Tim Winton Blueback Study Guide:

Bloomsbury Good Reading Guide Nick Rennison, 2009-09-27 Deciding what to read next when you've just finished an unputdownable novel can be a daunting task. The Bloomsbury Good Reading Guide features hundreds of authors and thousands of titles with navigation features to lead you on a rich journey through some of the best literature to grace our shelves. This greatly expanded edition includes the latest contemporary authors and landmark novels, an expanded non-fiction section, a timeline setting historical events against literary milestones, prize winner and book club lists. An accessible and easy-to-read guide that no serious book lover should be without. The essential guide to the wild, uncharted world of contemporary and 20th-century writing. Robert McCrum, *The Observer*.

Functional Grammatics Mary Macken-Horarik, Kristina Love, Carmel Sandiford, Len Unsworth, 2017-10-03 This book provides a re-conceptualization of grammar in a period of change in the communication landscape and widening disciplinary knowledge. Drawing on resources in systemic functional linguistics, the book envisions a functional grammar relevant to disciplinary domains such as literary study, rhetoric, and multimodality. It re-imagines the possibilities of grammar for school English through Halliday's notion of grammatics. Functional Grammatics is founded on decades of research inspired by systemic functional linguistics and includes studies of grammatical tools useful to teachers of English, research into visual and multimodal literacies, and studies of the genre-grammar connection. It aims to be useful to the interpretation and composition of texts in school English, portable in design across texts and contexts, and beneficial for language development. The book will be of interest to researchers and teacher-educators as well as undergraduate and postgraduate students and practicing teachers committed to evidence-based professional development. Children's Book Review Index Gary C. Tarbert, 2002 **Australian Book Review**, 1998

Book Review Digest, 2000 **Boys and Books** James Moloney, 2002 Declining literary standards for boys is an issue of widespread concern. This must-have book for parents of boys looks at why boys don't read and why they should. James Moloney explains the vital role of parents, particularly fathers, offering practical strategies on how to create a reading environment for boys at home. The book also includes updated comprehensive lists of recommended reading. Bowker's Guide to Characters in Fiction 2007, 2008-02 **Popular Appeal** Lesley Hawkes, Vivienne Muller, Sharyn Pearce, 2013-11-18 Now is an opportune moment to consider the shifts in youth and popular culture that are signalled by texts that are being read and viewed by young people. In a world seemingly compromised by climate change, political and religious upheavals, and economic irresponsibility, and at a time of fundamental social change, young people are devouring fictional texts that focus on the edges of identity, the points of transition and rupture, and the assumption of new and hybrid identities. This book draws on a range of international texts to address these issues and to examine the ways in which key popular genres in the contemporary market for young people are being re-defined and re-positioned in the light of urgent questions about the environment, identity, one's place in the world, and the fragile nature of the world itself. The key questions are: What are the

shifts and changes in youth culture that are identified by the market and by what young people read and view How do these texts negotiate the addressing of significant questions relating to the world today Why are these texts so popular with young people What are the most popular genres in contemporary best sellers and films Do these texts have a global appeal and if so why These over arching themes and ideas are presented as a collection of inter related essays exploring a rich variety of forms and styles from graphic novels to urban realism from fantasy to dystopian writing from epic narratives to television musicals The subjects and themes discussed here reveal the quite remarkable diversity of issues that arise in youth fiction and the variety of fictional forms in which they are explored Once seen as not as important as adult fiction this book clearly demonstrates that youth fiction and the popular appeal of this fiction is complex durable and far reaching in its scope
