While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. Want to ferment at home? Easy Fermentation is what makes foods like beer, pickles, and sauerkraut delicious and nutritious. Fermented foods are chock full of probiotics that aid in digestive and overall health. In addition, the fermentation process also has been shown to add nutrients to food, making already nutritious food even better. Fermenting For Dummies provides step-by-step information for cooks, homesteaders, farmers, and food lovers of any kind who want to develop a deeper understanding and appreciation for arguably the oldest form of food preservation. Fermenting For Dummies gives you the scoop on the fermenting process, the tools and ingredients you'll need to get started, and 100 recipes for fermenting at home. So what are you waiting for? Shows you how to ferment vegetables, including slaw, style pickles, and kimchee. Covers how to ferment dairy into yogurt, kefir, cheese, and butter. Explains how to ferment fruits from lemons to tomatoes and how to serve them. Details how to ferment beverages including mead, beer, kombucha, vinegar, and more. If you're interested in preserving food using this ancient method, Fermenting For Dummies has everything you need to get started.

Cultured Food for Life Donna Schwenk, 2021-11-16 Donna Schwenk's world changed when she discovered cultured foods. After a difficult pregnancy and various health problems, she became determined to find answers to what ailed her. And in her quest, she came across the ancient art of home fermentation, a food preparation technique that supercharges everyday foods with beneficial bacteria to balance your digestive system and vitamins and minerals to enhance your overall health. This simple natural process has been used for thousands of years to create everything from drinks like kefir and kombucha to foods like kimchi and pickles. After incorporating fermented foods into her life, Donna began to experience a vitality that she had never known. And then she was hooked. She started a new life as a teacher and writer, blogging on her website culturedfoodlife.com in an effort to bring the beautiful world of fermented foods to as many people as possible. She now works with thousands of people to open the door to a world of foods that can help improve an array of health problems, including high blood pressure, diabetes, allergies, acne, hypertension, asthma, and irritable bowel syndrome. In *Cultured Food for Life*, Donna brings this same information to you and shows you that preparing and eating cultured foods is easy, fun, and delicious.
