works with or near a hedge fund but has no idea what they really do Does not matter The only thing you need to have is a desire to start learning If you are familiar with some of it you can build on it here If you are beginning from scratch just as I myself was you are in good hands About 30 The third version of From Zero to Sixty is an update on many of the growing trends in hedge funds and private equity from the rise and fall of global macro investing to the emergence of sovereign wealth funds as the most powerful investing entities on Earth Performance figures and statistics are updated New concepts like short squeezes are brought to light It is more of what you want to know Despite the 30 moniker and the new cover this book's goal remains the same Bring people up to speed on a fast moving and complicated industry full of difficult lingo This book is an education a learning course set up with you in mind That has not changed The world changes every day This book wants you to help you keep up with it Comprehensive Annual Financial Report of the City of Lansing, Michigan, Fiscal Year Ended June 30 ...
