Coulthart,2021-08-01 An award winning journalist investigates a story largely ignored by mainstream media but right there in front of our eyes Are we not alone The moment we have an answer might have arrived Award winning investigative journalist Ross Coulthart has been intrigued by UFOs since mysterious glowing lights were reported near New Zealand's Kaikoura mountains when he was a teenager The 1978 sighting is just one of thousands since the 1940s and yet research into UFOs is still seen by many as the realm of crackpots and conspiracy theorists In 2020 however after decades of denial the US Department of Defense made the astonishing admission that strange aerial and underwater objects frequently reported and videoed by pilots and tracked by sensors are real unexplained and pose a genuine national security concern Compelled to investigate Coulthart has embarked on the most intriguing story of his career speaking to witnesses researchers scientists spies defence officials and intelligence insiders in an attempt to sift the truth from the conspiracy In the US powerful new laws and a hardening of government resolve may soon force the military and intelligence communities to reveal what they

know about alleged UFO crash retrievals and secret reverse engineering programs Bizarre sometimes mind blowing and utterly fascinating in this new edition of *In Plain Sight* Coulthart explains why there is cause for optimism that the biggest story ever might finally be about to break

**UFOs in Wartime** Mack Maloney, 2011-12-06 UFOs do exist They are found in Renaissance art on ancient coins etched on cave walls and even reported in the Bible Even more surprising is where they are documented most in times of armed conflict Accounts of hovering objects when war is imminent reach as far back as 312 A D when seen by Roman Emperor Constantine I as he led his troops to battle They supposedly aided George Washington in winning the American Revolution UFOs were also reported flying over Normandy on D Day and were dubbed foo fighters by World War II pilots In Vietnam an Air Force commander said they were plagued by UFOs Even today the reports continue to pour in as noiseless objects are seen darting over the battlegrounds of the Middle East These sightings as inconceivable as they may seem are made by high ranking officials soldiers and news reporters Why do these reports spike so drastically during wartime Could it be mistaken aircraft Or is someone or something looking in on us Includes incredible photographs of UFOs
