Spot of Bother Mark Haddon, 2009-09-17 George Hall is an unobtrusive man A little distant perhaps a little cautious not quite at ease with the emotional demands of fatherhood or of manly bonhomie The secret of contentment George felt lay in ignoring many things completely Some things in life can t be ignored however his tempestuous daughter Katie s deeply inappropriate boyfriend Ray for instance or the sudden appearance of a red circular rash on his hip At 57 George is settling down to a comfortable retirement building a shed in his garden and enjoying the freedom to be alone when he wants But then he runs into a spot of bother That red circular rash on his hip George convinces himself it s skin cancer And the deeply inappropriate Ray Katie announces he will become her second husband The planning for these frowned upon nuptials proves a great inconvenience to George s wife Jean who is carrying on a late life affair with her husband s ex colleague The Halls do

not approve of Ray for vague reasons summed up by their son Jamie's observation that Ray has strangler's hands. Jamie himself has his own problems; his tidy and pleasant life comes apart when he fails to invite his lover Tony to Katie's wedding. And Katie, a woman whose ferocious temper once led to the maiming of a carjacker, can't decide if she loves Ray or loves the wonderful way he has with her son Jacob. Unnoticed in the uproar, George quietly begins to go mad. The way these damaged people fall apart and come together as a family is the true subject of Haddon's hilarious and disturbing portrait of a dignified man trying to go insane politely. *A Spot of Bother* is Mark Haddon's unforgettable follow-up to the internationally beloved bestseller *The Curious Incident of the Dog in the Night-time*. Once again, Haddon proves a master of a story at once hilarious, poignant, dark, and profoundly human. Here, the madness literally of family life proves rich comic fodder for Haddon's crackling prose and bittersweet insights into misdirected love. *The Anatomy of Administrative Law* Joanna

Bell, 2020-05-28 Winner of the 2022 Inner Temple New Authors Book Prize. This book seeks to further our understanding of the nature of administrative law doctrine and adjudication. It has three main aims. The first is to improve understanding of administrative law's anatomy by pulling the subject apart and exploring the nature of the legal structures at play in adjudication. In doing so, the book emphasises three main ways in which administrative law's anatomy is both complex and diverse: namely, administrative law doctrine interacts with a broad array of legislative frameworks; administrative law adjudication seeks to accommodate a variety of legal values; and administrative law is concerned with legal relationships of different kinds. The second aim is to illustrate the importance of recognising the complexity and variety of administrative law's anatomy in three particular doctrinal contexts: procedural review, legitimate expectations, and standing. The third and final aim is to raise an important but under-explored question: is it plausible and useful to attempt to make sense of administrative law doctrine by reference to a singular organising concept or principle? The overarching message of the book is one of cynicism: the complexity and variety of administrative law's legal structures probably means that attempts to explain the field monistically, while they may capture important themes, will be unhelpfully reductionist. Ambitious and thought-provoking, this is an important new statement on administrative law. *The Bible, the Bullet, and the Ballot* Fabulous Moyo, 2015-03-05 This

book provides a balanced account of the role of Christians, Christian organizations, and churches in sociopolitical transformation over the bedrock of colonial and nationalist politics in the past century in Zimbabwe. The work explores the broader social and political impact of prominent African Christian clergy who were sociopolitical activists, such as Ndabaningi Sithole, Abel Muzorewa, and Canaan Banana. It also highlights the role of missionaries who contributed to the African struggle for independence, such as Ralph Edward Dodge, Donal Lamont, and Garfield Todd. The work further explores the contributions of African nationalist parties and prominent politicians with Christian roots, such as Joshua Nkomo and Robert Mugabe, in the struggle for independence and their contribution in the postcolonial era in light of their Christian heritage and the collective pre-independence nationalist ideals on nation building and national unity. **BMJ**, 1997 **Actors and Performers**
