Slash The Autobiography:

Slash, 2019 **Into the Black** Paul Brannigan, Ian Winwood, 2025-05-01 Into the Black begins on the eve of the release of Metallica's massive breakthrough with the eponymous LP that became known as The Black Album Suddenly at the dawn of the 90s Metallica was no longer the biggest thrash metal band in the world they were the biggest rock band in the world period But with such enormous success came new challenges as Metallica ran the risk of alienating their original fan base They were beset by controversy over musical stylistic shifts supposed concessions to the mainstream even their choice of haircuts During this transformative era journalists Paul Brannigan and Ian Winwood had unprecedented access to Metallica They accompanied the band on tour and joined them in the studio getting exhilarating eyewitness views into the belly of the beast Together they amassed over 75 hours of interview material much of it never in print before now Through changes both musical and personal Metallica struggled to maintain their identity and remain a viable creative force A ferocious battle with the file sharing company Napster saw the quartet attract the worst PR of their career Meanwhile communication breakdowns between James Hetfield Lars Ulrich Kirk Hammett and Jason Newsted who would leave the band in 2001 led to fierce internal arguments as laid bare in the controversial documentary Some Kind of Monster At the end of the century Metallica had appeared to be a band teetering on the brink of self destruction but through setbacks and struggles they endured and thrived From Load Reload and Garage Inc to the stunning return to form in Death Magnetic and the massive tours that accompanied them including the real story behind the Big Four shows Into the Black takes readers inside the heart of Metallica and concludes the saga of one of the greatest rock bands of all time Performing Autobiography Jenn Stephenson, 2013-01-01 Investigates the use of plays as a form of autobiography looking at how the line between real life and fiction can become blurred Stories of the Self Anna Poletti, 2020-08-25 The importance of personal storytelling in contemporary culture and politics In an age where our experiences are processed and filtered through a wide variety of mediums both digital and physical how do we tell our own story How do we get a life make sense of who we are and the way we live and communicate that to others Stories of the Self takes the literary study of autobiography and opens it up to a broad and fascinating range of material practices beyond the book investigating the manifold ways people are documenting themselves in contemporary culture Anna Poletti explores Andy Warhol's Time Capsules a collection of six hundred cardboard boxes filled with text objects from the artist's everyday life the mid aughts crowdsourced digital archive PostSecret queer zine culture and its practices of remixing and collaging and the bureaucratic processes surrounding surveillance dossiers Stories of the Self argues that while there is a strong emphasis on the importance of personal storytelling in contemporary culture and politics mediation is just as important in establishing the credibility and legibility of life writing Poletti argues that the very media used for writing our lives intrinsically shapes how we are seen to matter
