After the End of Art Arthur C. Danto,2021-06-08 The classic and provocative account of how art changed irrevocably with pop art and why traditional aesthetics can t make sense of contemporary art A classic of art criticism and philosophy After the End of Art continues to generate heated debate for its radical and famous assertion that

art ended in the 1960s Arthur Danto a philosopher who was also one of the leading art critics of his time argues that traditional notions of aesthetics no longer apply to contemporary art and that we need a philosophy of art criticism that can deal with perhaps the most perplexing feature of current art that everything is possible An insightful and entertaining exploration of art s most important aesthetic and philosophical issues conducted by an acute observer of contemporary art After the End of Art argues that with the eclipse of abstract expressionism art deviated irrevocably from the narrative course that Vasari helped define for it in the Renaissance Moreover Danto makes the case for a new type of criticism that can help us understand art in a posthistorical age where for example an artist can produce a work in the style of Rembrandt to create a visual pun and where traditional theories cannot explain the difference between Andy Warhol s Brillo Box and the product found in the grocery store After the End of Art addresses art history pop art people s art the future role of museums and the critical contributions of Clement Greenberg whose aesthetics based criticism helped a previous generation make sense of modernism Tracing art history from a mimetic tradition the idea that art was a progressively more adequate representation of reality through the modern era of manifestos when art was defined by the artist s philosophy Danto shows that it wasn t until the invention of pop art that the historical understanding of the means and ends of art was nullified Even modernist art which tried to break with the past by questioning the ways in which art was produced hinged on a narrative

The Encyclopedia of the FBI's Ten Most Wanted List Duane Swierczynski, 2014-02-04 In 1949 a crime reporter looking for a way to fill a column published the nation s ten worst criminals as classified by the FBI two accused murderers four escaped convicts a bank robber and three confidence men In addition to the stark black and white photos that accompanied the article the public was most moved by the idea that law enforcement was asking them for help Fired up by the gesture of confidence Americans banded together to wholeheartedly support the motion leading to tips that helped facilitate the capture of the advertised criminals Some of those on the list even surrendered voluntarily due to the increased publicity The rogues gallery showcases fugitives such as William Raymond Nesbit first on the list to be captured James Earl Ray assassin of Martin Luther King Jr Ted Bundy ruthless serial killer Ruth Eisemann Schier kidnapper and first woman to make the Top Ten Ramzi Ahmed Yousef 1993 World Trade Center bomber This encyclopedia includes criminals photographs crime details and interesting fugitive facts as well as a brief history of the list and what it has accomplished in more than fifty years
