Lewis--The Work of Christ Revealed** P. H. Brazier,2012-08-14 C S Lewis *The Work of Christ Revealed* focuses on three doctrines or aspects of Lewis s theology and philosophy his doctrine of Scripture his famous mad bad or God argument and his doctrine of christological prefigurement In each area we see Lewis innovating within the tradition He accorded a high revelatory status to Scripture but acknowledged its inconsistencies and shrank away from a theology of inerrancy He took a two thousand year old theological tradition of *aut Deus aut malus homo* either God or a bad man and developed it in his own way Most innovative of all was his doctrine of christological prefigurement intimations of the Christ event in pagan mythology and ritual This book forms the second in a series of three studies on the theology of C S Lewis titled *C S Lewis Revelation and the Christ* www.cslewisandthechrist.net The books are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis s work **Emotion regulation and cognitive processes** Carmen Moret-Tatay,Vilfredo De Pascalis,2023-08-24 *The Naked Gaze* Carlos Rojas,2020-03-17 This is a study of visuality in early modern and modern China Its focus however is not so much on imagery per se but rather on how vision itself has been conceived imagined and deployed in a variety of discursive contexts Of particular interest is how these discourses of vision have been used to

articulate issues of gender and desire and specifically processes of gendered subject formation Through detailed readings of narrative works by eight authors of the nineteenth and twentieth centuries ranging from the canonical to the popular to the esoteric the study identifies three distinct constellations of visual concerns corresponding to the late imperial mid twentieth century and contemporary periods respectively At the same time however it argues that those historical periodizations themselves do not reflect a smooth unidirectional temporal movement rather they are the result of a complex process of retrospection and anticipatory projection The goal of this volume is to use a focus on tropes of visibility and gender to reflect on shifting understandings of the significance of Chineseness modernity and Chinese modernity *Handbook of PTSD, Second Edition* Matthew J.
