Care** Sand C. Learn the Rules Leighton Greene, 2020-03-17 Benjamin Ballard always assumed he was straight in every way possible They invented the term vanilla to describe him But if Ben s so straight why can t he get his inscrutable coffee shop co worker and wannabe actor Xander Romano out of his head And how come Xander s rough housing on the basketball court gets Ben so flustered Xander Romano keeps his private life private and lives by a strict set of rules No fooling around with straight guys and definitely no fooling around with vanilla guys Been there done that got his heart broken All Xander wants now is to focus on his acting career and keep his darker desires under wraps So what is it about Benjamin Ballard that makes Xander want to break all the rules When Ben begs for a chance to experiment Xander can t resist taking him in hand It s just one quick session after all But Ben has other ideas Learn the Rules is the first book in the Rough Love series Join Ben and Xander in their continuing odyssey of self discovery experimentation and steamy fun as they work out the kinks together This is just the beginning of their wild and sometimes dark ride but never fear these two will get their HEA It ll just take them some time to figure out what that happy ending looks like for them Note Rough Love can be rough Please proceed with caution if you have any triggers
