Dr. Andrew Steers,2021-12-15 Is There Not A Cause There are many books written about the Bible except this book goes much further It traces its history to the earliest days It helps readers to clearly distinguish reliable manuscripts from unreliable ones all of which were used as a basis for giving us the Bibles of today and one which has benefitted the English speaking world as no other It therefore details how the Authorized or King James Version has influenced English cultures across the globe including religious revivals education science technology literature and everyday phrases still in use to this day This especially includes addressing the many unsubstantiated claims leveled against it and remember it has impacted our world like no modern version none of which have even come close Diminishing or even rejecting its One central character Christ Jesus is to invite confusion and or disillusionment into one s life concerning the Scriptures For those who reject Him as the only way to access Heaven via salvation is to deny themselves ultimate entry into Heaven After all He truly is the GREATEST OF ALL CAUSES Subject Guide to Books in Print ,1993 Primary Care - E-Book Terry Mahan
