Remembering Who We Are Zev Chafets,2015-04-21 The perfect gift for graduates thirty commencement addresses about liberty patriotism tradition and other conservative themes that are rarely heard on campus The college graduation speech has become another casualty of our age of political correctness Historically universities are supposed to be strongholds of tolerance where any idea can be discussed and tested rigorously to see if it has merit Students should benefit from free expression and diversity of opinions about current events and eternal questions alike But today certain positions are considered too controversial for the fragile ears of liberal students and for administrators who usually surrender to their demands It s no longer unusual when a U S Senator like Ted Cruz a pioneering neurosurgeon like Ben Carson a Supreme Court Justice like Antonin Scalia or a human rights advocate like Ayaan Hirsi Ali faces protests disrespectful shouting or petitions to have his or her invitation revoked Fortunately Remembering Who We Are collects the commencement wisdom of a wide range of thinkers who are willing to challenge the liberal consensus on campus Editor Zev Chafets has brought together a diverse group of speakers from many walks of life from playwright David Mamet to Ambassador Ryan Crocker from Governor Bobby Jindal to humorist PJ O Rourke

For example you ll find in these pages Do Your Best to Be Your Best by Supreme Court Justice Clarence Thomas Gridlock An American Achievement by columnist George F Will We Have Something Wonderful by novelist Marilynne Robinson The Art of the Entrepreneur by business leader Mort Zuckerman Restore and Remake Our Country by historian Victor Davis Hanson Too many students now enter the real world after being taught that patriotism is misguided that religious faith is for the foolish and that free enterprise is unfair The eloquent speeches in this collection will help them grasp the truth that America is flawed but fundamentally good that faith can have intellectual depth that capitalism is the world s greatest force for fighting poverty and much more

Seeds of Change : the Story of ACORN, America's Most Controversial Antipoverty Community Organizing Group John Atlas,2010 Seeds of Change is the definitive book on one of the most effective grassroots organizations of low income Americans Robert Kuttner *Primetime Pundits* Lynn Letukas,2014-09-04 Despite the central role of punditry in our contemporary media environment research has been slow to examine punditry on cable news Deregulation the advent of cable television and the rise of a twenty four hour news cycle have dramatically transformed the structure and content of news paving the way for political pundits to come to the forefront Cable news networks in particular have played a critical role in challenging the neutrality of traditional media through the development of opinion programs that made highly politicized and entertaining content central to their primetime coverage Over the past three decades these opinionated programs have become increasingly popular as a programming strategy for cable news producers seeking to develop novel programming to target niche audiences The pundits who pontificate on these programs have come to dominate our national political dialogue and play a significant role in setting the public agenda and influencing public opinion in the United States Punditry and pundits lie at the heart of programming and network changes that have evolved over the past thirty years *Primetime Pundits How Cable News Covers Social Issues* explores the ascent of punditry and offers new models for understanding how social issues are covered not just by pundits but also in the larger changing media landscape

Pens and Swords Marda Dunsky,2008-02-06 As world attention is renewed and refocused on the Israeli Palestinian conflict at the sixtieth anniversary of its seminal year of 1948 Marda Dunsky takes a close look at how more than two dozen major American print and broadcast outlets have reported the conflict in recent years Beginning with the failed Camp David summit of July 2000 through the waning of the second Palestinian uprising in the summer of 2004 she finds that the media omit two key contextual elements the significant impact that U S policy has had and continues to have on the trajectory of the conflict and the way international law and consensus have addressed the key issues of Israeli settlement and annexation policies and Palestinian refugees Dunsky explores how reports of the conflict routinely take on the contours of American policy and rarely challenge the premises of this Washington consensus She also examines the media s responses to allegations of biased coverage and gauges the effect that mainstream news reporting has on public opinion and U S foreign policy US Human Rights Conduct and International Legitimacy V. Keating,2014-02-05 Was the Bush administration was

successful in legitimating its preferences with habeas corpus torture and extraordinary rendition As American transforms in the post Bush era scholars have begun to assess the post 9 11 period in American foreign and domestic policy asking difficult questions regarding torture and human rights

Echo Chamber Kathleen Hall Jamieson, Joseph N. Cappella, 2008-07-22

Kathleen Hall Jamieson and Joseph Cappella two of the nation's foremost experts on politics and media offers a searching analysis of the conservative media establishment from talk radio to Fox News to the editorial page of The Wall Street Journal Echo Chamber is the first serious account of how the conservative media arose what it consists of and how it operates Jamieson and Cappella find that Limbaugh Fox News and The Wall Street Journal opinion pages create a self protective enclave for conservatives shielding them from other information sources and promoting highly negative views toward conservatism's political opponents A thoughtful and incisive study Echo Chamber offers the most authoritative and insightful account of this revolutionary phenomenon and its indelible effect on the American political landscape

The Loudest Voice in the Room Gabriel Sherman, 2017-02-14 A revelatory journey inside the world of Fox News and Roger Ailes the brash sometimes combative network head who helped fuel the rise of Donald Trump NEW YORK TIMES BESTSELLER NOW A SHOWTIME LIMITED SERIES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996 American politics and media changed forever With a remarkable level of detail and insight Vanity Fair magazine reporter Gabriel Sherman puts Ailes's unique genius on display along with the outsize personalities Bill O'Reilly Sean Hannity Megyn Kelly Sarah Palin Karl Rove Glenn Beck Mike Huckabee Gretchen Carlson Bill Shine and others who have helped Fox News play a defining role in the great social and political controversies of the past two decades From the Clinton Lewinsky scandal to the Bush Gore recount from the war in Iraq to the Tea Party attack on the Obama presidency Roger Ailes developed an unrivaled power to sway the national agenda Even more he became the indispensable figure in conservative America and the man any Republican politician with presidential aspirations had to court How did this man become the master strategist of our political landscape In revelatory detail Sherman chronicles the rise of Ailes a frail kid from an Ohio factory town who through sheer willpower the flair of a showman fierce corporate politicking and a profound understanding of the priorities of middle America built the most influential television news empire of our time Drawing on hundreds of interviews with Fox News insiders past and present Sherman documents Ailes's tactical acuity as he battled the press business rivals and countless real and perceived enemies inside and outside Fox Sherman takes us inside the morning meetings in which Ailes and other high level executives strategized Fox's presentation of the news to advance Ailes's political agenda provides behind the scenes details of Ailes's crucial role as finder and shaper of talent including his sometimes rocky relationships with Fox News stars such as O'Reilly Hannity and Carlson and probes Ailes's fraught partnership with his equally brash and mercurial boss Rupert Murdoch Roger Ailes's life is a story worthy of Citizen Kane Featuring an afterword about Ailes's epic downfall during the extraordinary 2016 election The Loudest Voice in

the Room is an extraordinary feat of reportage with a compelling human drama at its heart Reluctant Interveners Eyal Mayroz,2020 Why do we allow our governments to get away with bystanding to genocide Focusing on the relationships between citizens political elites and U S institutions in the most powerful nation in the world Reluctant Interveners offers a sobering account of the interplays between values and interests words and deeds which transformed the pledge of never again to a recurring reality of ever again *Blinking Red* Michael Allen,2013-09-30 After the September 11 attacks the 9 11 Commission argued that the United States needed a powerful leader a spymaster to forge the scattered intelligence bureaucracies into a singular enterprise to vanquish America s new enemies stateless international terrorists In the midst of the 2004 presidential election Congress and the president remade the post World War II national security infrastructure in less than five months creating the Office of the Director of National Intelligence DNI and a National Counterterrorism Center NCTC Blinking Red illuminates the complicated history of the bureaucratic efforts to reform America s national security after the intelligence failures of 9 11 and Iraq s missing weapons of mass destruction explaining how the NSC and Congress shaped the U S response to the 9 11 attacks Michael Allen asserts that the process of creating the DNI position and the NCTC is a case study in power politics and institutional reform By bringing to light the legislative transactions and political wrangling during the reform of the intelligence community Allen helps us understand why the effectiveness of these institutional changes is still in question **Politics of Fear** Manuel G. Gonzales,Richard Delgado,2015-12-03 Lucidly written widely informed and uncompromisingly honest a valuable expose Michael Parenti Documents the stunning success of a network of wealthy donors and corporations in creating and sustaining a set of think tanks legal action groups and media strategies Gary Orfield Harvard University What explains the electoral success of Republicans particularly of the ascendant neoconservatives who now dominate the Party Based on a thorough and up to date examination of the New Right over twenty five years The Politics of Fear proposes some provocative answers including globalization new technologies and a far reaching network of right wing think tanks and foundations As the authors show all have opened the doors to a new politics of fear successfully waged by the neoconservatives By manipulating insecurity the New Right has created an extraordinarily successful populist conservative movement Utilizing extensive documentation the authors argue convincingly that the fear of immigrants and racial minorities has served as the most effective tactic in the GOP arsenal while their approach also implicates gays feminists and terrorists The book explains why Americans have willingly supported a party that promises them security just as it delivers greater economic and political insecurity The authors argue that despite their striking political successes neoconservatives have delivered to voters a set of policies harmful to working Americans in the way of regressive tax measures military exploits tort reform deregulation and environmental destruction **The Limits of Legitimacy** Michael Zilis,2015-09-22 When the U S Supreme Court announces a decision reporters simplify and dramatize the complex legal issues by highlighting dissenting opinions and thus emphasizing conflict among the justices themselves

This often sensationalistic coverage fosters public controversy over specific rulings despite polls which show that Americans strongly believe in the Court's legitimacy as an institution. In *The Limits of Legitimacy* Michael A. Zilis illuminates this link between case law and public opinion. Drawing on a diverse array of sources and methods he employs case studies of eminent domain decisions, analysis of media reporting, an experiment to test how volunteers respond to media messages, and finally the natural experiment of the controversy over the Affordable Care Act, popularly known as Obamacare. Zilis finds that the media tends not to quote from majority opinions. However, the greater the division over a particular ruling among the justices themselves, the greater the likelihood that the media will criticize that ruling, characterize it as activist, and employ inflammatory rhetoric. Hethen demonstrates that the media's portrayal of a decision, as much as the substance of the decision itself, influences citizens' reactions to and acceptance of it. This meticulously constructed study and its persuasively argued conclusion advance the understanding of the media, judicial politics, political institutions, and political behavior.

American Television News: The Media Marketplace and the Public Interest Steve M. Barkin, 2016-09-16 This concise history of the news broadcasting industry will appeal to both students and general readers. Stretching from the radio days of the 1920s and 1930s and the early era of television after World War II through to the present, the book shows how commercial interests, regulatory matters, and financial considerations have long shaped the broadcasting business. The network dominance of the 1950s ushered in the new prominence of the anchorman, a distinctly American development, and gave birth to the golden age of TV broadcasting, which featured hard-hitting news and documentaries epitomized by the reports by CBS's Edward R. Murrow. Financial pressures and advertising concerns in the 1960s led the networks to veer away from their commitment to serve the public interest, and tabloid television, celebrity gossip, driven soft news, and news magazines became increasingly widespread. In the 1980s, cable news further transformed broadcasting, igniting intense competition for viewers in the media marketplace. Focusing on both national and local news, this stimulating volume examines the evolution of broadcast journalism. It also considers how new electronic technologies will affect news delivery in the 21st century and whether television news can still both serve the public interest and maintain an audience.

[The Science of Bureaucracy](#) David Demortain, 2020-01-21 How the US Environmental Protection Agency designed the governance of risk and forged its legitimacy over the course of four decades. The US Environmental Protection Agency was established in 1970 to protect the public health and environment, administering and enforcing a range of statutes and programs. Over four decades, the EPA has been a risk bureaucracy formalizing many of the methods of the scientific governance of risk, from quantitative risk assessment to risk ranking. Demortain traces the creation of these methods for the governance of risk, the controversies to which they responded, and the controversies that they aroused in turn. He discusses the professional networks in which they were conceived, how they were used, and how they served to legitimize the EPA. Demortain argues that the EPA is structurally embedded in controversy, resulting in constant reevaluation of its credibility and fueling the evolution of the knowledge and

technologies it uses to produce decisions and to create a legitimate image of how and why it acts on the environment He describes the emergence and institutionalization of the risk assessment risk management framework codified in the National Research Council's Red Book and its subsequent unraveling as the agency's mission evolved toward environmental justice ecological restoration and sustainability and as controversies over determining risk gained vigor in the 1990s Through its rise and fall at the EPA risk decision making enshrines the science of a bureaucracy that learns how to make credible decisions and to reform itself amid constant conflicts about the environment risk and its own legitimacy

Dark Genius Kerwin Swint, 2012-02-07 Roger Ailes former Republican political consultant and current president of Fox News Channel is a dominant media figure of our age His made for TV imagery and mastery of style over substance has overtaken earlier methods of reporting the news and radically refashioned our political and communications landscapes Yet no book has ever been published on this Oz like figure Dark Genius is the definitive study of Ailes and his controversial career The 1960 television encounter between Richard Nixon and John F Kennedy was the moment when slick television imagery began to take over politics Ailes a young TV producer absorbed the lessons of the new video age and put them into practice While a director on The Mike Douglas Show he met Richard Nixon who soon hired Ailes to help him conquer the fledgling medium Riding the wave of that triumph Ailes went on to aid other key Republican figures like Ronald Reagan George H W Bush and Rudy Giuliani In the 1990s Ailes was hired to run CNBC the first cable financial network bringing a talk radio sensibility to the small screen Then Rupert Murdoch hired him to implement the media mogul's vision for a different kind of cable news network Now with Murdoch whose News Corp has recently acquired the Wall Street Journal Ailes is launching the FOX News business channel in 2007 Over the span of several decades Ailes has played a key role in the growing reach of conservatism first in politics then in mass media Part history part media criticism part current events Dark Genius tracks the rise dominance and relevance of political television and how it has been used and abused by its master

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
