Yael The Center That Time Forgot:

Yael John Christ, 2014-12-20 Humans often surrender to life's vicissitudes and in doing so they fail to see others living amongst us unaffected by the chaos in our world indeed seemingly above the very madness that characterizes human interaction This story relates an incident when worlds accidentally collide The Peacekeeper Maor Kohn, ISA agent Yael Lavie has seen more than enough death and suffering throughout her industrious career But after losing her husband in a bomb attack her work takes on a much deeper personal meaning When she is called to investigate a series of cybersecurity attacks that leave the government exposed Yael's instincts immediately take over Everything leads her back to one man The Assyrian The Assyrian is a shadow moving from one place to another wreaking havoc and political turmoil in his wake with one clear goal the destruction of the old order in the violent and corrupt Middle East and the creation of a new areal order Yael and her team must work with both friends and foes to bring him and his army of sympathizers to justice before they deliver another concussive blow to the self consuming war ravaged Middle East But the closer she gets the more The Assyrian seem to slip away and the more it feels like she's just a game tool in his big plan Homegrown Magic Jamie Pacton, Rebecca Podos, 2025-03-11 A delightful queer romantic fantasy full of friends to lovers chemistry found family rival family drama and cozy garden magic from two acclaimed YA authors making their debut in the adult space Yael Clauneck is the only scion of an obscenely wealthy banking family with its fingers in every pie in the realm They're on the precipice of a predetermined life when they flee their own graduation party galloping away in search of well they're not sure but maybe the chance to feel like life can still be a grand adventure Margot Greenwillow talented plant witch tea lover and greenhouse owner has never felt further from adventure in her life She's been desperately trying to keep what remains of her family's magic remedies business afloat So when her childhood friend and former crush Yael rides back into her life she's shocked But perhaps this could be a good thing After all Margot could use an assistant in the greenhouses Yael has no experience or honestly practical skills but they're delighted to accept They can lay low for a while flirting with Margot while they figure out what to do next Meanwhile Margot has plans of her own but plans are notoriously unreliable things unlikely to survive a swiftly blooming mutual attraction not to mention the machinations of parents determined to get their heir back no matter the cost , **Playing Hard at Life** Etty Cohen, 2013-05-13 Playing Hard at Life brings contemporary relational thinking to bear on the psychodynamic treatment of a notably difficult group of young patients Working with New York City teenagers who have survived the wars of inner city life and Israeli teenage soldiers who have survived the wars of the Middle East author Etty Cohen documents the extraordinary challenges of forming a treatment alliance with these shattered youngsters of engaging them psychodynamically and of working toward a viable termination The result is not only a poignant record of courage and commitment on the part of patient and therapist alike but also a valuable extension of modern trauma theory to adolescence as a developmental stage with its own challenges and requirements The heart and strength of Cohen's book is

her vivid documentation of hands on encounters with her adolescent patients seen both individually and in group Cohen makes plain that with young people so horrendously traumatized treatment assures a necessarily improvisational character And yet she argues even in the type of pragmatic encounters dictated by massive and repeated trauma contemporary relational theory provides a compass with which to navigate through the rocky shoals of the clinical work Again and again the reader is shocked by just how much happened to these adolescents astonished at how resilient they proved to be and finally moved by how much Cohen was able to accomplish with them Her relational approaches to these treatments teamed with her realization that work with multiply traumatized adolescents cannot be structured in the manner of conventional therapy makes this book an invaluable timely and deeply sobering contribution to the literature The Road to October 7 Rafael Medoff, 2025-10 The Road to October 7 examines what paved the way for the October 7 2023 attack on Israel and its aftermath Part 1 The Present documents the Hamas invasion the rise of Hamas the education of Palestinian Arab children to hate and kill the diplomatic decisions that helped enable the attack and the propagation of anti Israel and anti Jewish libels Part 2 The Past analyzes how in both method and ideology the Hamas assault echoed the pogroms in medieval Europe Czarist Russia and Ukraine the Holocaust and a century of Palestinian Arab terrorism It also examines select American universities cultivation of friendly relations with Nazi Germany in the 1930s the same universities that tolerated pro Hamas protests after October 7 and October 7 as a turning point in the long history of antisemitism Readers will emerge with important insights on the Hamas attack antisemitic education in Palestinian Arab society pro Hamas groups on U S campuses the responses of women s and human rights organizations to mass sexual violence misconceptions and fabrications about Israel s conduct in the ensuing war and why October 7 needs to be viewed as one segment of both the century long Palestinian Arab war and the centuries old international war against the Jewish people *The New York Times Magazine*, 2008 **Never A Dull Moment** Jyl Lynn Felman, 2002-09-11 Teachers are really performers classrooms are stages and students the captivated audience In beautiful prose Felman invites us to watch her one woman show on the art of performance in today s classrooms These essays take on the greatest hits of the academy identity politics sexual harassment academic censorship and radical pedagogy Felman s book is a performance not to be missed *About Paper* Giorgia Calò, 2012 Resistance & Recovery in the #MeToo era, Volume I Kate Richmond, Nicole L. Johnson, 2024-02-15 Using an intersectional approach this book amplifies the voices of those who were and continue to be at the frontlines resisting and responding to sexual violence during the rise of digital feminist movements including NoMore TimesUp and most notably MeToo This book outlines the current socio political landscape including increased visibility of movements such as NoMore TimesUp and most notably MeToo and the public showcase of accused perpetrators becoming elected to the highest offices in the United States e g Brett Kavanaugh s election to the Supreme Court Donald Trump s election to the Presidency It offers note to how this political landscape has impacted survivors and therapists alike The first of the two volumes include 10

chapters that provide a critique of the silencing of survivors who are marginalized e g women of color trans and queer survivors within the current movements and offer recommendations for how to center their experiences through an intersectional approach Both the volumes together cover a wide range of perspectives that bring to light the solidarity that was built among survivors regardless of identity and experience within the current socio political climate while continuing to center the voices of those who are most often marginalized The chapters in this book were originally published as a special issue of Women Therapy

Victims and Victimhood Trudy Govier,2015-01-01 Who is a victim Considerations of innocence typically figure in our notions of victimhood as do judgments about causation responsibility and harm Those identified as victims are sometimes silenced or blamed for their misfortune responses that are typically mistaken and often damaging However other problems arise when we defer too much to victims being reluctant to criticize their judgments or testimony Reaching a sensitive and yet critical stand on victims credibility is a difficult matter In this book Trudy Govier carefully examines the concept of victimhood and considers the practical implications of the various attitudes with which we may respond to victims These issues are explored with reference to a range of complex examples including child victims of institutional abuse and the famed Rigoberta Mench controversy Further topics include the authority of personal experience restorative justice restitution forgiveness and closure

Trauma and Recovery Judith Lewis Herman,2015-07-07 In this groundbreaking book a leading clinical psychiatrist redefines how we think about and treat victims of trauma A stunning achievement that remains a classic for our generation Bessel van der Kolk M D author of *The Body Keeps the Score* *Trauma and Recovery* is revered as the seminal text on understanding trauma survivors By placing individual experience in a broader political frame Harvard psychiatrist Judith Herman argues that psychological trauma is inseparable from its social and political context Drawing on her own research on incest as well as a vast literature on combat veterans and victims of political terror she shows surprising parallels between private horrors like child abuse and public horrors like war Hailed by the New York Times as one of the most important psychiatry works to be published since Freud *Trauma and Recovery* is essential reading for anyone who seeks to understand how we heal and are healed

Follow the Science to School: Evidence-based Practices for Elementary Education Barbara Davidson,Kathleen Carroll,Michael J. Petrilli,2022-03-21 Follow the science How often have you picked up an education book to read how according to the authors the system is broken failing and flailing but their ideas for fixing it will bring about a miraculous transformation That s not the approach of this volume Sure the editors believe that our system of education could achieve significantly better results But they also recognize that schools have gotten better over time One explanation is the progress schools have made in following the science Especially in early reading and math instruction scholars know more now about what works than we did in the past and more schools are putting that knowledge into practice Now in the wake of a horrific pandemic even the best elementary schools are struggling to help their students get their momentum back again In this book the editors share high quality

syntheses of evidence and insights from leading educators academics and other experts And they communicate those findings in user friendly language with an understanding of the real world complexities of schools and classrooms **Air Force Magazine** ,1987 **Reconstructing Illness** Anne Hunsaker Hawkins,1999 Serious illness and mortality those most universal unavoidable and frightening of human experiences are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times As modern medicine has become more scientific and dispassionate a new literary genre has emerged pathography the personal narrative concerning illness treatment and sometimes death Hawkins s sensitive reading of numerous pathographies highlights the assumptions attitudes and myths that people bring to the medical encounter One factor emerges again and again in these case studies the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease Pathography allows the individual person a voice one that asserts the importance of the experiential side of illness and thus restores the feeling thinking experiencing human being to the center of the medical enterprise Recommended for medical practitioners the clergy caregivers students of popular culture and the general reader *Reconstructing Illness* demonstrates that only when we hear both the doctor s and the patient s voice will we have a medicine that is truly human Having William Schweiker,Charles T. Mathewes,2004 In today s market economies people constitute much of their identity in relation to the things they possess and communities facilitate social intercourse and survival by means of property relations What if anything might the study of the biblical religions contribute to thinking about and responding to the basic reality of having In this book scholars in a variety of fields theology ethics economics and biblical studies address in new and penetrating ways the meaning of having in religious and social life and offer a number of compelling answers to challenging questions about property and possession in our present global age Israeli Cinema Miri Talmon,Yaron Peleg,2011-07-01 With top billing at many film forums around the world as well as a string of prestigious prizes including consecutive nominations for the Best Foreign Film Oscar Israeli films have become one of the most visible and promising cinemas in the first decade of the twenty first century an intriguing and vibrant site for the representation of Israeli realities Yet two decades have passed since the last wide ranging scholarly overview of Israeli cinema creating a need for a new state of the art analysis of this exciting cinematic oeuvre The first anthology of its kind in English *Israeli Cinema Identities in Motion* presents a collection of specially commissioned articles in which leading Israeli film scholars examine Israeli cinema as a prism that refracts collective Israeli identities through the medium and art of motion pictures The contributors address several broad themes the nation imagined on film war conflict and trauma gender sexuality and ethnicity religion and Judaism discourses of place in the age of globalism filming the Palestinian Other and new cinematic discourses The authors illuminating readings of Israeli films reveal that Israeli cinema offers rare visual and narrative insights into the complex national social and multicultural Israeli universe transcending the partial and superficial images of this culture in world media **The Heritage-scape**

Michael A. Di Giovine, 2009-01-01 This book explores how the mere designation of World Heritage sites can achieve UNESCO's goal of creating lasting worldwide peace Drawing on ethnography policy analysis and a sophisticated fusion of anthropological theories Di Giovine convincingly reveals the existence of a global heritage scape and provides a detailed yet expansive look at the politics and processes histories and structures and the rituals and symbolisms of the interrelated phenomena of tourism historic preservation and UNESCO's World Heritage Convention *Between Ruin and Restoration*

Daniel E. Orenstein, Alon Tal, Char Miller, 2012-12-30 The environmental history of Israel is as intriguing and complex as the nation itself Situated on a mere 8 630 square miles bordered by the Mediterranean Sea and Persian Gulf varying from desert to forest Israel's natural environment presents innumerable challenges to its growing population The country's conflicted past and present diverse religions and multitude of cultural influences powerfully affect the way Israelis imagine question and shape their environment Zionism from the late nineteenth onward has tempered nearly every aspect of human existence Scarcities of usable land and water coupled with border conflicts and regional hostilities have steeled Israeli's survival instincts As this volume demonstrates these powerful dialectics continue to undergird environmental policy and practice in Israel today *Between Ruin and Restoration* assembles leading experts in policy history and activism to address Israel's continuing environmental transformation from the biblical era to the present and beyond with a particular focus on the past one hundred and fifty years The chapters also reflect passionate public debates over meeting the needs of Israel's population and preserving its natural resources The chapters detail the occupations of the Ottoman Empire and British colonialists in eighteenth and nineteenth century Palestine as well as Fellaheen and pastoralist Bedouin tribes and how they shaped much of the terrain that greeted early Zionist settlers Following the rise of the Zionist movement the rapid influx of immigrants and ensuing population growth put new demands on water supplies pollution controls sanitation animal populations rangelands and biodiversity forestry marine policy and desertification Additional chapters view environmental politics nationally and internationally the environmental impact of Israel's military and considerations for present and future sustainability

Counter Revolutionary Egypt Dina Wahba, 2023-09-19 Focusing on the 25 January 2011 Egyptian revolution this book traces its affective and emotional dynamics into the local realities and everyday politics of the urban subaltern exploring the impact of revolutionary participation on protestors engagement in street politics As well as investigating the affective dynamics of the revolution the author analyses the spatiality of affect in the context of the Maspero Triangle neighbourhood highlighting the disruption of the revolutionary moment and the evolution of informal political practices In addition the book focuses on state efforts to counter revolutionary street politics by co-opting and dismantling politicized local practices It is argued that the appropriation by the state of the notion of the *baltagi* helped create narratives around thuggery to undermine the politics of the urban poor Based on empirical fieldwork the book ultimately shows how the revolutionary moment informed subsequent local activism illustrating that it was both disruptive and productive in terms of contentious street

politics Combining literature on affect and emotion intersectional gender and everyday politics the book yields innovative and renewed insights within the fields of political science and Middle East studies and will prove valuable reading for anyone interested in the Egyptian revolution and its aftermath
