

The background of the entire cover is an impressionist painting of a rainy street scene. In the foreground, a woman in a dark dress and white apron holds a large red umbrella. Other figures with umbrellas are visible in the background, and the ground is wet and reflective. The overall style is reminiscent of J.M.W. Turner's work.

point of view interior monologue and narrators who were not necessarily reliable brought depth and interest to his fiction The Aspern Papers is one of his most notable short novels along with The Turn of the Screw In addition to fiction he published articles books of travel autobiography biography criticism and plays Among his masterpieces are Daisy Miller 1879 The Portrait of a Lady 1881 The Bostonians 1886 What Maisie Knew 1897 The Wings of the Dove 1902 and The Golden Bowl 1916 available in this series Classics Condensed by Cowley **Washington Square Annotated** Henry James,2021-02-14

disappointment to her father being physically plain and he believes dull in terms of personality and intellect His sister Lavinia Penniman a meddlesome woman with a weakness for romance and melodrama is the only other member of the doctor's household One day Catherine meets the charming Morris Townsend at a party and is powerfully drawn to him Townsend courts Catherine Sloper strongly disapproves believing Townsend to be a selfish idler who is after Catherine's money alone Penniman however regards the situation as romantic and continually meddles in an attempt to bring the two together When Townsend and Catherine announce their engagement Sloper investigates Townsend's background and believes him to be a parasitic spendthrift Sloper forbids his daughter to marry Townsend telling her that he will disinherit her if she does Sloper largely intends this threat as a stratagem to flush Townsend out if Townsend responds by breaking off the engagement not only will Sloper have succeeded in preventing the marriage but his assessment of Townsend's character will also be proven correct Townsend however suspects that Sloper is bluffing and that he will not leave his daughter penniless indeed this question is left unanswered even to the reader Townsend therefore continues the engagement but repeatedly defers scheduling the wedding

the novel was not included Readers though have sufficiently enjoyed the book to make it one of the more popular of James's works Indeed and has since been used in schools all over the world The novel is told in the first person omniscient point of view and the narrator often offers comments directly to the reader though it is an awkward confession to make about one's heroine I must add she was something of a glutton Chapter II The novel begins at a distance from the characters describing the background of the Sloper family It then recounts in detail the story of Catherine's romance with Morris Townsend When Morris jilts her the focus shifts back to a long view As the narrator puts it Our story has hitherto moved with very short steps but as it approaches its termination it must take a long stride The final few chapters are taken once more in short steps ending with the striking vignette of Catherine's refusal of Morris

HENRY JAMES **Washington Square** Henry James,2016-01-13 I During a portion of the first half of the present century and more particularly during the latter part of it there flourished and practised in the city of New York a physician who enjoyed perhaps an exceptional share of the consideration which in the United States has always been bestowed upon distinguished members of the medical profession This profession in America has constantly been held in honour and more successfully than elsewhere has put forward a claim to the epithet of liberal In a country in which to play a social part you must either earn your income or make believe that you earn it the healing art has appeared in a high degree to combine two recognised sources of credit It belongs to the realm of the practical which in the United States is a great recommendation and it is touched by the light of science a merit appreciated in a community in which the love of knowledge has not always been accompanied by leisure and opportunity It was an element in Dr Sloper's reputation that his learning and his skill were very evenly balanced he was what you might call a scholarly doctor and yet there was nothing abstract in his remedies he always ordered you to take something Though he was felt to be extremely thorough he was not uncomfortably theoretic and if he sometimes explained matters rather more minutely than might seem of use to the patient he never went so far like some practitioners one has heard of as to trust to the explanation alone but always left behind him an inscrutable prescription There were some doctors that left the prescription without offering any explanation at all and he did not belong to that class either which was after all the most vulgar
