Letters of the Catholic Poor Lindsey Earner-Byrne, 2017-01-11 This innovative study of poverty in Independent Ireland between 1920 and 1940 is the first to place the poor at its core by exploring their own words and letters Written to the Catholic Archbishop of Dublin their correspondence represents one of the few traces in history of Irish experiences of poverty and collectively they illuminate the

lives of so many during the foundation decades of the Irish state This book keeps the human element central so often lost when the framework of history is policy institutions and legislation It explores how ideas of charity faith gender character and social status were deployed in these poverty narratives and examines the impact of poverty on the lives of these writers and the survival strategies they employed Finally it considers the role of priests in vetting and vouching for the poor and in so doing perpetuating the discriminating culture of charity *Egyptian Dream* Noha Mellor,2015-11-12 This book argues that the fragmentation in the political scene reflects the increasing social division as an outcry to re define the Egyptian national identity *Affective Polarisation* Jana Gohrisch,Gesa Stedman,2023-09-25 Inequality is an ever present danger in our society This important book addresses the crucial nexus between the lived experience of inequality and how it shapes political responses With contributors from the UK and Continental Europe the book compiles case studies with theoretically informed discussions of the relationship between affective polarisation social inequality and the fall out from Brexit and COVID 19 Using a broad concept of social inequality the book incorporates aspects of economy and society language and emotion culture as well as interviews and film in historical and transnational perspectives The contributors offer a powerful examination of the ways in which the politics of the UK and the lived experiences of its residents have been reframed in the first decades of the 21st century *ED* Mehdi Hasan,2012-09-26 What makes a man put politics and ambition before family Ed Miliband is perhaps the least understood political leader of modern times Brought up against A backdrop of tragedy with a prominent Marxist thinker for a father Ed followed his brother to the same college at Oxford into Parliament and into the Cabinet before at the eleventh hour snatching away David s dream of the leadership This new and fully updated edition follows Ed through the highs of leading the charge against Rupert Murdoch and News International to the lows of plummeting poll ratings poor press and that infamous Blackbustlers tweet Yet in the wake of Osborne s omnishambles Budget and Labour s impressive gains in May 2012 s local elections political commentators have started to ask with increasing volume if we could indeed see Prime Minister Ed Miliband As the 2015 general election approaches Mehdi Hasan and James Macintyre ask the important questions Is Ed up to the job Can he be trusted on the economy And will he manage to bury the hatchet with David and bring his brother back to the Labour frontbench **When We're 64** Louise Ansari,2019-09-19 The essential guide to making sure you have a fabulous later life You re likely to live longer than you think Today s fifty year olds could have an astounding 36 or more years of life What s your dream life for your later years *When We re 64* is a friendly practical guide to preparing for what could be the best years of your life from the essentials on work and how to fund retirement to volunteering where to live and what kind of housing you ll need It covers how to stay healthy and still live a full life if you get a health condition and reveals how your attitude to ageing could actually increase your lifespan There are sections on relationships with family and friends as well as caring for older relatives and how to tackle loneliness Packed with expert advice and new evidence and tips on how to age well this route map will help you plan and prepare for the future

Railway Review, 1924 *Railway and Engineering Review*, 1924 *Hard Times* Tom Clark, Anthony Francis Heath, 2015-01-01 Originally published 2014 as *Hard times the divisive toll of the economic slump* *"The" Century Dictionary: The Century dictionary* William Dwight Whitney, Benjamin Eli Smith, 1895 **Partisan Dealignment and the Blue-Collar Electorate in France** Sally Marthaler, 2020-01-02 This book explores partisan dealignment in France between 1978 and 2012 with a particular focus on the blue collar electorate and its relationship with the political parties of the established left the Socialist Party or Parti socialiste and the Communist Party or Parti communiste français It highlights the distinctiveness of blue collar partisanship in a context of significant political social and economic change and compares it with patterns of partisanship in the wider electorate The voter party relationship is self evidently a bilateral one which can be modified both on the demand side because voters change and on the supply side because parties change Four factors are identified as playing a key role in partisan dealignment value change policy convergence political sophistication and political trust There is compelling evidence that while each of these makes a contribution it is changes in the behaviour of the parties that are driving partisan dealignment among blue collar workers in France *Living Wages and the Welfare State* Shaun Wilson, 2021-05-10 Addressing the rapidly shifting politics of the minimum wage in six English speaking countries Shaun Wilson analyses minimum wage policies within a political economy narrative Topical and poignant this book identifies the success of living wage campaigns as central to both welfare state change and alternatives to the Basic Income **The Mask and the Flag** Paolo Gerbaudo, 2017-05-15 The populist turn to street protest and the reasons behind its global resurgence are the twin themes of this timely analysis *The Fault Lines of Inequality* Huw Macartney, Johnna Montgomerie, Daniela Tepe, 2022-05-03 This book examines how decisions made by the Conservative government during the COVID19 pandemic have increased economic inequality in the UK Decades of austerity asset based welfare and financialization had already exacerbated social divisions in the UK prior to the pandemic The political blueprint behind these measures combined Privatized Keynesianism and the Asset Economy To explain economists have highlighted that inequality derives from the fact that income from wealth increases at a faster rate than income from wages The ensuing political assumption is that in the face of pressures on public finances promoting asset ownership is the best alternative to government funded welfare schemes What this meant as the pandemic unfolded was that when tough decisions about resource allocation needed to be made the UK Treasury and the Bank of England found almost unlimited funds to rescue and protect asset holders and middle income homeowners whilst reverting to a narrative of misfortune for the asset less poor This book assesses the political decisions taken by UK policymakers during 2020 21 and their consequences In doing so it challenges policymakers and the informed public to reconsider the morality of inequality and to make alternative decisions to promote a more ecologically sustainable caring equal and prosperous society **Society Today** Norman Goodman, Gary T. Marx, 1982 *Memoirs on the Physiology of Nerve, of Muscle and of the Electrical Organ* Sir John Burdon-Sanderson, 1887
