Ethnographic Chicago: Considering College Students and Ethiopian & Tamilian Immigrants Missiologically ,2008 Don t be fooled by the title of this book If you are expecting another dry heap of irrelevant missiological research you are going to be sadly disappointed With flair and wit Cody C Lorance slices through the chaff of ethnographic examination to produce Ethnographic Chicago a lively and energetic missiological rumination that has major ramifications for the Southern Baptist churches as well as further afield The local denominational venture is presented complete with all its warts and sparkling insights to encourage other North American missionaries to employ similar missional reflection as well as to serve as a methodological case study to bring about growth for the Kingdom s sake Dr Robert L Gallagher Associate Professor of Intercultural Studies Wheaton College Graduate School **The Religious Dimensions of Shared Spaces** Paul D. Numrich,2023-02-28 Space sharing by groups and organizations is widespread in the United States from commercial partnerships to government and private sector joint use agreements to the use of public facilities and commons and more Drawing upon a variety of historical examples and contemporary cases The Religious Dimensions of Shared Spaces offers a focused and systematic analysis of space sharing involving religious groups or organizations All space sharing arrangements are similar in most respects so what difference does it make when religious groups or organizations are involved How do they invest meaning in the spaces they use and share including sacred space When and why do they enter into space sharing arrangements with other parties religious and or secular How do religious space sharers structure and maintain their arrangements including handling tensions that arise What can secular space sharers learn from their religious counterparts and vice versa The book also teases out when religion does not matter in space sharing even when religious groups or organizations are involved Case studies include internal congregational groups that negotiate the use of shared facilities

arrangements between congregations and external groups or organizations multifaith partnerships and shared spaces in secular venues
