Vat And Retailing:

VAT and Retailing Jim Wilkinson, Alex Millar, 2019-07-19 An understanding of Value Added Tax VAT is essential for any type of business Retailers and their advisers need to be familiar with the particular rules which apply to their sector from the special retail schemes to the VAT treatment of vouchers and loyalty schemes mail order sales and sales outside the UK both within and outside Europe This practical guide for UK retailers and their advisers covers all the VAT aspects of retail sales It is a useful reference guide for tax lawyers accountants and in house tax managers The book provides an introduction and overview of key developments in the last few years Specific aspects include retail schemes special schemes vouchers loyalty schemes etc second hand goods sales outside the UK EU and non EU mail orders electronic sales planning pitfalls including the communication of VAT strategy to key departments e g marketing a summary of recent court decisions changes in law and their impact on VAT planning for retail

Tolley's VAT and Retailing Ian Somerville, Susan P. Lewis, 2001 This guide looks at the problems and opportunities arising out of the complex VAT provisions as they affect the retail industry The most important development in the retail market since the last edition was published is e commerce VAT is extremely important to e commerce because it is a tax that depends on the place of supply and with the new e business it is becoming increasingly difficult to define this and consequently to know who is to be taxed and how it is to be enforced

Sales Promotion Techniques and VAT in the EU Nathalie Wittock, 2019-03-14 Sales promotion techniques or SPTs are a common facet of consumer life with many companies offering price reductions bonuses or other deals in order to attract or retain customers Although VAT on advertising costs is in principle fully deductible problems frequently arise when products are supplied as part of a sales promotion This book provides the first in depth investigation of the extent to which the current VAT treatment in the EU of the various SPTs corresponds to the core properties of the VAT with particular attention to the so called neutrality principle With nuanced precision the author catalogs the SPTs commonly used in practice Then revealing serious inconsistencies among the relevant rulings of the European Court of Justice she goes on to propose specific amendments to the VAT Directive Focusing on the importance for VAT of determining the presence of an SPT she thoroughly analyzes such aspects of the VAT SPT relationship as the following What are the key considerations for effectively determining whether the supply of a benefit upon fulfillment of a certain condition by a customer constitutes an SPT or a barter To what extent are the VAT consequences of the use of SPTs compliant with the principle of neutrality What distinguishes the VAT treatment of an SPT whereby a sales promotor both finances and supplies a benefit from that of an SPT whereby a sales promotor finances but does not himself supply a benefit What legislative changes can be made in order to reach a more ideal and clear VAT treatment of SPTs in the EU Not only considering the principle of neutrality but also the other key features and principles of EU VAT The research is conducted mainly through a review of European legislation policy documents and CJEU case law and the Belgian interpretation thereof Where room is left for different interpretations some viewpoints of EU VAT in the

Netherlands and the United Kingdom as well as in the corresponding system of New Zealand are considered With the finely tuned analysis presented in this book practitioners can ensure an appropriate argumentation on the VAT treatment of SPTs with national tax authorities or before courts As the first overall study on the VAT treatment of SPTs clearly discussing the issues and legislative gaps and making concrete suggestions for future legislation it is sure to be welcomed also by academics and EU policymakers *The Effect of a Value-added Tax on Small Business* James M.
