The Godless Crusade Tobias Cremer,2023-03-30 Explores how right wing populists use religion as a cultural identity marker for minorities while remaining distanced from Christian values beliefs and institutions Based on interviews with key figures in the USA and Europe this book asks how religiously diverse societies can confront the rise of a secular populist and identitarian right

The New Populism Marco Revelli,2019-07-02 The word populism has come to cover all manner of sins Yet despite the prevalence of its use it is often difficult to understand what connects its various supposed expressions From Syriza to Trump and from Podemos to Brexit the electoral earthquakes of recent years have often been grouped under this term But what actually defines populism Is it an ideology a form of organisation or a mentality Marco Revelli seeks to answer this question by getting to grips with the historical dynamics of so called populist movements While in the early days of democracy populism sought to represent classes and social layers who asserted their political role for the first time in today s post democratic climate it instead expresses the grievances of those who had until recently felt that they were included Having lost their power the disinherited embrace not a political alternative to isms like liberalism or socialism but a populist mood of discontent The new populism is the formless form that protest and grievance assume in the era of financialisation in the era where the atomised masses lack voice or organisation For Revelli this new populism the child of an age in which the Left has been hollowed out and lost its capacity to offer an alternative

Fascism and Neofascism E. Weitz,A. Fenner,2016-09-27 The dramatic transformations of the the 1990s the end of the Cold War the establishment of political liberties and market economies in Eastern Europe German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism Just as quickly however right wing extremism began a surge in Europe that has not significantly abated to this day Fascism and Neofascism is a collection of essays that is distinctive in two important ways First unlike most volumes which cover either historical fascism or the recent radical right Fascism and Neofascism spans both periods Secondly this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism The editors approach is deliberately interdisciplinary even eclectic

The French National Front Harvey G Simmons,2018-03-05 Over the past few decades extreme right political parties have won increasing support throughout Europe The largest and most sophisticated of these is the French National Front Led by the charismatic Jean Marie Le Pen the Front is now the third most important political force in France after the mainstream right and the socialists This clear and comprehensive book explores the antecedents for the meteoric rise of the National Front Beginning with a political history of the extreme right from 1945 to 1995 Harvey Simmons traces links between Le Pen and French neo fascist and

extreme right organizations of the 1950s and 1960s and concludes with analyses of the Front's antisemitism, racism, organization, ideology, language, electorate and views on women. Simmons argues that the Front is not a party like any other but a major threat to French democracy. **Le Front national : à la conquête du pouvoir ?** Alexandre Dézé, 2012-02-08

La conquête du pouvoir. Tel est bien l'objectif que s'est fixé Marine Le Pen depuis qu'elle a été élue la présidente du Front national en janvier 2011. Pour y parvenir, la nouvelle leader frontiste a entrepris de diaboliser le FN et en faire un parti comme les autres. Mais le Front national a-t-il vraiment changé et surtout peut-il changer ? Pour le déterminer, il faut étudier le FN avec les outils ordinaires de la recherche en science politique et s'intéresser ses logiques de fonctionnement. Depuis sa création, l'organisation frontiste n'a jamais cessé d'osciller entre une logique électorale de participation au système politique et une logique doctrinale de rejet de ce système. Cet ouvrage montre précisément et c'est là son originalité que cette dialectique est au fondement même de la dynamique politique frontiste et qu'on ne peut saisir l'évolution actuelle du parti sans en tenir compte. En partant de cette problématique et en déroulant le fil de l'histoire du parti, il s'agit donc de porter un autre regard sur le FN, de mieux apprécier ce qu'il peut avoir de nouveau depuis que Marine Le Pen en a pris la présidence et, in fine, de mettre au jour les ressorts et les limites endogènes de sa stratégie de conquête du pouvoir. **La paix civile** Charles Millon, 1998 Ancien ministre de la Défense, député maire de Belley, élu président du Conseil régional de Rhône-Alpes avec les voix du Front national, l'auteur s'explique sur son itinéraire personnel, sur sa carrière, sa stratégie, sur ses propositions pour la droite et pour la France.

Massive Suburbanization K. Murat Güney, Roger Keil, Murat Üçözü, 2019-01-01 Providing a systematic overview of large scale housing projects. Massive Suburbanization investigates the building and rebuilding of urban peripheries on a global scale. Offering a universal inter-referencing point for research on the dynamics of massive suburbia, this book builds a new discussion pertaining to the problems of the urban periphery, urbanization and the neoliberal production of space. Conceptual and empirical chapters revisit the classic cases of large scale suburban building in Canada, the former Czechoslovakia, France, Germany and the United States and examine the new peripheral estates in China, Egypt, Israel, Morocco, the Philippines, South Africa and Turkey. The contributors examine a broad variety of cases that speak to the building or redevelopment of large scale peripheral housing estates, tower neighbourhoods, Grands Ensembles, Großwohnsiedlungen and Toplu Konut. Concerned with state and corporate policy for building suburban estates, Massive Suburbanization confronts the politics surrounding local inhabitants and their right to the suburb.
