Baby Brother's Blues Pearl Cleage,2007-02-27 When Regina Burns married Blue Hamilton she knew he was no ordinary man A charismatic R B singer who gave up his career to assume responsibility for the safety of Atlanta s West End community Blue had created an African American urban oasis where crime and violence were virtually nonexistent In the beginning Regina enjoyed a circle of engaging friends and her own work as a freelance communications consultant Most of

all she relished the company of her husband who never ceased to be a source of passion and delight Then everything changed More and more frightened women were showing up in West End seeking Blue s protection from lovers who had suddenly become violent When the worst offenders begin to disappear without a trace the signs all of them grim seem to point toward Blue and his longtime associate Joseph General Richardson Now that Regina is pregnant her fear for Blue s safety has become an obsession that threatens the very heart of their relationship At the same time Regina s friend Aretha Hargrove is desperately trying to redefine her own marriage Aretha s husband Kwame is lobbying for them to leave West End and move to midtown Aretha resists at first but finally agrees in an effort to rekindle the flame that first brought them together Regina and Aretha have no way of knowing that what they regard as their private struggles will soon become very public When Baby Brother a charming con man insinuates himself into the community it becomes clear that there is more to his handsome facade than meets the eye He carries the seeds of change that will affect both women in profound and startling ways Returning to the vividly rendered Atlanta district of her last two novels New York Times bestselling author Pearl Cleage brilliantly weaves the threads of her characters intersecting lives into a story of family friendship and of course love Baby Brother s Blues is full of wit and warmth illumination the core of every woman s hopes and dreams *Dwell* ,2004-04 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines **Kiplinger's Personal Finance** ,2002 *Climatological Data, Pennsylvania* United States.
