Warren Buffett Andrew Kilpatrick,1992 Beginning in 1956 in a spare bedroom in his parents Omaha Nebraska home Warren Buffett has built a personal fortune of four billion dollars Today Berkshire Hathaway the investment company he controls has eleven billion dollars in assets including major holdings in Coca Cola Wells Fargo American Express and Capital Cities ABC But Warren Buffet is much more than wealthy and successful The man Fortune magazine has ranked as the eighth richest American has managed to accumulate this enormous wealth while maintaining a unique reputation for the highest integrity and ethics in the often cutthroat world of American business and high finance So impeccable is his reputation in fact that in August 1991 when the venerable Wall Street firm of Salomon Inc was abruptly rocked by a bond trading scandal that threatened its very future Warren Buffett was the unanimous choice of Salomon s board of directors of its clients of the Federal government of regulators investigators and investors to take over as interim chairman and restore the firm s shattered reputation In Warren Buffet The Good Guy of Wall Street veteran business journalist Andrew Kilpatrick presents the story of Warren Buffet from his roots in Omaha where his family goes back five generations his youth nicknamed Fireball by his father he early demonstrated a gift for making money and at age eleven was making 1 000 a year from two paper routes his education at Columbia University School of Business Harvard rejected him on the basis of a ten minute interview and how at age twenty six he started the Buffett Partnership Kilpatrick explores Berkshire Hathaway s ownership of less glamorous but hugely profitable companies such as GEICO Insurance See s Candies Wesco Finance Nebraska Furniture Mart Scott Feltzer Manufacturing and the World Book Encyclopedia He provides insights into Buffett s business philosophy his unqualified insistence on integrity and his most daring financial operations This is the portrait of a man who made a fortune the old fashioned way who eschewed the risky short term strategies of the greed ridden 1980s in favor of commonsense investments in companies of genuine permanent value Kilpatrick reveals an extraordinary human being who combines financial genius impeccable ethics surprising to some and a wonderful sense of humor Warren Buffett is an American original and this is his story BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Dangerous Convictions Thomas Hodge Allen,2013-02-07 The rhetoric of the 2012 presidential campaign exposed the deeply rooted sources of political polarization in American One side celebrated individualism and divided the public into makers and takers the other preached better together as the path forward Both focused their efforts on the base not the middle In *Dangerous Convictions* former Democratic Congressman Tom Allen argues that what s really wrong with Congress is the widening hardening conflict in worldviews that leaves the two parties unable to understand how the other thinks about what people should do on

their own and what we should do together Members of Congress don't just disagree they think the other side makes no sense Why are conservatives preoccupied with cutting taxes uninterested in expanding health care coverage and in denial about climate change What will it take for Congress to recover a capacity for pragmatic compromise on these issues Allen writes that we should treat self reliance the quintessential American virtue and community our characteristic instinct to cooperate as essential balancing components of American culture and politics instead of setting them at war with each other Combining his personal insights from 12 years In Congress with recent studies of how human beings form their political and religious views Allen explains why we must escape the grip of our competing worldviews to enable Congress to work productively on our 21st century challenges **U.S. News & World Report** ,1991
