further in the way of explanation or confidence Come said he suddenly ceasing his familiar way of speaking doubtless divining that his companion belonged to the rich and happy let us walk along the road to warm our feet and I will tell you things which probably you have never heard of I am called Jean Victor that is all for I am a foundling and my only happy remembrance is of my earliest childhood at the Asylum The sheets were white on our little beds in the dormitory we played in a garden under large trees and a kind Sister took care of us quite young and as pale as a wax taper she died afterwards of lung trouble I was her favorite and would rather walk by her than play with the other children because she used to draw me to her side and lay her warm thin hand on my forehead But when I was twelve years old after my first communion there was nothing but poverty The managers put me as apprentice with a chair mender in Faubourg Saint Jacques That is not a trade you know it is impossible to earn one s living at it and as proof of it the greater part of the time the master was only able to engage the poor little blind boys from the Blind Asylum It was there that I began to suffer with hunger The master and mistress two old Limousins afterwards murdered were terrible misers and the bread cut in tiny pieces for each meal was kept under lock and key the rest of the time You should have seen the mistress at supper time serving the soup sighing at each ladleful she dished out The other apprentices two blind boys were less unhappy they were not given more than I but they could not see the reproachful look the wicked woman used to give me as she handed me my plate And then unfortunately I was always so terribly hungry Was it my fault do you think I served there for three years in a continual fit of hunger Three years And one can learn the work in one month But the managers could not know everything and had no suspicion that the children were abused Ah you were astonished just now when you saw me take the bread out of the mud I am used to that for I have picked up enough of it and crusts from the dust and when they were too hard and dry I would soak them all night in my basin I had windfalls sometimes such as pieces of bread nibbled at the ends which the children would take out of their baskets and throw on the sidewalks as they came from school I used to try to prow around there when I went on errands At last my time was ended at this trade by which no man can support himself Well I did many other things for I was willing enough to work I served the masons I have been shop boy floor polisher I don t know what all But pshaw to day work is lacking another time I lose my place Briefly I never have had enough to eat Heavens how often have I been crazy with hunger as I have passed the bakeries Fortunately for me at these times I have always remembered the good Sister at the Asylum who so often told me to be honest and I seemed to feel her warm little hand upon my forehead At last when I was eighteen I enlisted you know as well as I do that the trooper has only just enough Now I could almost laugh here is the siege and famine You see I did not lie when I told you just now that I have always always been hungry

**International Short Stories:**

**American** Various,2022-07-20 In the compilation International Short Stories American readers traverse the rich tapestry of American short fiction curated from an array of voices that highlight the country s literary evolution The anthology features not only the celebrated tales that have become cornerstones of American literature but also uncovers the lesser known gems

that contribute to the genre's depth. Written in an era reflective of its own norms and ideologies, the collection encapsulates a historical viewpoint providing insight into societal attitudes and cultural climate through narrative form. The varied themes within this volume speak to the universality of the human experience while being rooted distinctly in American settings and sensibilities, offering a multifaceted display of storytelling steeped in the tradition of the short story form. In assembling such a kaleidoscope of stories, the anonymous collectors and perhaps editors of *International Short Stories American* have rendered a service by widening the literary lens through which the past is examined. Although the authors' backgrounds and impetus for writing are as diverse as the stories themselves, a common thread of exploring the American ethos unites their works. These narratives, many of which were penned during times of significant social and political change, carry within them the echoes of their authors' reactions to contemporaneous events, etching the climate of bygone days into the literary canon. This anthology, loaded with both acclaimed and obscure stories, is recommended for readers seeking to delve into American history via the vehicle of literature. It offers an enriching journey for literature enthusiasts, historians, and casual readers alike who desire not just to be entertained but to understand the shifting landscape of American thought and expression. *International Short Stories American* serves as both a portal and a panorama, beckoning those who wish to witness the enduring power of the short story and its role in reflecting and shaping cultural identity.
