Le développement socialement soutenable Jean-Luc Dubois, Marie-France Jarret, François-Régis Mahieu, 2020-07-23 Cet ouvrage traite des principaux concepts du développement socialement soutenable. Il est très influencé par la multiplicité des considérations éthiques qui sont apparues dans cette discipline. Il facilite la compréhension d'un champ complexe du développement et vise également à aider les professionnels sur le terrain, en particulier, une pratique prudentielle au vu d'une éthique positive telle qu'elle est observée sur le marché du développement. Le travail non rémunéré Barbara Ky, 2018-10-11

Le constat de l'importance du travail des femmes traduit un hiatus relatif à la manière dont l'analyse économique appréhende la contribution productive des femmes et l'intègre la lutte contre la pauvreté. Le travail des femmes souvent non rémunéré est largement sous-estimé dans les pays en développement. Cet ouvrage établit le lien entre l'évolution dans la pensée économique du discours sur la pauvreté, l'intégration progressive des rôles sexuels, l'analyse économique et la comptabilisation du travail non rémunéré en prenant comme cas pratique le Burkina Faso. Il propose une alternative en faveur d'un développement humain reposant sur des fondamentaux économiques soucieux d'équité. **L'émotion est ce qui nous relie** Emmanuel

Petit, 2021-10-05 L'émotion est souvent perçue comme irrationnelle, ruptive et inefficace. L'intensité de la peur, de la tristesse et du désarroi propulsée par la crise sanitaire, économique et environnementale que traverse le monde aujourd'hui a renforcé ce sentiment. Partenaire et non adversaire de la raison, l'émotion est pourtant un outil de construction essentiel d'une société plus harmonieuse et apaisée. On ne le comprend toutefois que si l'on prend en compte que l'émotion est un revêleur de notre relation au monde, autant qu'un co-construteur de cette relation. L'émotion est ce qui nous relie à autrui et à notre environnement. Rhabiller l'image souvent négative que l'on a de l'émotion implique ainsi de mieux saisir son rôle dans l'histoire humaine, dans la pratique même de la recherche ou encore au sein de l'économie de marché. **Une anthropologie économique**

François-Régis Mahieu, 2016-12-01 Cet ouvrage propose de dépasser la querelle entre économie et anthropologie et de montrer la complémentarité des deux approches pour réfléchir une nouvelle anthropologie économique. Ce qui implique une remise en cause de l'individualisme et de l'hédonisme propres aux économistes et de la reconnaissance par les anthropologues des outils économiques. Cette anthropologie économique est nouvelle car elle introduit comme sujet de l'économie la personne responsable avec ses caractéristiques, notamment la vulnérabilité et la souffrance. **Africa Renewal**, 2012 *Atlas des*

Dept.,2023-03-21 This Selected Issues paper takes stock of developments in education health and social assistance and offers
policy options in the Republic of Madagascar The quality of education in Madagascar is falling with low school completion
rates a high share of untrained teachers and declining test scores Finding fiscal space to allocate more public resources to
the education health and social protection sectors should be a key government priority The resources currently budgeted for
these sectors remain much lower than in other Sub Saharan African countries and insufficient to improve development
outcomes Madagascar made some progress in improving access to primary education and basic health services but the
quality of the education system has deteriorated significant human resource gaps remain in the health sector and the poverty
rate has increased The paper recommends that in the area of social protection identify clear and predictable funding sources
with a view to gradually scale up existing social programs while developing a national social registry to harmonize the social
response among different interventions and actors and set a strong basis to gradually increase social assistance coverage of
