Belén Gopegui Hayley Rabanal,2011 This book is the first major study of one of Spain s most celebrated younger novelists Bel n Gopegui whose work stands apart from other writers of her generation for its uncompromising focus on the social function of literature This book is the first major study of one of Spain s most celebrated younger novelists Bel n Gopegui whose work stands apart from other writers of her generation for its uncompromising focus on the social function of literature Gopegui s social commitments find expression in her concern for solidarity and collective projects These become more radical over time in response to a disenchantment with

the evolution of the left in Spain and to the global impact of the capitalist economic system giving rise to increasingly interventionist narrative strategies The core theme of solidarity is explored in relation to the collective experience of Spain s largely consensual democratic transition and to the apparent erosion of collective goals in post transition society Gopegui s discourse of solidarity is examined through engagement with theorists of advanced modernity including Ulrich Beck s risksociety model and various contemporary reflections on the concept of solidarity Centred on Gopegui s first four novels the study situates analysis of these within the perspective of her later works and illuminates her artistic and intellectual trajectory by drawing on an extensive array of her non fiction writings and personal interviews one of which is published here for the first time Hayley Rabanal is Lecturer in Hispanic Studies at the University of Sheffield

The Liability Maze Peter W. Huber, Robert E. Litan, 2010-12-01 With an ever increasing number of liability lawsuits are corporations electing to play it safe rather than risk the uncertainties accompanying innovation In *The Liability Maze* experts address the issues surrounding safety and innovation and present the most detailed and comprehensive study to date on the actual impact of U S liability law In recent decades it has been widely assumed that liability laws promote safety by significantly raising the price companies must pay for negligence product defects and accidents More recently others have suggested that the broad and unpredictable sweep of these laws actually deters innovation The risks of lawsuits are so great that corporations are showing more caution in product innovation than ever before The contributors focus on five sectors of the economy where the liability system appears to have had the greatest effects positive or negative the private aircraft automobile chemical and pharmaceutical industries and the medical profession They suggest that in many sectors liability law has hampered innovation In others it has stimulated safety improvements although perhaps not so much as vigilant safety regulations

Consumer Bankruptcy Law Alexander Hernandez, 2022-08-16 This practical and invaluable textbook covers the principles and practice of U S consumer bankruptcy law known as Chapter 7 and Chapter 13 for paralegals and legal studies students Consumer Bankruptcy Law provides step by step guidance on handling a bankruptcy case from client interviews to preparing and filing the bankruptcy petition as well as the issues which may arise after Featuring practical examples throughout the book ensures that you will become familiar not only with core legal concepts but also with the real life issues and pitfalls that can occur Screenshots on how to complete a bankruptcy petition are featured along with flowcharts of the processes of consumer bankruptcy law in the U S and exercises to test your knowledge at the end of each chapter Including online resources for both students and instructors to benefit from such as multiple choice questions and PowerPoints summarizing each chapter *Consumer Bankruptcy Law A Practical Guide for Students and Professionals* will be an indispensable resource for anyone engaging in this important area of legal practice
