Summer Regents Ny 2014:

The Integration of the UCLA School of Law, 1966–1978 Miguel Espinoza, 2017-12-01 In 1966 a group of UCLA law school professors sparked the era of affirmative action by creating one of the earliest and most expansive race conscious admissions programs in higher education The Legal Education Opportunity Program LEOP served to integrate the legal profession by admitting large cohorts of minority students under non traditional standards and sending them into the world as emissaries of integration upon graduation Together these students bent the arc of educational equality and the LEOP served as a model for similar programs around the country Drawing upon rich historical archives and interviews with dozens of students and professors who helped integrate UCLA this book argues that such programs should be reinstituted and with haste because affirmative action worked

Michael Martinez,2016-04-14 For a brief time following the end of the U S Civil War American political leaders had an opportunity slim to be sure but not beyond the realm of possibility to remake society so that black Americans and other persons of color could enjoy equal opportunity in civil and political life It was not to be With each passing year after the war and especially after Reconstruction ended during the 1870s American society witnessed the evolution of a new white republic as national leaders abandoned the promise of Reconstruction and justified their racial biases based on political economic social and religious values that supplanted the old North South slavery abolitionist schism of the antebellum era A Long Dark Night provides a sweeping history of this too often overlooked period of African American history that followed the collapse of Reconstruction from the beginnings of legal segregation through the end of World War II Michael J Martinez argues that the 1880s ushered in the dark night of the American Negro a night so dark and so long that the better part of a century would elapse before sunlight broke through Combining both a top down perspective on crucial political issues and public policy decisions as well as a bottom up discussion of the lives of black and white Americans between the 1880s and the 1940s A Long Dark Night will be of interest to all readers seeking to better understand this crucial era that continues to resonate throughout American life today *Between Mission and Market* Daniel Rosenberg,2017-04-26 Between Mission and Market The Freshman Year in a Corporate Age focuses on the arrival of college freshmen at the moment of the transformation it uses Adelphi University in suburban New York City to study an attempt to resolve first year difficulties As higher education institutions turn into enterprises run on business models the pressures of

getting into college including the taking of the SAT and ACT have induced stress addictions eating disorders drug use and mental problems However special programs to ease the first year transition through counseling and support are run as cheaply as possible This book confronts some of the cardinal controversies in higher education particularly those affecting first year students high stakes testing in general particularly the SAT the intensification of student debt and the financial sentence imposed upon all who incur it and the dramatic pressures placed upon freshmen as they transition to college

Tucson David Devine, 2025-08-28 At the 250th anniversary of Tucson's official founding on August 20 1775 the city is now an environmentally attractive if economically poor major college town with a large military base onto which numerous rapidly growing suburban communities have been grafted Tracing Tucson's history since the 1854 Gadsden Purchase brought Southern Arizona into the United States this book's second edition contains significant updates and revisions including extensive coverage of the 2015-2024 period Tucson has a remarkable American history and this book describes many of its highs and lows including its longstanding ethnic diversity and racial divides the contentious battle that secured the University of Arizona for the community its important ceremonial traditions and social customs and the significant challenges it faces going forward Additionally recollections of many of those who have helped make Tucson such a memorable place are included along with a review of the major accomplishments and shortcomings that Tucson has experienced since 1854

the authors successful undergraduate research program Neoliberal lives Robert Chernomas,Ian Hudson,Mark Hudson,2019-07-01 This book is about the transformation of America that has occurred over the past thirty five years as capitalist logic has expanded into previously protected spheres of life This expansion has had devastating effects on the potential for human development Looking at how human beings create themselves and their worlds on material foundations of health and the natural environment through work and politics the book chronicles how neoliberalism has limited human potential At a time when neoliberalism s effects are stirring various forms of popular resistance and opposition this is a manifesto of sorts for the range of processes that need to be confronted if human potential is to be freed from the increasingly cramped quarters to which neoliberalism has confined it **Power Played** Derek Silva,Liam

Kennedy,2022-10-01 This innovative collection convincingly argues that modern sport can be characterized by unequal and problematic power relations that are inextricably linked to issues of violence harm deviance and punishment On the one hand sport is a mainstay of community building an expression of solidarity and a means to mental and social health On the other there is the star player who commits sexual violence the trans athlete whose achievements are dismissed as fraudulent or the racist and abusive nationalism of the impassioned sports fan From drawing connections between head trauma and athletic violence to exploring the social meanings of sport in prison contributors to this volume reimagine sport as an important unit of analysis for critical criminologists Messages about crime violence and punishment in sport mirror broader relations of power that exist off the field Situated at the intersections of sport sporting culture and crime Power Played blows the whistle on the harm violence and exploitation embedded within Alternatives to Privatizing Public Education and Curriculum

Daniel Ness,Stephen J. Farenga,2017-03-16 Through conversations in honor of Dale D Johnson this book takes a critical view of the monoculture in curriculum and policy that has developed in education with the increase of federal funding and privatization of services for public education and examines the shift from public interest and control to private and corporate shareholder hegemony Most states educational responsibilities assessment of constituents curriculum development and instructional protocols are increasingly being outsourced to private enterprises in an effort to reduce state budgets These enterprises have been given wide access to state resources such as public data from state sanctioned testing results field testing rights to public schools and financial assistance Chapter authors challenge this paradigm as well as the model that has set growing premiums on accountability and performance measures Connecting common impact between the standards movement and the privatization of education this book lays bare the repercussions of high stakes accountability coupled with increasing privatization Winner of The Society of Professors of Education Book Award 2018 **American Government**

Scott F. Abernathy,2017-11-27 American government is not just one story it s many stories Our stories And they are still being told In American Government Stories of a Nation author Scott Abernathy tunes in to the voices of America s people showing how diverse ideas throughout our nation s history have shaped our political institutions our identities the way we

participate and behave the laws we live by and the challenges we face His storytelling approach brings the core concepts of government to life making them meaningful and memorable and allowing all students to see themselves reflected in the pages For the new Brief Edition Abernathy has carefully condensed and updated the content from the Full version giving you the information you need and the stories you can relate to in a more concise value oriented package *Humane Health Care for Prisoners* Kenneth L. Faiver, 2017-05-05 A useful research resource and handy reference this book discusses the many important ethical and legal issues that arise in the delivery of health care to prisoners at correctional facilities It references national standards of professional practice as well as the advice of recognized experts The mission of corrections is the care and custody of prisoners with a view to public safety within a place dedicated to punishment while the mission of the medical and mental health professionals in a corrections facility is to care for the health and well being of the prisoners Both have a duty to provide care but their differing roles and objectives give rise to ethical role conflict and disagreement regarding appropriate care strategies *Humane Health Care for Prisoners* considers important ethical and legal issues that arise in the delivery of health care to prisoners covering topics such as privacy confidentiality informed consent extended isolation and solitary confinement use of mace strip searches and body cavity searches and medical experimentation on prisoners as human subjects It also considers participation by health care professionals in capital punishment coerced substance abuse treatment how much health care to provide organizational structure and hierarchy cooperation between correctional and health care staff and the importance of recognizing mental illness as a chronic condition This book is informative for professionals working in corrections facilities such as physicians psychiatrists psychologists nurses wardens jail administrators sheriffs and corrections officials as well as legislators and decision makers attorneys involved in correctional healthcare lawsuits students of criminal justice and those seeking to work in the field of correctional health care or in corrections Additionally students and professors of medical ethics will find this book helpful in illustrating real life topics for research and discussion *Exposed* Christopher T. Robertson, 2019-12-17 A sharp expos of the roots of the cost exposure consensus in American health care that shows how the next wave of reform can secure real access and efficiency The toxic battle over how to reshape American health care has overshadowed the underlying bipartisan agreement that health insurance coverage should be incomplete Both Democrats and Republicans expect patients to bear a substantial portion of health care costs through deductibles copayments and coinsurance In theory this strategy empowers patients to make cost benefit tradeoffs encourages thrift and efficiency in a system rife with waste and defends against the moral hazard that can arise from insurance But in fact as Christopher T Robertson reveals this cost exposure consensus keeps people from valuable care causes widespread anxiety and drives many patients and their families into bankruptcy and foreclosure Marshalling a decade of research *Exposed* offers an alternative framework that takes us back to the core purpose of insurance pooling resources to provide individuals access to care that would otherwise be unaffordable Robertson shows how the cost exposure

consensus has changed the meaning and experience of health care and exchanged one form of moral hazard for another. He also provides avenues of reform. If cost exposure remains a primary strategy, physicians, hospitals, and other providers must be held legally responsible for communicating those costs to patients, and insurance companies should scale cost exposure to individuals' ability to pay. New and more promising models are on the horizon if only we would let go our misguided embrace of incomplete insurance.

Radical Challenges to the Family Ashley Lavelle, 2016-03-03. Defending the nuclear family and extolling family values have long been central features of politics in capitalist societies in spite of radical left challenges from social counter-cultural and gay rights movements. This book examines these challenges as they emerged in the 1960s and 1970s, re-appraising their relevance in the light of recent developments including the spread of more diverse family forms and the rise of the same-sex marriage movement. Drawing on archival research in the US, UK, and Australia, the author asks what the emergence of same-sex marriage movements and legislation mean for challenges to the nuclear family in the light of an original general hostility to marriage and family structures in the gay liberation movement, whilst considering the extent to which the nuclear family might be included in the list of social and economic institutions subject to criticism on the part of more recent anti-capitalist movements such as Occupy. A detailed study of the extent to which the nuclear family remains susceptible to the radical critiques of the last century. *Radical Challenges to the Family* examines whether the original challenges shed light on ensuring social problems including domestic violence, child abuse, homophobia, and growing marital dissatisfaction. As such, it will appeal to scholars of sociology and politics with interests in gender and sexuality, the sociology of the family, and feminist thought.

Varmints and Victims Frank Van Nuys, 2015-11-09. It used to be: If you see a coyote, shoot it. Better yet, a bear. Best of all, perhaps, a wolf. How we've gotten from there to here, where such predators are reintroduced, protected, and in some cases revered, is the story Frank Van Nuys tells in *Varmints and Victims*, a thorough and enlightening look at the evolution of predator management in the American West. As controversies over predator control rage on, *Varmints and Victims* puts the debate into historical context, tracing the West's relationship with charismatic predators like grizzlies, wolves, and cougars from unquestioned eradication to ambivalent recovery efforts. Van Nuys offers a nuanced and balanced perspective on an often emotional topic, exploring the intricacies of how and why attitudes toward predators have changed over the years. Focusing primarily on wolves, coyotes, mountain lions, and grizzly bears, he charts the logic and methods of management practiced by ranchers, hunters, and federal officials. Broad in scope and rich in detail, this work brings new, much-needed clarity to the complex interweaving of economics, politics, science, and culture in the formulation of ideas about predator species and in policies directed at these creatures. In the process, we come to see how the story of predator control is in many ways the story of the American West itself, from early attempts to connect the frontier region to mainstream American life and economics to present ideas about the nature and singularity of the region.

Summer Regents Ny 2014: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
