Extension Bulletin - Cooperative Extension Service. Michigan State University ,1981 Futures ,1990 Water Resources Planning Series ,1978 We Are Not Starving Joeva Sean Rock,2022-09-01 This critical text is a timely ethnography of how global powers local resistance and capital flows are shaping contemporary African foodways Ghana was one of the first countries targeted by a group of US donors and agribusiness corporations that funded an ambitious plan to develop genetically modified GM crops for African farmers The collective believed that GM crops would help farmers increase their yields and help spark a new Green Revolution on the continent Soon after the project began in Ghana a nationwide food sovereignty movement emerged in opposition to GM crops Today in spite of impressive efforts and investments by proponents only two GM crops remain in the pipeline Why after years of preparation millions of dollars of funding and multiple policy reforms did these megaprojects effectively come to a halt One of the first ethnographies to take on the question of GM crops in the African context *We Are Not Starving The Struggle for Food Sovereignty in Ghana* blends archival analysis interviews and participant observation with Ghanaian scientists farmers activists and officials Ultimately the text aims to illuminate why GM crops have animated the country and to highlight how their introduction has opened an opportunity to air grievances about the systematic de valuing and exploitation of African land labor and knowledge that have been centuries in the making *International Handbook of Structural Fire Engineering* Kevin LaMalva,Danny Hopkin,2021-10-12 This Handbook is focused on structural resilience in the event of fire It serves as a single point of reference for practicing structural and fire protection engineers on the topic of structural fire safety It is also stands as a key point of reference for university students engaged with structural fire engineering **European Finance** ,1929

Governing Rapid Growth in China Ravi Kanbur,Xiaobo Zhang,2009-04-15 After three decades of spectacular economic growth in China the problem is no longer how to achieve growth but how to manage its consequences and how to sustain it The most important consequence at least as far as Chinese policy makers are concerned is the rapidly growing inequality between persons between rural and urban areas and between inland and coastal regions At the same time the institutions that have brought rapid growth so far are now under stress and there is a need to reform and innovate on this front in order to sustain rapid growth and to have growth with equity The analytical literature has responded to the emerging policy problems by specifying and quantifying their magnitude understanding their nature and proposing policy approaches and solutions Policy makers have also been looking to analysts for interaction and assistance This volume brings together a collection of the best available analyses of China s problems in governing rapid growth focusing on equity and institutions Contributions include perspectives from leading policy makers who were intimately involved in the reform process and from leading academics in articles published in top peer reviewed journals **African Studies Center Newsletter** ,1982

Apollo and Vulcan Guido Guerzoni,2011-06-01 Guido Guerzoni presents the results of fifteen years of research into one of the more hotly debated topics among historians of art and of economics the history of art markets Dedicating equal attention to current thought in the fields of economics economic history and art history Guerzoni offers a broad and far reaching analysis of the Italian scene highlighting the existence of different forms of commercial interchange and diverse kinds of art markets In doing so he ranges beyond painting and sculpture to examine as well the economic drivers behind architecture decorative and sumptuary arts and performing or ephemeral events Organized by thematic areas the ethics and psychology of consumption an analysis of the demand labor markets services prices laws that cover a large chronological period from the 15th through the 17th century various geographical areas and several institution typologies this book offers an exhaustive and up to date study of an increasingly fascinating topic **While the Billy Boils** Paul Eggert,2012-12-03

Fifty two of Henry Lawson s stories and sketches that he had first published in newspapers and magazines from 1888 onwards were gathered in his collection While the Billy Boils Angus Robertson 1896 Lawson was not responsible for their ordering and he had to give ground on their texts especially on his idiosyncratic presentation of wordings that helped to breathe life into his characters and situations The present edition dismantles the fait accompli of 1896 by presenting the individual items in the chronological order of their first publication and with their original newspaper texts This will allow a new appreciation of Lawson s writing one that is attentive to his developing powers The edition also facilitates a close study of Lawson s collaboration with the producers of the collection in 1896 in particular with his copy editor Arthur W Jose and publisher George Robertson Facsimile images available online of the printer s copy that they prepared for While the Billy Boils supplement the edition s listing of the alterations that each of them made revealing the textual history of each story or sketch **Sustainable Management of Cordyceps** Jiping Sheng,Ksenia Gerasimova,2025-01-24 This book examines the

challenges of sustainably managing and conserving Cordyceps sinensis a rare species of fungus largely grown in Tibet currently on the brink of extinction As one of the most expensive commodities in the world particularly valued for its medicinal properties in China the price of Cordyceps has risen by over 900% since the 1970s This has made it a very lucrative resource for farmers many of whom are struggling to produce sufficient food to sustain themselves Naturally this has led to overharvesting and coupled with the impacts of climate change the crop itself is now at risk Rarely discussed in Western literature this book provides a novel examination of Cordyceps looking into the necessary changes needed to

sustainably manage and conserve this important crop Drawing on extensive field work conducted in Qinghai Tibet the book analyzes the supply chain identifying key issues around production and considering the role and impact of relevant stakeholders It discusses the necessary changes needed for a sustainable supply change particularly to stop long term overharvesting The book then discusses the role of policy and the institutional management of this resource in China as one of the main producers and consumers It analyzes current policy instruments and argues for a more coherent policy which is better orientated towards conservation and sustainable management rather than solely market regulation This book will be of great interest to students and scholars of natural resource management environmental conservation environmental policy and sustainable supply chain management
