

Operator's Manual & Safety Instruction for **SNAPPER**

MODEL R5000 REAR TINE TILLERS

Thank you for buying a SNAPPER product! Your Tiller was designed and built to provide long and satisfactory service. Study this manual carefully before operating the Tiller and pay particular attention to the Important Safety Instructions below. Keep in mind that a Tiller, like any other mechanical device, can be potentially dangerous if used imprudently. Following the instructions in this and the engine manual will help you continue to enjoy the trouble-free operation expected of a SNAPPER.

IMPORTANT SAFETY INSTRUCTIONS

Warning: This tilling machine is capable of causing personal injury! Failure to observe the following instructions could result in serious injury to the operator or persons in the operational area. Carefully read these instructions and be sure to question your Snapper Dealer if in doubt about anything. Should the Dealer not answer to your satisfaction, write or call the Snapper Customer Service Department at McDonough, Ga., 30253 (Phone 404-957-9141).

1. Become thoroughly familiar with all controls and learn how to stop tine rotation quickly in preparation for emergencies.
2. Never allow children or immature, uncoordinated or inexperienced persons to operate your tiller.
3. Keep everyone safely away from the area being tilled.
4. Be especially watchful for children and pets darting into the area while operating.
5. Wear protective clothing and appropriate shoes to provide best footing on uneven terrain.
6. Persons under the influence of alcohol or drugs must not be allowed to operate your tiller.
7. Stay alert, give complete and undivided attention to the job on hand.
8. Fill fuel tank only when engine is stopped and not hot. Fill outside where fumes can be safely dissipated.
9. Make sure clutch is disengaged before attempting to start.
10. Keep feet, hands and clothing safely away from tines at all times.
11. Disengage the tines and stop the engine before making any adjustments, attempting to clean or clear tines, or leaving the operator's position even momentarily!
12. Remember to avoid operating the engine in any enclosed area where deadly exhaust fumes could accumulate.
