Green Light! Martin Wolfe,1993 In World War II the 81st Troop Carrier Squadron dropped paratroopers onto the battlefield often in the face of heavy fire This book relates the exploits of the 81st which mirrored the combat experience of World War II troop carrier units Green Light! Martin Wolfe,2016-11-11 In Green Light Martin Wolfe gives us the big picture of World War II airborne warfare in Europe through the lens of one unit a squadron typical of some sixty others Troop carrier squadrons delivered paratroopers behind enemy lines tugged gliders into battle zones and between combat operations freighted up to the front everything from food to artillery shells and carried back wounded infantrymen and newly freed slave laborers Wolfe s firsthand account is an engaging and informative narrative that goes beyond the facts to investigate the feelings of the tightly knit unit He also describes the management and training techniques that prepared the squadron for its role in four of the five main invasions of Nazi Europe In all the literature about World War II this is the first account to show how all levels of a squadron functioned clerks as well as pilots maintenance mechanics as well as flying crew chiefs the mess hall as well as headquarters In addition Wolfe s is the first book to show the interplay between unit experience and high command theory what units like the 81st Troop Carrier Squadron could actually accomplish and how concepts of airborne warfare changed at Supreme Headquarters He explains why and how it was not until the last airborne invasion in March 1945 that the full potential of the troop carrier was reached Wolfe melds the recollections of ninety veterans of this squadron with a general history of Allied airborne forces in World War II Through their words Green Light paints vivid portraits of the real men of the war not the Rambos or Sad Sacks of popular culture And through the retelling of their experiences the book shows that the truism war is hell does not hold for all soldiers all the time

Monolith Shaun Hutson,2015-04-02 When you have eliminated the impossible whatever remains however improbable

must be the truth Arthur Conan Doyle On the banks of the river Thames a massive new building is being completed A stunning creation of glass and concrete that will be a new landmark on London s skyline And people are dying because of it Dozens of mysterious unexplained accidents have claimed the lives of workmen during the construction and journalist Jessica Anderson is convinced that the owner of the building a billionaire Russian businessman knows more about the accidents than he is revealing Enlisting the help of a former colleague Jess tries to investigate the shadowy industrialist but finds that far harder than she imagined Protected by a private security force and cocooned by his entourage this powerful man proves to be as elusive as anyone she has ever known He values his privacy and seems willing to go to any ends to protect it But what is he hiding As she delves into his background she discovers that one of his ancestors lived in London during the 1930 s on the same site where the Crystal Tower was constructed and death and destruction surrounded that ancestor too Is there a link between these two men Jess is convinced there is and when a series of horrific attacks and murders take place perpetrated against men who want to stop the Russians next building project she finds herself plunged into a maelstrom of fear and events that threaten not just her life but her very sanity Something from the darkest reaches of myth and superstition has been unleashed upon a modern world and it seems no one can stop it

United Services and Empire Review ,1924 *The Navigator* ,1963 **The Black Magic Series** Dennis Wheatley,2014-12-26 Should any of my readers incline to a serious study of the subject and thus come into contact with a man or a woman of Power I feel that it is only right to urge them most strongly to refrain from being drawn into the practise of the Secret Art in any way My own observations have led me to an absolute conviction that to do so would bring them into dangers of a very real and concrete nature Dennis Wheatley The entire collection of Dennis Wheatley s Black Magic series in one digital volume THE DEVIL RIDES OUT STRANGE CONFLICT THE HAUNTING OF TOBY JUGG TO THE DEVIL A DAUGHTER THE KA OF GIFFORD HILLARY THE SATANIST THEY USED DARK FORCES UNHOLY CRUSADE THE WHITE WITCH OF THE SOUTH SEAS GATEWAY TO HELL THE IRISH WITCH **Journal of the United States Artillery** ,1946 Hunter Collection Mercedes Lackey,2021-04-20 Discover the dangerous futuristic world of the 1 New York Times bestselling Hunter series from legendary fantasy author Mercedes Lackey They came after the Diseray Monsters Long ago the barriers between our world and the Otherworld were ripped open and it s taken centuries to bring back civilization in the wake of the catastrophe Now the luckiest Cits live in enclosed communities behind walls that keep them safe from the hideous creatures fighting to break through Others are not so lucky In Hunter Joyeaux Charmand believes that every Cit without magic deserves her protection from dangerous Othersiders Then she is called to Apex City where the best Hunters are kept to protect the most important people Joy soon realizes that the city s powerful leaders care more about luring Cits into a false sense of security than protecting them More and more monsters are getting through the barriers and the close calls are becoming too frequent to ignore And when an act of sabotage against Joy takes an unbearable toll she uncovers a terrifying conspiracy in the city There is something much

worse than the usual monsters infiltrating Apex And it may be too late to stop them In Elite Joy knows she ll be facing more dangerous Othersiders than ever before as a new member of the Elite Hunter unit But if anyone is up to the challenge it s her Then the rules change Monsters unlike any Joy s ever seen or even heard of are breaking through Apex City s barriers and the Hunters are scrambling to find new ways to fight them all the while hiding the true danger Apex faces from the Cits who are ignorant of the severity of the Othersiders attacks The leaders of Apex must come together to protect the city but tensions have never been higher between the Hunters and the powerful PsiCorps with each group competing to be the primary protector of the city The conflict escalates even further when Joy starts discovering bodies of Psimons while patrolling the city sewers on a special assignment from her uncle who commands the Hunters A storm is approaching Apex City and unless Joy and her fellow Hunters put up the fight of their lives it might just sweep them all away In Apex the riveting conclusion to the Hunter trilogy Joy must risk everything to end a brutal war before she loses all she s ever loved The corrupt and powerful PsiCorps is determined to usurp the Hunters as chief defenders of Apex City and Joy is squarely in their crosshairs Unused to playing political games she has few people she can truly trust not even Josh her first friend in Apex City who broke up with her when it became too dangerous for a Psimon to be dating a Hunter Then Josh comes to Joy for help He fears that Abigail Drift the head of PsiCorps will use him in her experiments designed to empower PsiCorps and render Hunters superfluous a scheme that s already killed dozens of Psimons Joy manages to smuggle Josh to safety but he can t evade Drift forever As Joy faces ever more powerful Othersiders she is helped by the most surprising ally imaginable the same Folk Mage she once met in battle But can Joy trust the most cunning and treacherous of all Othersiders
