Crescent Moon Shifters Mega Box Set Books 1-5 Ava Benton, 1. Lost. Tyson and some of his pack are acting as emissaries to other packs in the state when they suddenly spot something on the side of the road and he picks up the scent of blood. It's a girl lying in the road. She's beaten and bloody. Alicia wakes up, can't remember much other than her name and age. She's hurt. Someone seems to have beat the daylight out of her. And she's in someone else's—a male's—clothing. Then a rugged hot guy walks in. Now she realizes how lost she is. 2. Fear. Wolf shifter Jeremy is haunted. He knew the woman wasn't here, bleeding out in his arms. His blankets were shredded, as was the bed beneath them. He pushed the heels of his palms into his eyes. But the images of his nightmare remained seared into his mind. It wasn't the first time he'd had that dream. The details changed, but it always ended the same: the woman dead before him. His woman. His mate. Dead. Scholar, folklore expert and urban legend enthusiast Melanie Waters had chosen the southwestern corner of Montana. Lawless chaos reigned in the untamed vegetation. She hadn't only trekked out here for the breathtaking landscape. She was hoping to find evidence of something far more interesting and darker. And dangerous. Out of the many stories that surrounded these mountains, there was one she'd latched onto, mostly thanks to an incident about a decade ago. She'd always had an interest in folklore and tall tales, thanks to the stories her mother told her growing up. But that night, oh, that night solidified her interest. Then the howling started. 3. Shadows. Wolf shifter Derek spends his days healing other shifters and his nights dreaming about a woman who isn't real. One that returns to him nightly only to leave him by morning with the knowledge that she isn't real. Ivy can't stop running. The moment she does, they'll catch up to her. Moving is key. Pain is a part of her every day life. Pain means she's still alive. Alive and able to fight back. She's forgotten how long she's been running. This time. A day. Two. Three. She's losing count. She'd been born with a gift that had skipped the last few generations of her family. Her magic allowed her to travel into the dreams of others, create places such as this one, but she could also get inside a person's head when they weren't sleeping. Mess with their thoughts. Cause them pain. Cause them to go mad. Derek knows she's not real. She can't be. Yet she is. Is he

losing it Ivy has doubts Had she reached out to a real person and gotten inside his head She couldn't have Could she 4
