Accessing Post-School Studies Venicia McGhie & Madge du Preez, 2017-12-01 Accessing Post School Studies A student's GPS to successful learning makes a valuable contribution to often problematic and pertinent South African higher education issues such as student access and success student learning student support and student engagement In this regard the authors draw on the works of higher education theorists such as Kuh Tinto Marton and Sij The book is primarily a helpful resource for South African learners in school students at universities life orientation teachers as well as parents of prospective university students It will especially assist students to adapt to the university environment Prof Victor N Teise Sol Plaatje University Kimberley South Africa **Higher Education** , 2023-11-02 COVID wrought havoc on the world's economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some institutions were prepared for the required transition to online learning Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on Perils and Promises The State of Online Education Goals and Challenges of Online Learning and Innovations in the Age of COVID It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process These discussions shed light on the impact of the pandemic and the future of higher education post COVID Higher education has been forever changed and higher education as it once was may never return While many questions arise the achievements in meeting and overcoming the pandemic illustrate the

creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic The Law of South Africa ,2003 Faculty Perspectives on Vocational Training in South Africa Eunice Ivala,Chaunda Scott,2019-03-06 The Cape Peninsula University of Technology CPUT is one of four Universities of Technology established by the South African government in 2005 with a focus on vocational training This book presents faculty experiences of CPUT s innovative work integrated learning and teaching model as well as findings from practice based research being done in the institution The purpose of this volume is to be a resource for other institutions in South Africa that wish to try similar strategies as well as a to trigger a community of practice with vocationally oriented institutions outside of South Africa **Juta's Statutes of South Africa** South Africa,2004

Financing Higher Education Worldwide D. Bruce Johnstone,Pamela N. Marcucci,2010-06-07 Examines the universal phenomenon of cost sharing in higher education where financial responsibility shifts from governments and taxpayers to students and families Growing costs for education far outpace public revenue streams that once supported it Even with financial aid and scholarships defraying some of these costs students are responsible for a greater share of the cost of higher education Shows how economically diverse countries all face similar cost sharing challenges While cost sharing is both politically and ideologically debated it is imperative to implement it for the financial health of colleges and universities From publisher description **Higher Education Financing in East and Southern Africa** Pundy Pillay,2010 This nine country study of higher education financing in Africa includes three East African states Kenya Tanzania and Uganda five countries in southern Africa Botswana Lesotho Mozambique Namibia and South Africa and an Indian Ocean island state Mauritius Higher Education Financing in East and Southern Africa explores trends in financing policies paying particular attention to the nature and extent of public sector funding of higher education the growth of private financing including both household financing and the growth of private higher education institutions and the changing mix of financing instruments that these countries are developing in response to public sector financial constraints This unique collection of African country case studies draws attention to the remaining challenges around the financing of higher education in Africa but also identifies good practices lessons and common themes Universities, Employability and Human Development Melanie Walker,Samuel Fongwa,2017-01-20 The book makes a significant contribution to critical higher education studies specifically to graduate employability research and to capabilities and education research The book moves beyond the simplistic conception of alleged gaps in graduate skills and mismatches between employers and universities and instead provides an innovative multi dimensional and intersectional human capabilities conceptualisation of graduate employability The book challenges an individualised notion of employability instead locating employability issues in social and economic conditions and argues that employability choices cannot be divorced from inequality Qualitative and quantitative data from multiple case study universities in South Africa are used to explore the perceptions and experiences of diverse students lecturers support officers

and employers regarding what each university is doing or should be doing to enhance graduate economic opportunities and contribute to inclusive development The book will be highly relevant to students scholars and researchers in the fields of education and sociology particularly those with an interest in graduate employability *Universities, Inclusive Development and Social Innovation* Claes Brundenius,Bo Göransson,José Manoel Carvalho de Mello,2016-10-25 This book examines the ways in which universities can play a crucial role in inclusive development social innovation and social entrepreneurship It aims to prove the importance of inclusive development and inclusive innovation on economic growth and demonstrate the ways in which universities can be pioneers in this area through initiatives in social responsibility and social innovation For example providing access to a university education without discrimination of race gender income status or other factors would help to diminish the increasing income differentials currently being experienced in many countries especially in the developing world The research and studies included in this book provide insight into possible actions that can be taken by universities and public and private shareholders in inclusive development social innovation social entrepreneurship and overall regional economic and social development Innovation is currently considered to be the most important and dynamic factor explaining growth and development At the same time the traditional view considering innovation as having to be commercialized at any price is being challenged Lately there has been growing interest in innovation in the public sector particularly with respect to social innovations designed to reduce income inequality To address these concepts constant exchange of ideas and information between research groups became necessary UniDev Universities in Development the Evolving Role of Academic Institutions in Innovation Systems and Development is an international research group with researchers in twelve countries interested in the role of universities in development This book features the results of research performed by eleven research groups from UniDev country communities presenting in depth and comparative case studies from universities around the world including Latin America Northern and Eastern Europe and sub Saharan Africa This title will be of interest to students academics researchers and policy makers interested in the role of universities in development social innovation and social entrepreneurship Contemporary India and South Africa Sujata Patel,Tina Uys,2013-11-12 This book deals with the legacies of the Indian experiences of migration and diaspora in South Africa It highlights the social imaginaries of the migrants and citizens as they negotiate between a reconstructed notion of India and their real present and future in the country of citizenship Both South Africa and India have had a long history of group based identity movements against exploitation around caste and race intersecting with class gender language religion and region The combined history has allowed them to participate in novel ways in the global arena as regional powers The book suggests that the question of identity concerns itself with exploitation and oppression of excluded groups in both countries The authors are particularly attentive to the manner in which the two democratic states have confronted the challenges of history together with contemporary demands of inclusion and discuss the dilemmas involved in resolving them The volume

also raises questions regarding future roles especially in the fields of education and the environment It will be of interest to those in the fields of sociology political science international relations history migration and diaspora studies as well as to the general reader

Student Activism in the Global South Kurauone Masungu, 2024-09-01 This book makes an original conceptual and empirical contribution to debates on the role of student activism in enhancing social justice within education in the Global South using South Africa as a case study The book explores the development of higher education students political capabilities through student activism that is the freedom to express political ideas and engage in protests including the following key capabilities participation dialogue practical reasoning voice emotional expression contextual knowledge and physical wellbeing The author considers the possibility of enhancing justice and democracy in higher education through the formation of such student freedoms The book will be of interest to academics and researchers in student activism higher education and social justice as well as institutional staff members with knowledge of student governance members of student representative councils and higher education administrators
