Wanderlust A History Of Walking:

Wanderlust Rebecca Solnit, 2000 Arguing that walking as history means walking to enjoy nature as well as for political and social meaning Solnit profiles the walkers whose everyday and extreme acts have shaped our culture Wanderlust Rebecca Solnit, 2022-07 A reissue of the profound and meandering modern classic about the historical political and philosophical paths traced by walkers Wanderlust Rebecca Solnit, 2000-04-01 Draws together many histories of anatomical evolution city design of treadmills labyrinths of walking clubs sexual mores to create a portrait of the range of possibilities for this most basic act Argues that walking as history signifies walking for pleasure for political aesthetic social meaning Hones in on the walkers whose everyday extreme acts have shaped our culture from the peripatetic philosophers of ancient Greece to the poets of the Romantic Age from the perambulations of the Surrealists to the ascents of the mountaineers There is a profound relationship between walking thinking walking culture Argues for the necessity of preserving the time space to walk in an ever more auto dependent accelerated world **Wanderlust** Rebecca Solnit, 2000 Discusses walking as a political social and aesthetic act exploring its history and how famous walkers such as Wordsworth Socrates and Jane Austen's characters used it and explains the necessity of walking instead of always driving and hurrying

Walking Washington's History Judy Bentley, 2016-04-01 Walking Washington's History Ten Cities a follow up to Judy Bentley's bestselling Hiking Washington's History showcases the state's engaging urban history through guided walks in ten major cities Using narrated walks maps and historic photographs Bentley reveals each city's aspirations She begins in Vancouver established as a fur trade emporium on a plain above the Columbia River and ends with Bellevue a bedroom community turned edge city In between readers crisscross the state with walks through urban Olympia Walla Walla Tacoma Seattle Everett Bellingham Yakima and Spokane Whether readers pass through these cities as tourists or set out to explore their home terrain they will discover both the visible and invisible markers of Washington history underfoot **Everyday Objects** Tara Hamling, Catherine Richardson, 2016-12-14 This book is about the objects people owned and how they used them Twenty three specially written essays investigate the type of things that might have been considered everyday objects in the medieval and early modern periods and how they help us to understand the daily lives of those individuals for whom few other types of evidence survive for instance people of lower status and women of all status groups Everyday Objects presents new research by specialists from a range of disciplines to assess what the study of material culture can contribute to our understanding of medieval and early modern societies Extending and developing key debates in the study of the everyday the chapters provide analysis of such things as ceramics illustrated manuscripts pins handbells carved chimneypieces clothing drinking vessels bagpipes paintings shoes religious icons and the built fabric of domestic houses and guild halls These things are examined in relation to central themes of pre modern history for instance gender identity space morality skill value ritual use belief public and private behaviour continental influence materiality emotion technical innovation status

competition and social mobility This book offers both a collection of new research by a diverse range of specialists and a source book of current methodological approaches for the study of pre modern material culture The multi disciplinary analysis of these everyday objects by archaeologists art historians literary scholars historians conservators and museum practitioners provides a snapshot of current methodological approaches within the humanities Although analysis of material culture has become an increasingly important aspect of the study of the past previous research in this area has often remained confined to subject specific boundaries This book will therefore be an invaluable resource for researchers and students interested in learning about important new work which demonstrates the potential of material culture study to cut across traditional historiographies and disciplinary boundaries and access the lived experience of individuals in the past

A History of Solitude David Vincent,2020-05-06 Solitude has always had an ambivalent status the capacity to enjoy being alone can make sociability bearable but those predisposed to solitude are often viewed with suspicion or pity Drawing on a wide array of literary and historical sources David Vincent explores how people have conducted themselves in the absence of company over the last three centuries He argues that the ambivalent nature of solitude became a prominent concern in the modern era For intellectuals in the romantic age solitude gave respite to citizens living in ever more complex modern societies But while the search for solitude was seen as a symptom of modern life it was also viewed as a dangerous pathology a perceived renunciation of the world which could lead to psychological disorder and anti social behaviour Vincent explores the successive attempts of religious authorities and political institutions to manage solitude taking readers from the monastery to the prisoner s cell and explains how western society s increasing secularism urbanization and prosperity led to the development of new solitary pastimes at the same time as it made traditional forms of solitary communion with God and with a pristine nature impossible At the dawn of the digital age solitude has taken on new meanings as physical isolation and intense sociability have become possible as never before With the advent of a so called loneliness epidemic a proper historical understanding of the natural human desire to disengage from the world is more important than ever The first full length account of its subject *A History of Solitude* will appeal to a wide general readership

What Happens When We Practice Religion? Robert Wuthnow,2020-05-19 He favors the use of a broad range of analytic tools drawn from multiple disciplines and approaches to the study of religion The five chapters of this book describe the central concepts and arguments now advancing the study of religious practice Chapter 1 entitled Theories discusses the theoretical contributions associated with the aforementioned shift in religious studies to the investigation of religious practice Chapter 2 Situations discusses how religious activities and experiences are shaped by the physical and temporal spaces in which social action occurs Chapter 3 Intentions takes on an important topic that has proven difficult to study from a social science perspective Feelings are the focus of Chapter 4 and the role of Bodies is addressed in Chapter 5

The Fatal Breath David Vincent,2023-09-11 *The Fatal Breath* is the first full scale history of the Covid 19 pandemic in Britain Deploying a rich

archive of personal testimonies together with a wide range of research reports and official data it presents a moving and challenging account of the crisis that enveloped Britain and the world in the spring of 2020 With sensitivity care and an historian's critical eye David Vincent places the pandemic in context While much contemporary commentary has assumed people were forced to develop entirely new ways of living and working during lockdown Vincent reveals how the population was able to draw upon a wealth of resources and coping strategies already seen over the centuries often reacting far more quickly and effectively than slow moving authorities He tells the stories of doctors and nurses time on the frontlines reveals the true extent of supply shortages conspiracy theories and vaccine resistance and explores individuals newfound appreciation of nature and community in lockdown The Fatal Breath will appeal to anyone seeking to reflect on the past few years and how the pandemic has changed Britain for better and for worse

Sensing Changes Joy Parr, 2010-07-01 Our bodies are archives of sensory knowledge that shape how we understand the world But if global environmental changes continue at their present unsettling pace how will we make sense of time and place when the air land and water around us are no longer familiar Joy Parr one of Canada's premier historians tackles this question by exploring situations in the recent past when state driven megaprojects such as chemical plants dams nuclear reactors transportation corridors and new regulatory regimes forced people to cope with radical transformations in their work and home environments In each case the familiar was transformed so thoroughly that residents no longer recognized where they lived or by implication who they were Sensing Changes and its associated website <http://megaprojects.uwo.ca> make a key contribution to environmental history and the emerging field of sensory history This study offers a timely prescient perspective on how humans make sense of the world in the face of rapid environmental change

Following Norberg-Schulz Anna Ulrikke Andersen, 2021-12-16 This book examines the window in the life and work of the seminal architectural thinker Christian Norberg Schulz 1926-2000 It draws new attention to his architectural designs and re-examines his acclaimed theoretical work on the phenomenology of architecture and place within the context of a biography of his life linking him with other historical figures such as Helen Keller and Rainer Maria Rilke and framing him within the modernist tradition of the latter Taking a novel experimental approach the book also explores the potential of the essay film as an innovative new approach to producing architectural history Bridging archival research and artistic exploration its ten chapters written by an architectural historian who is also a film maker are each accompanied by a short documentary film hosted online and linked from within the chapter which use the medium of film to creatively explore and delve deeper into little known aspects of Norberg Schulz's theory of genius loci and the phenomenology of architecture The book questions what it means to follow those who came before exploring the positionality of the architectural historian filmmaker Offering an insightful account of the life work and theory of a key thinker Following Norberg Schulz is also essential reading for those interested in practice led research methodologies particularly in the practice of film making and the essay film providing a highly innovative example of scholarly research

which bridges the text film gap **Mountains and Megastructures** Martin Beattie, Christos Kakalis, Matthew Ozga-Lawn, 2020-12-21 This book explores the shared qualities of mountains as naturally formed landscapes and of megastructures as manmade landscapes seeking to unravel how each can be understood as an open system of complex network relationships human natural and artificial By looking at mountains and megastructures in an interchangeable way the book negotiates the fixed boundaries of natural and artificial worlds to suggest a more complex relationship between landscape and architecture It suggests an ecological understanding of the interconnectedness of architecture and landscape and an entangled network of relations Urban colonialist fictional rural and historical landscapes are interwoven into this fabric that also involves discontinuities tensions and conflicts as parts of a system that is never linear but rather fluid and organic as driven by human endeavor Books and Beyond Kenneth Womack, 2008-10-30 There s a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey s Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement This set provides a snapshot of the current state of popular American literature including various types and genres The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction GLBTQ literature graphic novels manga and anime and zines Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre s reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention While students continue to read many of the standard classics new genres have emerged These have captured the attention of general readers and are also playing a critical role in the language arts classroom This book maps the state of popular literature and reading in America today including the growth of new genres such as cyberpunk zines flash fiction GLBTQ literature and other topics Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre s critical reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Students will find this book a valuable guide to what they re reading today and will appreciate its illumination of popular culture and contemporary social issues **Configurations of Migration** Jennifer Leetsch, Frederike Middelhoff, Miriam Wallraven, 2023-10-24 In a global context in which phenomena of migration play an ever more important role the ways individual and collective experiences of migration are covered in the media represented in culture and interpreted are coming under increasing scrutiny This book explores the complex relationship between creative engagements with migration

on the one hand and forms of knowledge about migration on the other inquiring into the ways aesthetic practices are intertwined with knowledge structures The book responds to three pressing research questions First it analyses how fictional texts plays images films and autobiographical accounts mediate forms of knowledge about migration Second it identifies the ways in which specific media approaches and aesthetic practices influence people s ideas about and awareness of migratory experiences in a globalized world Finally it delineates how historical perspectives help us compare epistemological approaches to migration in the nineteenth twentieth and early twenty first centuries and how these approaches affect the way critics and the public responded to and thought about different forms of forced migration Bringing together renowned scholars working across disciplines it investigates the possibilities and limitations that different media present when it comes to reflecting on communicating and imagining experiences of migration and how these representations in turn create ways of knowing and understanding migration

Writing Architectures Hélène Frichot, Naomi Stead, 2020-10-29 Architects and fiction writers share the same ambition to imagine new worlds into being Every architectural proposition is a kind of fiction before it becomes a built fact likewise every written fiction relies on the construction of a context in which a story can take place This collection of essays explores what happens when fiction experimental writing and criticism are combined and applied to architectural projects and problems It begins with ficto criticism an experimental and often feminist mode of writing which fuses the forms and genres of essay critique and story and extends it into the domain of architecture challenging assumptions about our contemporary social and political realities and placing architecture in contact with such disciplines as cultural studies literary theory and ethnography These sixteen newly written pieces have been selected for this volume to show how ficto critical writing can be a powerful vehicle for creative architectural practice providing new opportunities to explore modes of writing about architecture both within and beyond the discipline The collection represents a broad range of geographical and cultural positions including indigenous and non Western contexts and includes a foreword and afterword by important thinkers in the domains of architectural criticism Jane Rendell and cultural studies ethnography Stephen Muecke
