Sketching A Male Pant Trouser:

Fashion Illustration for Designers Kathryn Hagen, 2017-05-03 Fashion design begins in the designer's creative mind and drawing is the crucial next step to communicating creative ideas to others to bring those ideas to reality. Clear expressive drawings engage and bring together people in patternmaking, production, marketing, and all other facets of the fashion business, ensuring that everyone shares the same vision that originates with the designer. Kathryn Hagen brings decades of experience teaching design students how best to translate their ideas into drawings. She opens with basic drawing skills using both hand tools and computer techniques before moving on to applying those skills to both the human figure and the specifics of various types of clothing. Throughout the book, she exposes designers to myriad techniques and styles, encouraging each individual to discover what works best for him or her. Each chapter ends with practice exercises as well as visual references to review and reinforce material learned in the chapter lessons. Videos demonstrating hands-on examples can be viewed at waveland.com. Hagen, with emphasis on distressed fabrics and novelty treatments, 84 pages of color present a wide variety of rendering techniques.

Illustrated Men Lamont O'Neal, 2023-02-09 Delve into the art of menswear illustration and learn what it takes to create professional, praiseworthy fashion sketches. With over 300 color examples, illustrator and educator Lamont O'Neal uses a mixture of watercolor, marker, pencil, and digital tools to help you master fundamentals such as anatomy and proportion. Later chapters focus on garment drawing, the principles of balance and movement, as well as classic poses and how they can highlight a design. There's also a guide to the history of menswear illustration with introductions to some of the most influential practitioners and discussion of how to develop your own individual style by using hand drawing as an expression of individual style and creativity. There are also reference photographs showing how sketches and illustrations relate to the finished garment, making this the ultimate guide to drawing and rendering the male fashion figure. Profiles: Cody Cannon, Carlos Aponte, Mengjie Di, Brian Lane, Ryan McMenamy, Emee Mathew, Francisco Cortes. Key topics: Drawing the Male Fashion Figure, Movement, Drawing the Clothed Figure, Drawing the Garment, Rendering Techniques, Digital Art.

From the Royal to the Republican Body Sara E. Melzer, Kathryn Norberg, 2023-09-01 In this innovative volume, leading scholars examine the role of the body as a primary site of political signification in seventeenth and eighteenth-century France. Some essays focus on the sacralization of the king's body through a gendered textual and visual rhetoric. Others show how the monarchy mastered subjects' minds by disciplining the body through dance, music, drama, art, and social rituals. The last essays in the volume focus on the unmaking of the king's body and the substitution of a new republican body. Throughout, the authors explore how race and gender shaped the body politic under the Bourbons and during the Revolution. This compelling study expands our conception of state power and demonstrates that seemingly apolitical activities like the performing arts, dress, and ritual contribute to the state's hegemony. *From the Royal to the Republican Body* will be an essential resource for students and scholars of history, literature, music,

The Road to Catoctin Mountain Robert J. Gerard, 2006-02-08 Robert Gerard's life story involves a fascinating journey full of twists turns and unexpected events With no specific career plan in place things just happened mostly good things Along the way over time people events and places seemed to re emerge in an intriguing way Gerard was born in New York City in 1930 He and his mother and father lived on the west side near Central Park He didn't know until many years later that his father was an alien who had entered the United States illegally and changed his name When Robert was just two years old the FBI came knocking at the apartment off Central Park West However they were not looking for illegal aliens They were looking for the Lindbergh baby Later the family moved to West Orange New Jersey a small town where it seemed that nearly everyone was employed by Thomas A Edison Inc Gerard's story captures the lean years of the 1930s prior to World War II some problems at home and his escapades as a teen ager during the war years including two years of tough discipline at a private boarding school in North Jersey It was during this period that his father was deported to Belgium from Ellis Island After graduating from high school Gerard joined the ranks of those who worked at one of the Edison factories in West Orange Two older workers combat veterans from WWII became his mentors During the early phases of the Korean War they shared fascinating

stories about their wartime experiences Bored by factory work and inspired by his two local heroes Gerard enlisted in the army in 1951 As a result of some very poor training Gerard and a good friend decided to apply for admission to Officer Candidate School Ironically Robert Gerard the reluctant applicant was accepted while his buddy was rejected After his commissioning his experience in Korea prompted him to remain in the army While stationed with the 82d Airborne Division at Fort Bragg he married a high school classmate in 1954 Together they had eight children Gerard describes his assignment as a weapons instructor at Fort Benning Georgia and then his experience as a student in the Armys flight school at Fort Rucker Alabama An opportunity to complete his undergraduate education took him and his family to Mississippi Southern College in Hattiesburg Mississippi during the same year that James Meredith became the first black student to be admitted to the University of Mississippi Gerards subsequent assignment at the armys Command and General Staff College at Fort Leavenworth Kansas 1963 1964 was a year filled with major events including President Kennedys assassination the increasing commitment to military support for South Vietnam and an address by former President Harry Truman Next a wonderful assignment in Verona Italy where his family lived in a small Italian village was cut short due to critical needs for army helicopter pilots in Vietnam He describes his first tour in Vietnam including the buildup of U S conventional forces and the application of air mobility as a part of tactical operations Also he had an opportunity to see his brother whose base camp was just several miles away After returning to the States he worked in the Pentagon and described both the serious and hilarious events related to surviving in The Puzzle Palace In 1970 his second tour in Vietnam placed him much farther north near the Demilitarized Zone where enemy forces consist mostly of North Vietnamese regulars His description of military operations in Vietnam reflects both the early years as well as the beginning of the drawdown of U S forces After an interesting year of study at Monmouth College Gerard attended the U S Army War College at Carlisle Barracks Pennsylvania just a few miles south of Indiantown Gap where he took his basic training His experien **The Boys' Outfitter** ,1920

Living by Inches Evan A. Kutzler,2019-10-15 From battlefields boxcars and forgotten warehouses to notorious prison camps like Andersonville and Elmira prisoners seemed to be everywhere during the American Civil War Yet there is much we do not know about the soldiers and civilians whose very lives were in the hands of their enemies *Living by Inches* is the first book to examine how imprisoned men in the Civil War perceived captivity through the basic building blocks of human experience their five senses From the first whiffs of a prison warehouse to the taste of cornbread and the feeling of lice captivity assaulted prisoners perceptions of their environments and themselves Evan A Kutzler demonstrates that the sensory experience of imprisonment produced an inner struggle for men who sought to preserve their bodies their minds and their sense of self as distinct from the fundamentally uncivilized and filthy environments surrounding them From the mundane to the horrific these men survived the daily experiences of captivity by adjusting to their circumstances even if these transformations worried prisoners about what type of men they were becoming **Wearing the Trousers** Don

restores Serge Diaghilev's Ballets Russes to its central role in the Parisian art world of the 1910s and 1920s. During those years the Ballets Russes stage served as a dynamic forum for the interaction of artistic genres: dance, music, and painting in a mixed media form inspired by Richard Wagner's Gesamtkunstwerk (total work of art). This interdisciplinary study combines a broad history of Diaghilev's troupe with close readings of four ballets designed by canonical modernist artists: Pablo Picasso, Sonia Delaunay, Henri Matisse, and Giorgio de Chirico. Experimental both in concept and form, these productions redefine our understanding of the interconnected worlds of the visual and performing arts, elite culture, and mass entertainment in Paris between the two world wars. This volume traces the ways in which artists working with the Ballets Russes adapted painterly styles to the temporal, three-dimensional and corporeal medium of ballet. Analyzing interactions among sets, costumes, choreography, and musical accompaniment, the book establishes what the Ballets Russes productions looked like and how audiences reacted to them. Juliet Bellow brings dance to bear upon modernist art history as more than a source of imagery or ornament; she spotlights a complex dialogue among art forms that did not preclude but rather enhanced artists' interrogation of the limits of medium.

The Extraordinary Archive of Arthur J. Munby Sarah Edge, 2020-12-17 In the mid 1860s Arthur J. Munby began to collect the first mass-produced photographic images of working-class women in England, recording fascinating details about the women, the places he purchased the photographs, and the raging debates on this new commercial practice of photography in accompanying diaries. Many of these images, not to mention Munby's fascinating diaries, have never been published before. This book examines this previously uninvestigated archive, offering a fresh and arresting perspective on the interrelationships between photographic representations of working-class women, the creation of new identities of class and gender, and the evolution of popular conceptions of photography itself.

History of Kentucky, 1928 **Radicals and Rogues** Lottie Whalen, 2024-01-22 From artists to activists, an explosive and eye-opening new history of the women who gave us New York. This is the story of a group of women whose experiments in art and life set the tone for the rise of New York as the twentieth-century capital of modern culture. Across the 1910s and 20s, through provocative creative acts, shocking fashion, political activism, and dynamic social networks, these women reimagined modern life and fought for the chance to realize their visions. Taking the reader on a journey through the city's salons and bohemian hangouts, *Radicals and Rogues* celebrates the tastemakers, collectors, curators, artists, and poets at the forefront of the early avant-garde scene. Focusing on these trailblazers at the center of artistic innovation, including Beatrice Wood, Mina Loy, the Stettheimer sisters, Clara Tice, the Baroness Elsa von Freytag-Loringhoven, Gertrude Vanderbilt Whitney, Marguerite Zorach, and Louise Arensberg, Lottie Whalen offers a lively new history of remarkable women in early twentieth-century New York City.
