WHAT MAKES US TICK

**Making sense of who we are and the
desires that drive us**

HUGH MACKAY

What Makes Us Tick The Ten Desires That Drive Us

Sang Taek Lee, Alan Galt

What Makes Us Tick The Ten Desires That Drive Us:

What Makes Us Tick? Hugh Mackay, 2013-01-08 Hugh Mackay is one of this country's most perceptive social commentators Sydney Morning Herald Insightful and engaging What Makes Us Tick helps to explain what drives us concerns us and is important to each of us from Australia's leading social researcher Hugh Mackay Dr Mackay has spent a lifetime listening to people talk about their dreams fears hopes disappointments and passions As well his bestselling books have documented the impact of the changes that have been radically reshaping our society In What Makes Us Tick he reflects on some of the things that don't change identifies ten desires that drive us all and asks Why do we talk as if we're rational but act as if we're not Why do some people always want to take control Why do we seek change yet resist it Why do we want more of the things that have failed to satisfy us His exploration of these and other issues goes to the heart of some of life's big questions In this new edition Hugh Mackay offers a postscript that delves into the many concerns that were raised by people around the country when he was first promoting What Makes Us Tick They include Why do people become workaholics How can religious people hold such irrational beliefs Why are so many people hooked on social media What about gender and generational differences Shouldn't our desire for security be on the list as well as many other issues that resonate with modern Australia He also offers more thoughts on the desire to be taken seriously the desire for my place the desire for something to believe in the desire to connect the desire to be useful Raising all these ideas this is a book that will explain us to ourselves Hugh Mackay is a psychologist social researcher and novelist and is the author of the bestselling *Advance Australia Where*

How to Find Yourself Brian S. Rosner, 2022-05-05 A Christian Answer to the Identity Angst of Our Culture In the 21st century West identity is everything Never has it been more important culturally speaking to know who you are and remain true to yourself Expressive individualism the belief that looking inward is the way to find yourself has become the primary approach to identity formation and questioning anyone's self-made self is often considered a threat or attack Prompted by his own past crisis of identity Brian Rosner challenges the status quo by arguing that while knowing yourself is of some value it cannot be the sole basis for one's identity He provides an approach to identity formation that leads to a more stable and satisfying sense of self This approach looks outward to others acknowledging that we are social beings and looks upward to God to find a self who is intimately known and loved by him How to Find Yourself equips readers from a variety of backgrounds to engage sympathetically with some of the most pressing questions of our day Challenges the Status Quo Examines and critiques expressive individualism the leading strategy for identity formation Gospel Centered Identifies an approach to identity formation in Jesus's life story and God's personal knowledge of his children Accessible Helpful for a wide audience of laypeople students and church leaders Foreword by Carl R Trueman Opens with a message from the author of *The Rise and Triumph of the Modern Self*

On the Record Laurie Oakes, 2011 On the Record is a collection of the very best of Laurie Oakes reporting over more than forty years He is a legend in the Canberra press gallery

for breaking the big stories and asking the difficult questions Some of the decisive points of the 2010 election campaign are classic examples of this Some issues haven't changed a Liberal Party Storyscaping Gaston Legorburu, Darren

McColl, 2014-01-14 How to use powerful tools to engage customers with your brand Marketers, technologists and corporate leaders are looking for ways to more effectively connect consumers with their brand Storyscapes introduces storyscaping as a way to create immersive experiences that solve the challenge of connecting brands and consumers This book describes a powerful new approach to advertising and marketing for the digital age that involves using stories to design emotional and transactional experiences for customers both online and offline Each connection inspires engagement with another so the brand becomes part of the customer's story Authors Gaston Legorburu and Darren McColl explain how marketers can identify and define the core target audience segment define your brand's purpose understand the emotional desires of your consumers and more Shows how to map how the consumer engages with the category and product service Explains how to develop an organizing idea and creative plan for an immersive storyscape experience Defines the role of marketing channels around the organizing idea Establishes how technology can be applied to the experience Learn how to measure, optimize and evolve the customer experience through the use of strong narratives that compel consumers to buy into your brand www.storyscaping.com Where Are You? John Paterson, 2019-03-20 In our postmodern world where the individual self is the

centre of the universe and God seems at best to be weak and irrelevant have you ever wondered where you are Often when I ponder what's going on in the world around me and in the relationships between me and others and then go deeper inside of myself than what is going on at the surface of my life I get a sense of something significant deep within me but it's not me so I wonder what it is Do you have that sense By the way if I am the centre of the universe where does that leave you off centre As a hydrographic surveyor in the Australian navy for nearly thirty years I often found myself in uncharted waters searching for the unknown so as to make it known What really gave me a sense of confidence was being able to know exactly where I was at all times founded on three known measuring marks each accurately fixed according to an established datum Since I am now searching in a different way yet often still in uncharted waters and at a really deep level like C. S. Lewis and others before me I want to find the something that I just know is there because I know that when I do I will know more about who I am and where I am in this life But I will need known marks and an established datum because without them I am

unreferenced You see there's more to me than you can see and I know that is true about you too If you want to go on a search for something come surveying with me Maybe this book will help you understand where you are *Known by God* Brian S.

Rosner, 2017-09-12 What does the Bible say about your sense of self In the past an individual's identity was more predictable than it is now Today personal identity is a do it yourself project Constructing a stable and satisfying sense of self is hard amidst relationship breakdowns the pace and rhetoric of modern life the rise of social media social mobility and so on Ours is a day of identity angst Who are you What defines you What makes you you In *Known by God* Rosner argues that rather than

knowing ourselves being known by God is the key to personal identity He explores three biblical angles on the question of personal identity Being made in the image of God Being known by God Being in Christ At the center of a biblical understanding of personal identity is sonship God gives us our identity as a parent who knows his child Being known by him as his child gives our fleeting lives significance provokes in us needed humility supplies cheering comfort when things go wrong and offers clear moral direction for living _____ Part of the Biblical Theology for Life series this practical and insightful book will help you ground your longing to be known and the security of your identity on the solid foundation of biblical understanding and reflection *Rough Diamonds* Paul Mitchell, 2020-08-17 *Rough Diamonds* is a selection of articles from leadership coach author and founder of the human enterprise Paul Mitchell Building on the advice in his first book *Your Leadership Diamond* and following the same 7 facet structure this compilation is for busy leaders who often don't have major chunks of time free for reading and who aren't too linear in nature Even reading one chapter a day gives a great boost Some chapters are short and sweet some are much longer Some outline specific actions or small tweaks and some just leave you to reflect **The Good Life** Hugh Mackay, 2013-05-01 No one can promise you that a life lived for others will bring you a deep sense of satisfaction but it's certain that nothing else will Hugh Mackay has spent his entire working life asking Australians about their values motivations ambitions hopes and fears Now in *The Good Life* he addresses the ultimate question What makes a life worth living His conclusion is provocative The good life is not the sum of our security wealth status postcode career success and levels of happiness The good life is one defined by our capacity for selflessness the quality of our relationships and our willingness to connect with others in a useful way Mackay examines what is known as the Golden Rule through the prisms of religion philosophy politics business and family life And he explores the numerous and often painful ways we distract ourselves from this central principle our pursuit of pleasure our attempts to perfect ourselves and our children and our conviction that we can have our lives under control Argued with all the passion and intelligence we have come to expect from one of Australia's most prolific and insightful authors *The Good Life* is a book that will start conversations ignite arguments and possibly even change the way we live our lives Shortlisted for Indie Awards Non-fiction Book of the Year 2014 Shortlisted for ABIA Awards for General Non-fiction Book of the Year 2014 **A Doubter's Guide to the Bible** John Dickson, 2015-02-03 A concise account of the whole biblical narrative and what it means as well as the beliefs and lifestyle it inspires for those observing Christianity from the outside especially those who think there are good reasons not to believe *A Doubter's Guide to the Bible* charts a biblical roadmap from the story of creation to the fulfillment of creation answering many of the most frequently asked questions along the way How can we read the creation account in Genesis in light of modern science How should Old Testament law be understood when it appears inconsistent and irrelevant Isn't the story of Jesus' birth a little far fetched What is the Gospel Why are there four accounts of the same thing and what are they really saying John Dickson provides a readable and inviting Bible primer for anyone interested in informing themselves about

the most widely read book in the history of humanity By presenting the whole of the Bible as an account of God's promise to restore humanity to Himself and humans to one another and to creation Dickson allows believers and skeptics alike to gain insight into why the Bible has been a compelling life changing and magnetic force throughout the ages and why it still matters

Change! Gabriele Bammer, 2015-07-16 Change happens all the time so why is driving particular change generally so hard Why are the outcomes often unpredictable Are some types of change easier to achieve than others Are some techniques for achieving change more effective than others How can change that is already in train be stopped or deflected Knowledge about change is fragmented and there is nowhere in the academic or practice worlds that provides comprehensive answers to these and other questions Every discipline and practice area has only a partial view and there is not even a map of those different perspectives The purpose of this book is to begin the task of developing a comprehensive approach to change by gathering a variety of viewpoints from the academic and practice worlds

Australia's 'war on terror' Discourse Kathleen Gleeson, 2016-04-08 Too often existing literature has conflated the discourses that enabled the War on Terror ignoring the contextual specificities of the states that make up the Coalition of the Willing Australia's war on terror Discourse fills this gap by providing a full and sustained critical analysis of Australian foreign policy discourse along with the theoretical synthesis for a specific model of critical discourse analysis of the subject The language of then Prime Minister Howard is the primary focus of the book but attention is also paid to the language of key ministers political opponents and other prominent actors The voices of those who challenged the dominant discourse are also considered to shed light on the ways in which discourses can be destabilised Kathleen Gleeson shows how Howard successfully invoked narratives of identity and sovereignty that resonated with his audience and promoted his reworked narrative of Australia whilst facing dissent from many actors who voiced their opposition most successfully when they capitalised on inconsistencies within the discourse

Place and Placelessness Revisited Robert Freestone, Edgar Liu, 2016-07-15 Since its publication in 1976 Ted Relph's Place and Placelessness has been an influential text in thinking about cities and city life across disciplines including human geography sociology architecture planning and urban design For four decades ideas put forward by this seminal work have continued to spark debates from the concept of placelessness itself through how it plays out in our societies to how city designers might respond to its challenge in practice Drawing on evidence from Australian British Japanese and North and South American urban settings Place and Placelessness Revisited is a collection of cutting edge empirical research and theoretical discussions of contemporary applications and interpretations of place and placelessness It takes a multi disciplinary approach including contributions from across the breadth of disciplines in the built environment architecture environmental psychology geography landscape architecture planning sociology and urban design in critically re-visiting placelessness in theory and its relevance for twenty first century contexts

Luther@500 and Beyond ATF Press, 2019-09-13 The Luther 500 anniversary may be behind us but Luther stands ahead of us in many ways The essays

in this volume by an international group of scholars begin with a contextual discussion of Luther's definitive contribution to the Wittenberg Reformation and its significance for us today. New light is shed on old issues across a range of topics. But these essays do not stay in the past. Many also engage critically with contemporary issues in Luther interpretation and a few boldly trace the trajectory of Luther's reformational theology into the future. *Following the Water* Kylie Carman-Brown, 2019-10-18

Water reflects culture. This book is a detailed analysis of hydrological change in Australia's largest inland waterway in Australia, the Gippsland Lakes in Victoria, in the first 70 years of white settlement. Following air, water is our primal need. Unlike many histories, this book looks at the entire hydrological cycle in one place rather than focusing on one bit. Deftly weaving threads from history, hydrology, and psychology into one. *Following the Water* explores not just what settlers did to the waterscape but probes their motivation for doing so. By combining unlikely elements together, such as swamp drainage, water proofing techniques, and temperance lobbying, the book reveals a web of perceptions about how water should be. With this laid clear, we can ask how different we are from our colonial forebears. *Right and Wrong* Hugh Mackay, 2011-03-01

How can you be sure you're doing the right thing? Can some actions be legally right yet morally wrong? What are the rights and wrongs of leaving a relationship? Are the rules different for sex? Is it always wrong to tell a lie? Why be good? No one pretends that making moral choices is easy. In this updated edition, which includes a new prologue on the moral minefields of power and wealth, Hugh Mackay argues that because morality is all about the way we treat each other, we make our best decisions at work, among friends, in the neighbourhood, in a marriage, or in a family when we imagine how our actions might affect the wellbeing of others. Our moral choices actually help shape the kind of society we live in, for better or worse. At a time when many of us are struggling to navigate an ever more complex world, *Right Wrong* offers you the essential tools for making confident moral choices and for deciding what's right for you and for the people around you. *The Strategic Quality Manager* Cathy Balding, 2011

Are you a quality professional working in health and aged care or other service industry who wants to design and implement quality systems that make a real positive difference to consumers? Develop your role to be more strategic and influential, create sustained change and improvement, build your credibility and expertise, play a key role in your organisation's strategic direction, increase your job satisfaction. *The Strategic Quality Manager* synthesises theory, research, and real world experience into a handbook developed specifically for those in quality management roles. As the pressure on our health and aged care services grows, so do the demands on the quality professional, and continuing to increase the quality and transparency of healthcare will require new and savvy ways of working. If you have looked for assistance within this challenging environment, you'll know that there is no shortage of material on quality management, but very little on being a quality manager. *The Strategic Quality Manager* contains theory, tips, step-by-step models, and practical examples to assist every quality professional to more easily and proactively navigate the many challenges of their roles and to enjoy the journey. *You Visited Me* Sang Taek Lee, Alan Galt, 2021-07-12

You Visited Me explores current work practices

in pastoral care supervision and spirituality and how one can experience a new type of ministry with the theory of CPE and its methods in a secular world This book is divided into three sections history framework and theology of clinical pastoral education clinical pastoral education and spiritual practice in a secular world and Anton Theophilus Boisen and clinical pastoral education from an apocalyptic aspect *Beyond Boundaries* Sang Taek Lee, Alan Galt, 2025-03-21 *Beyond Boundaries Embracing Diversity in Pastoral Education and Supervision* redefines Clinical Pastoral Education CPE for today's multicultural and multifaith world This significant collection challenges traditional notions of pastoral care by emphasizing the importance of addressing the diverse spiritual needs of contemporary populations Through insightful contributions from various authors this book invites pastoral educators and supervisors to confront the complex issues individuals face in an increasingly diverse society By moving beyond mere tolerance *Beyond Boundaries* inspires readers to cultivate confidence in embracing the life giving aspects of diverse traditions Discover fresh perspectives and practical approaches that foster a deeper understanding of multifaith and multicultural dynamics in pastoral care Whether you're a seasoned professional or new to the field this book will empower you to engage compassionately and effectively with the rich tapestry of human experience Join us in redefining pastoral education for a vibrant and inclusive future *Accidental Feminists* Jane Caro, 2019-02-05 Women over fifty five are of the generation that changed everything We didn't expect to Or intend to We weren't brought up much differently from the women who came before us and we rarely identified as feminists although almost all of us do now *Accidental Feminists* is our story It explores how the world we lived in with the pill and a regular pay cheque transformed us and how almost in spite of ourselves we revolutionised the world It is a celebration of grit adaptability energy and persistence It is also a plea for future generations to keep agitating for a better fairer world **Seventy-Four Tools for Good Living** Michael Casey, 2014-05-07 There is more in Benedict's Rule than meets the eye Based on the rules of life of John Cassian and Saint Basil Benedict invites us to go further back to the scriptural basis of all Christian and monastic living and pursue our spiritual journey by the guidance of the Gospel This book of reflections on the tools for good living is intended to be read very slowly one section at a time In addition to communicating reflections on each verse of chapter 4 Casey invites readers to continue the process of reflection for themselves apply what is written to their own lives draw on their own wisdom and insight and ultimately broaden their experience of monastic spirituality

Whispering the Techniques of Language: An Psychological Journey through **What Makes Us Tick The Ten Desires That Drive Us**

In a digitally-driven world where displays reign supreme and quick communication drowns out the subtleties of language, the profound secrets and mental nuances hidden within words often go unheard. However, nestled within the pages of **What Makes Us Tick The Ten Desires That Drive Us** a charming literary value blinking with raw thoughts, lies an extraordinary quest waiting to be undertaken. Published by a talented wordsmith, this marvelous opus invites readers on an introspective trip, lightly unraveling the veiled truths and profound influence resonating within the very material of every word. Within the psychological depths of this moving evaluation, we will embark upon a genuine exploration of the book's primary subjects, dissect their interesting writing type, and yield to the effective resonance it evokes serious within the recesses of readers' hearts.
