The anthology *Transgender in Indian Context: Rights and Activism* is written as a plea for transgender community in India, neglected and deprived for long. The anthology with an effort to touch the soft corner of Indian hearts for this invisible class tries to lay bare almost all those factors which are responsible to stigmatise their life and show almost all requisites through which this community so long denied to social positioning can meet dignified life on both familial and societal surface. The anthology has covered twenty well-explored articles on this serious issue which is the need of the day. Some of the articles in this anthology dealing with

popular transgender autobiographies have endeavoured to explore the real life experience of transgender community in India showing their hard struggle to come into societal surface from their hidden marginal existence Authors are very deep and sincere to articulate their ideas and hopefully see the service of humanity through their esteemed works in this anthology
