A Short History of British Colonial Policy Hugh Edward Egerton,2018-05-08 This volume discusses a short history of British Colonial policy With all its faults the book represents much reading and some thought In writing what is to some extent a history of opinion it has been impossible altogether to suppress my own individual opinions I trust however that I have not seemed to attach importance to them In dealing with the later periods I remembered Sir Walter Raleigh s remark on the fate which awaits the treatment of contemporary history but obscurity may claim its compensations and atleast I am not conscious of having written under the bias of personal or party prejudice New Approaches to State and Peasant in Ottoman History Halil Berktaý,Suraiya Faroqi,2016-04-06 Debates on the world historical place of the Ottoman Empire in the last few decades have been conducted mainly in Turkey but increasingly concepts have been introduced into the conversation from the study of European Chinese and Central Asian history This book first published in 1992 examines the nature of the Ottoman state from a variety of perspectives economic political and social
