Hormisdas Ndayishimiye,2014-02-12 Heritage from Father is a poignant testimony on the suffering from discrimination and the 1994 Genocide against the Tutsi in Rwanda It is also a testimony of love compassion and healing after the authors parents six brothers and sisters were killed in the genocide In this testimony the author highlights his awareness of Gods blessings upon him through people from different cultural and ethnic backgrounds It is evidence that the awareness reminds him of the values of gratitude and faith instilled by his father from early age The very values that had healed his father during the persecutions of the Tutsi in the years that preceded the horror of the 1994 genocide Heritage from Father is also an account of how the saving hand of remembrance kept away from him the pressing need for hatred that had started to overrun him and how it urged him to life in peace instead with himself and with the world This is particularly true in his personal style of forgiving the executioners of his family and relatives in spite of their refusal to own responsibility

Shrisunder, 1999 **A BOUQUET OF MEMORIES FOR AN AMERICAN DAUGHTER** Gisela Norat, 2023-05-30 In this memoir childhood recollections become the springboard for depicting the challenges of a Latina an immigrant and a bicultural mother in the United States The vignettes of life under communist rule in her native Cuba help readers glean a harsh contrast with the civil liberties Americans enjoy Infused with humor and candid introspection the writing tackles the pitfalls the contradictions and the cultural scimmages that emerge after marriage to an Anglo man and during the upbringing of their bicultural daughter

When her enthusiasm for Spanish language immersion at home meets with the child's resistance the author is forced to question the visceral attachment she feels for her birth language. Stumbling through motherhood she ponders how to live an authentic sense of self while mothering in English. She resolves not to push the daughter to speak Spanish and risk damaging their mother-daughter bond. Instead the author begins to write and crafts this family legacy as an invitation for her daughter to embrace her Cuban-Spanish lineage. This Latina mother's journey of self-reflection dredges memories of her birthplace, family exile, cultural adaptation and social integration. Through the narrative lens of a child, refugee, daughter, wife, mother, professor and an acculturated Cuban American, the author depicts the culture-clashing complexities of her biculturalism. It is while examining the precariousness of family relationships that the author arrives at a deeper understanding of the nuances of ethnic identity. Through this writing she achieves a genuine embrace of the extraordinary adoptive country that irrevocably ties her to her beloved American daughter. May you reader be inspired to collect and stitch for posterity your tapestry of family stories.

Milk and Honey Gregory J. Bayer, 2020-09-01

When an inexperienced soldier and local young woman have a serendipitous meeting during the most turbulent time in 20th century Germany, their son Erich is forced to grow up in a war-torn country. As he grows, anger and bitterness seeps from the chaotic streets into Erich's childhood home. He faces numerous challenges such as being born to an unwed mother, foraging for food, water and heat while navigating the dangers of battle externally and internally, exposing the desperation and perils of surviving on a daily basis. In the end, teenaged Erich jumps at the opportunity to emigrate to America. Quickly he realizes that the change in residence doesn't necessarily mean totally leaving Germany behind as he is embraced by a group of expats. Ironically soon thereafter, given his appreciation for the American GI, he enlisted in the U.S. Army and stationed back in Germany. Filled with fascinating and heartbreaking details of a war-scarred Germany, Erich's story reveals harsh life lessons about growing up, survival and how eventually life arises from the ashes.

The Story of a Life Simone M.

Kleckner, 2015-12-02 Prior to WWII when the Romanian monarchy modernized the nation, Romania became one of the richest countries in Europe. During that time, my family was a part of privileged intellectuals and land owners. After 1939, Romania was subjected to Fascism against her will, and after 1945 the country came under Communist rule. All of us were reduced to poverty. I have witnessed how the Communist regime marginalized people and suppressed individual liberty, private initiative, lack of opportunities and hope. I used the course of my life and decided to write its story for the purpose of showing others what an unsuccessful socialist-Marxist government means. When it came to power, the State seized the fruits and the bounty it found, however, without producing anything on its own, except thousands of deaths and political prisoners. This is my story under a Communist regime when I lost my liberty.

A New Frederick Albert was a soldier in Hitler's army, captured by the Allies and shipped to a prisoner of war camp in the Arizona desert. Like most other black nurses, Elinor pulled

a second class assignment in a dusty sun baked and segregated Western town The army figured that the risk of fraternization between black nurses and white German POWs was almost nil Brought together by unlikely circumstances in a racist world Elinor and Frederick should have been bitter enemies but instead at the height of World War II they fell in love Their dramatic story was unearthed by journalist Alexis Clark who through years of interviews and historical research has pieced together an astounding narrative of race and true love in the cauldron of war Based on a New York Times story by Clark that drew national attention *Enemies in Love* paints a tableau of dreams deferred and of love struggling to survive twenty five years before the Supreme Court's *Loving* decision legalizing mixed race marriage revealing the surprising possibilities for human connection during one of history's most violent conflicts
