book as will anyone interested in a thrilling and exciting read **The Memoirs of Sherlock Holmes** Arthur Conan Doyle,1953 *The Return of Sherlock Holmes* Sir Arthur Conan Doyle,2021-04-05 *The Return of Sherlock Holmes* by Arthur Conan Doyle The book consists of 13 stand alone short stories Watson expresses interest in the case of a young socialite Ronald Adair who has no apparent enemies and has recently been shot to death He misses Holmes who is thought to have died several years earlier at the hands of his archenemy Moriarty Holmes learns someone is breaking into various establishments and smashing busts of Napoleon When a man is murdered Holmes and Watson help Inspector Lestrade determine why someone is obsessed with these sculptures Holmes visits the place where this lot of sculptures was created and learns who purchased them He discovers a criminal hid a pearl in the wet plaster of one as he made a quick escape After serving a year in jail for a different crime the man had returned to find the pearl *The Return of Sherlock Holmes* Arthur Conan Doyle,2021-03-03 *The Return of Sherlock Holmes* by Arthur Conan Doyle *The Return of Sherlock Holmes* Sir Arthur Conan Doyle,2021-04-20 If there s a return there s got to be a departure You might be surprised to learn that Sherlock Holmes made a departure despite the popularity of Sir Arthur Conan Doyle s Holmes based stories the ophthalmologist turned writer grew weary of the detective and his antics In 1891 Doyle told his mother he wanted to kill off Sherlock Holmes and stop writing about him for good As a doctor his practice was floundering writing gave him a way to pass the time Yet it was also a distraction His mother begged him not to Two years later Doyle did it anyway using his work *The Final Problem* as Holmes last mystery In the story Holmes meets his end tumbling over Reichenbach Falls Much like a soap opera that keeps resurrecting dead characters Doyle brought Holmes back after a nearly ten year absence and lots of pleading by readers He explained that Holmes hoping to elude his enemies had merely faked his death to protect himself This book is a collection of thirteen Holmes cases published in 1903 and 1904 Let s take a look at the stories featured in *The Return of Sherlock Holmes*

The Valley of Fear Arthur Conan Doyle,1914 Sherlock Holmes short stories **The Return of Sherlock Holmes** Arthur DOYLE,2018-08-05 *The Return of Sherlock Holmes* almost quite literally begins with Dr John Watson practically being assaulted by an elderly deformed man with sharp wizened face peering out from a frame of white hair In any other story his constant companion mentor and fodder for his literary ambitions would give the old man a five second glance and proceed to spell out almost his entire life history By the time this strange encounter between Watson and the crooked old bibliophile takes place as described in the collection s opening tale *The Empty House* three have passed since Sherlock Holmes had fallen to his death from high above Reichenbach Fall locked in a lethal embrace with his nemesis Professor Moriarty all the way down to their doom The actual literal opening of *The Empty House* has John Watson revealing that he is still actively involved in the world criminology as revealed by his profound distress with evidence related to the murder of the Honourable Ronald Adair a murder which has gripped the attention of London somewhere to the level at which America was engrossed in the O J Simpson trial Watson s Sherlock like independent investigation into the seemingly impossible circumstances of a

murder by shooting in which nobody who should have been able to hear the gunfire reported doing so and in which the weapon which should have been discovered was not directly leads to Watson crossing path with the bothersome old crone Watson a military physician with experience in battlefield surgery faints for what he insists was the first and last time in his life when the simple act of turning his back on the old man for a few moments allows the old man to reveal himself at last as Watson's long lost and presumed roomie at 221B Baker Street And thus does The Empty House kick off a series of stories which quite literally tell the story of The Return of Sherlock Holmes from the grave Well that last part is maybe not so much literal

The Return of Sherlock Holmes Arthur Conan Doyle, Sir, 2017-09-23 Original text It was in the spring of the year 1894 that all London was interested and the fashionable world dismayed by the murder of the Honourable Ronald Adair under most unusual and inexplicable circumstances The public has already learned those particulars of the crime which came out in the police investigation but a good deal was suppressed upon that occasion since the case for the prosecution was so overwhelmingly strong that it was not necessary to bring forward all the facts Only now at the end of nearly ten years am I allowed to supply those missing links which make up the whole of that remarkable chain The crime was of interest in itself but that interest was as nothing to me compared to the inconceivable sequel which afforded me the greatest shock and surprise of any event in my adventurous life Even now after this long interval I find myself thrilling as I think of it and feeling once more that sudden flood of joy amazement and incredulity which utterly submerged my mind Let me say to that public which has shown some interest in those glimpses which I have occasionally given them of the thoughts and actions of a very remarkable man that they are not to blame me if I have not shared my knowledge with them for I should have considered it my first duty to have done so had I not been barred by a positive prohibition from his own lips which was only withdrawn upon the third of last month
