Seeing the Lord's Glory Christopher B. Kaiser,2014 The dilemma of early Christology Kaiser observes is found in the early Christian claims to have seen the Lord and beheld his gloryexpressions that in early Judaism would have pointed unequivocally to visions of Israel's God The shift of those claims onto the figure of Jesus is usually explained either as a result of the resurrection of Jesus presumed as a historical event or on the influence of pagan polytheism Kaiser examines the phenomenon of kyriocentric visions in Second Temple Judaism asking whether such traditions are sufficient to account for the shape of early claims regarding the divinity of Christ **Instructional Media Resources** ,1985 Traditions and Encounters Jerry H. From Sin to Amazing Grace Patrick S. Cheng, 2012-03-01 Throughout the history of Christianity lesbian gay bisexual and transgender LGBT or queer people have been condemned as unrepentant sinners who are in dire need of God s saving grace As a result of this condemnation LGBT people have been subjected to great spiritual emotional and physical abuse and violence This issue takes on a particular urgency in light of the ongoing harassment and bullying of LGBT young people by their classmates Cheng argues that people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws Rather Cheng proposes a Christological model based upon the theologies of Irenaeus Bonaventure and Barth in which sin and grace are defined in terms of what God has done for us in Jesus Christ This book serves as a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the context of the 21st century

Vermander,2023-09-05 Vermander revisits the encounter between Chinese and Western philosophy while unfolding questions about the way comparative philosophy is conducted today In the vulgate of intellectual history Western thought has constructed a substantialist view of reality that puts relations and processes into a subordinate position The same view explains for the primacy given to the autonomy of individual beings In contrast according to the same vulgate Chinese thought has been stressing the fluidity of all phenomena and forms of life to best adapt to their overarching patterns The critique of these representations is a preliminary for tackling the following question in today s context what style of cross cultural philosophical engagement should be imagined and fostered Cross cultural philosophical dialogue is indeed indispensable to the revival of philosophies that could be both local and genuinely dialogic The first two chapters focus upon the dominant model propounded by Western sinologists when it comes to comparing the Western philosophical tradition with the Chinese one The third chapter shifts to Chinese narratives about local comparative and global philosophies notably assessing its self positioning vis vis Western authors topics and concepts Chapter 4 offers a general reading of ancient Chinese classics alternative to the one that presently dominates the landscape described in Chapters 1 to 3 Chapter 5 harnesses the results and insights already gathered offering a blueprint as to the way to positively draw upon different philosophical traditions to engage common questions and pursue shared endeavors A last chapter presents four cases of ongoing transcultural philosophical dialogues and the promises they bear while the conclusion recapitulates the journey and opens further perspectives Once it develops outside pre formatted narratives the web shaped by our philosophies and wisdoms suggests the outlines of a world that we could inhabit together **Global Perspectives on Prostitution and Sex**
